BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Noise Exposure Map Notice and Receipt of Noise Compatibility Program and Request for Review

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its determination that the noise exposure maps submitted by Seattle-Tacoma International Airport under the provisions of 49 U.S.C. Sec. 47503(a) and 14 CFR part 150 are in compliance with applicable requirements. The FAA also announces that it is reviewing the proposed noise compatibility program that was submitted for Seattle-Tacoma International Airport under part 150 in conjunction with the noise exposure maps, and that this program will be approved or disapproved on or before April 26, 2002.

EFFECTIVE DATE: The effective date of the FAA's determination on the Seattle-Tacoma International Airport noise exposure maps and the start of its review of the associated noise compatibility program is October 29, 2001. The public comment period ends December 27, 2001.

FOR FURTHER INFORMATION CONTACT: Dennis Ossenkop, FAA, Airports Division, ANM-611, 1601 Lind Avenue, SW., Renton, Washington 98055-4056.

Comments on the proposed noise compatibility program should also be submitted to the above office.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA finds that the noise exposure maps for Seattle-Tacoma International Airport are in compliance with applicable requirements for part 150, effective October 29, 2001. Further, FAA is reviewing a proposed noise compatibility program for that airport which will be approved or disapproved on or before April 26, 2002. This notice also announces the availability of this program for public review and comment.

Under 49 U.S.C. 47503(a), an airport operator may submit to the FAA a noise exposure map which meets applicable regulations and which depicts noncompatible land uses as of the date of submission of such map, a description of projected aircraft operations, and the ways in which such operations will affect such map. 49 U.S.C. 47503(a)(1) requires such maps to be developed in consultation with interested and affected parties in the local community, government agencies and persons using the airport.

An airport operator who has submitted a noise exposure map that has been found by FAA to be in compliance with the requirements of Federal Aviation Regulation (FAR) part 150, promulgated pursuant to 49 U.S.C. 47503(a) may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes for the reduction of existing noncompatible uses and for the prevention of the introduction of additional noncompatible uses.

The Manager of the Airfield Line of Business for Seattle-Tacoma International Airport submitted to the FAA noise exposure maps, descriptions and other documentation which were produced during an airport Noise Compatibility Study. It was requested that the FAA review the noise exposure compatibility program under 49 U.S.C. 47504.

The FAA has completed its review of the noise exposure maps and related descriptions submitted by Seattle-Tacoma International Airport. The specific maps under consideration are Figures C40 and F1 in the submission. The FAA has determined that these maps for Seattle-Tacoma International Airport are in compliance with applicable requirements. This determination is effective on October 29, 2001. FAA's determination on an airport operator's noise exposure maps is limited to the determination that the maps were developed in accordance with the procedures contained in Appendix A of FAR part 150. Such determination does not constitute approval of the applicant's data, information or plans, or a commitment to approve a noise compatibility program or to fund the implementation of that program.

If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on noise exposure maps submitted under 49 U.S.C. 47503, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties

with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of 49 U.S.C. 47507. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under part 150 or through FAA's review of noise exposure maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the maps depicting properties on the surface rests exclusively with the airport operator which submitted those maps, or with those public agencies and planning agencies with which consultation is required under 49 U.S.C. 47503(a)(1). The FAA has relied on the certification by the airport operator, under section 150.21 of the FAR part 150, that the statutorily required consultation has been accomplished.

The FAA has formally received the noise compatibility program for Seattle-Tacoma International Airport, also effective on October 29, 2001. Preliminary review of the submitted material indicates that it conforms to the requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before April 26, 2002.

The FAA's detailed evaluation will be conducted under the provisions of 14 CFR part 150, paragraph 150.33.

The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety, create an undue burden on interstate or foreign commerce, or be reasonably consistent with obtaining the goal of reducing existing noncompatible land uses and preventing the introduction of additional noncompatible land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments, other than those properly addressed to the local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise exposure maps, the FAA's evaluation of the maps, and the proposed noise compatibility program are available for examination at the following locations:

Federal Aviation Administration, 800 Independence Avenue, SW., Room 621, Washington, DC.

Federal Aviation Administration,
Airports Division, Suite 315, 1601
Lind Avenue, SW., Renton,
Washington.

Federal Aviation Administration,
Seattle Airports District Office, 1601
Lind Avenue, SW., Suite 250, Renton,
Washington.

Seattle-Tacoma International Airport,
Noise Abatement Office, Main
Terminal, Room 6619, Mezzanine
Level, Seattle, Washington.

Questions may be directed to the
individual named above under the
heading, **FOR FURTHER INFORMATION
CONTACT**.

Issued in Renton, Washington, October 29,
2001.

Lowell H. Johnson,

*Manager, Airports Division, ANM-600,
Northwest Mountain Region.*

Federal Aviation Administration

Aging Transport Systems Rulemaking Advisory Committee Meeting

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice of public meeting.

SUMMARY: This notice announces a
public meeting of the FAA's Aging
Transport Systems Rulemaking
Advisory Committee (ATSRAC).

DATES: The FAA will hold the meeting
on January 23 and 24, 2002 from 9 a.m.
to 4 p.m. on the first day and from 8
a.m. to 3:30 p.m. on the second day.

ADDRESSES: Northwest Airlines Training
Facility, 1000 Inner Loop Road, Atlanta,
Georgia 30337.

FOR FURTHER INFORMATION CONTACT:
Shirley Stroman, Office of Rulemaking,
ARM-208, FAA, 800 Independence
Avenue, SW, Washington, DC 20591;
telephone (202) 267-7470; fax (202)
267-5075; or e-mail
shirley.stroman@faa.gov.

SUPPLEMENTARY INFORMATION: This
notice announces a meeting of the Aging
Transport Systems Rulemaking
Advisory Committee, which will be
held at the Northwest Airlines Training
Facility, 1000 Inner Loop Road, Atlanta,
Georgia 30337.

The agenda topics for the meeting will
include the following:

Day One

- Aging Affects on Engine Wiring
- Small Transport Aircraft Study Plan
- Enhanced Airworthiness Program for
Airplane Systems Update

- Research and Development Update
- Flammability Presentation
- FAA Economist Overview
- Intrusive Inspection
Recommendations Status

Day Two

- Standard Wire Practice Manual
Working Group and Enhanced
Training Program for Wire Systems
Working Group Interim Reports
- Wire System Certification
Requirements Working Group and
Enhance Maintenance Criteria for
Systems Working Group Status
Reports

Meeting attendance is open to the
public. However, space will be limited
by the size of the available meeting
room. The FAA will provide
teleconference services to individuals
who wish to participate by telephone
and who submit their requests before
January 15th. If you use the
teleconference service from within the
Washington, DC metropolitan calling
area, the call would be considered local.
However, callers from outside this
calling area will be responsible for
paying long-distance charges.

In addition to teleconferencing
services, we will provide sign and oral
interpretation, as well as a listening
device if requests are made within 7
calendar days before the meeting. You
may arrange for these services by
contacting the person listed under the
FOR FURTHER INFORMATION CONTACT
heading of this notice.

The public may present written
statements to the Committee by
providing 20 copies to the Committee's
Executive Director or by bringing the
copies to the meeting. Public statements
will only be considered if time permits.

Issued in Washington, DC on December 31,
2001.

Ida M. Klepper,

Acting Director, Office of Rulemaking.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Docket No. AB-290 (Sub-No. 213X)]

Norfolk Southern Railway Company— Abandonment Exemption—in Wise County, VA

Norfolk Southern Railway Company
(NSR) has filed a notice of exemption
under 49 CFR 1152 Subpart F—*Exempt
Abandonments* to abandon a 0.66-mile
line of railroad between mileposts LT-
0.0 and LT-0.66 at Banner, Wise

County, VA. The line traverses United
States Postal Service ZIP Code 24293.

NSR has certified that: (1) No local
traffic has moved over the line for at
least 2 years; (2) no overhead traffic has
moved over the line for at least 2 years
and overhead traffic, if there were any,
could be rerouted over other lines; (3)
no formal complaint filed by a user of
rail service on the line (or by a state or
local government entity acting on behalf
of such user) regarding cessation of
service over the line either is pending
with the Surface Transportation Board
(Board) or with any U.S. District Court
or has been decided in favor of
complainant within the 2-year period;
and (4) the requirements at 49 CFR
1105.7 (environmental reports), 49 CFR
1105.8 (historic reports), 49 CFR
1105.11 (transmittal letter), 49 CFR
1105.12 (newspaper publication), and
49 CFR 1152.50(d)(1) (notice to
governmental agencies) have been met.

As a condition to this exemption, any
employee adversely affected by the
abandonment shall be protected under
*Oregon Short Line R. Co.—
Abandonment—Goshen*, 360 I.C.C. 91
(1979). To address whether this
condition adequately protects affected
employees, a petition for partial
revocation under 49 U.S.C. 10502(d)
must be filed. Provided no formal
expression of intent to file an offer of
financial assistance (OFA) has been
received, this exemption will be
effective on February 5, 2002, unless
stayed pending reconsideration.
Petitions to stay that do not involve
environmental issues,¹ formal
expressions of intent to file an OFA
under 49 CFR 1152.27(c)(2),² and trail
use/rail banking requests under 49 CFR
1152.29 must be filed by January 14,
2002. Petitions to reopen or requests for
public use conditions under 49 CFR
1152.28 must be filed by January 24,
2002, with the Surface Transportation
Board, Office of the Secretary, Case
Control Unit, 1925 K Street, N.W.,
Washington, DC 20423-0001.

A copy of any petition filed with the
Board should be sent to NSR's
representative: James R. Paschall,
General Attorney, Norfolk Southern
Corporation, Three Commercial Place,
Norfolk, VA 23510. If the verified notice

¹ The Board will grant a stay if an informed
decision on environmental issues (whether raised
by a party or by the Board's Section of
Environmental Analysis (SEA) in its independent
investigation) cannot be made before the
exemption's effective date. *See Exemption of
Out-of-Service Rail Lines* 5 I.C.C.2d 377 (1989). Any
request for a stay should be filed as soon as possible
so that the Board may take appropriate action before
the exemption's effective date.

² Each OFA must be accompanied by a \$1000
filing fee. *See* 49 CFR 1002.2(f)(25).
