21. Generator Coalition, consisting of: Calcasieu Power, LLC; Calpine Central, L.P.; Exelon Generation Company, LLC; Mirant Americas Energy, Marketing, LP, Perryville Energy Partners, LLC, and Wrightsville Power Facility, LLC; Mississippi Delta Energy Agency, the Clarksdale Public Utilities, Commission, and the Public Service Commission of Yazoo City; Occidental Chemical Corporation, PLC II, LLC; Reliant Energy Power Generation, Inc.; TECO Power Services Corp.; Tenaska Frontier Partners, Ltd.; Williams Energy Marketing & Trading Company, Complainants, v. Entergy Services, Inc., Respondent

[Docket No. EL02-46-000]

Take notice that on January 8, 2002, The Generator Coalition, comprised of Calcasieu Power, LLC, Calpine Central, L.P., Exelon Generation Company, LLC, Mirant Americas Energy Marketing LP, Perryville Energy Partners, LLC, Wrightsville Power Facility, LLC, Mississippi Delta Energy Agency, the Clarksdale Public Utilities Commission, the Public Service Commission of Yazoo City, Occidental Chemical Corporation, PLC II, LLC, Reliant Energy Power Generation, Inc., TECO Power Services Corp., Tenaska Frontier Partners, Ltd., and Williams Energy Marketing & Trading Company, submitted a complaint against Entergy Services, Inc. ("Entergy") requesting fast track processing by the Commission.

The Generator Coalition alleges that Entergy is charging independent generating facility customers unjust, unreasonable, and unduly discriminatory rates for energy imbalances resulting from generation under deliveries by overstating its incremental cost for supplying such balancing energy in rates under its Generator Imbalance Agreement ("GIA"). The Generator Coalition also

alleges that Entergy refuses to credit non-offending generators with the penalties it collects under the GIA. Entergy is also preventing unaffiliated generators from self-supplying imbalance service or obtaining imbalance service from third parties, and thus forces generators into paying these inflated "incremental costs." Further, The Generator Coalition contends that Entergy is violating the Standards of Conduct by allowing its wholesale merchant arm, the entity that competes with independent generators in the Entergy control area, to control numerous transmission-related functions under the guise of implementing Entergy's generator imbalance agreements. Entergy has also refused to include an appropriate RTO clause in its GIA, making clear that generators may, at their discretion, properly obtain generator imbalance services from an RTO-wide generator imbalance market that may be implemented by the Commission in the future. Lastly, the Generator Coalition contends that Entergy has failed to explain or justify the criteria it utilizes when it declares a "Low-Load Event" under the GIA.

Comment Date: January 28, 2002.

Answers to the complaint shall also be filed on or before January 28, 2002.

22. Allegheny Power Service Corporation, on Behalf of Monongahela Power Company, The Potomac Edison Company, and West Penn Power Company (Allegheny Power)

[Docket No. ER02-713-000]

Take notice that on January 7, 2002, Allegheny Power Service Corporation on behalf of Monongahela Power Company, The Potomac Edison Company and West Penn Power Company (Allegheny Power), filed Service Agreement Nos. 369 and 370 to add Service Agreements with Old Dominion Electric Cooperative to Allegheny Power's Open Access Transmission Service Tariff which has been accepted for filing by the Federal Energy Regulatory Commission. The proposed effective date under the Service Agreements is January 1, 2002.

Copies of the filing have been provided to the Virginia State Corporation Commission and the West Virginia Public Service Commission.

Comment Date: January 28, 2002.

23. Wisconsin Public Service Corporation

[Docket No. ER02-714-000]

Take notice that on January 7, 2002, Wisconsin Public Service Corporation (WPSC) tendered for filing an

amendment to its February 22, 1993 Agreement with the City of Marshfield concerning the ownership and operation of combustion turbine generation. The amendment implements a revision to the capacity rating of the West Marinette Unit.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[FERC Docket Nos. CP01-22-002 and CP01-23-000; CA Clearinghouse No. 2001011020; BLM Reference No. CACA-42662]

North Baja Pipeline, LLC; Notice of Availability/Completion of the Final Environmental Impact Statement/ Report and Proposed Land Use Plan Amendment for the North Baja Pipeline Project

January 3, 2002.

The staffs of the Federal Energy Regulatory Commission (FERC or Commission), the California State Lands Commission (CSLC), and the Bureau of Land Management (BLM) have prepared a final environmental impact statement/report (EIS/EIR) and proposed land use plan amendment (plan amendment) to address natural gas pipeline facilities proposed by North Baja Pipeline, LLC (NBP).

The final EIS/EIR and proposed plan amendment was prepared as required by

the National Environmental Policy Act (NEPA), the California Environmental Quality Act, and the Federal Land Management and Policy Act. Its purpose is to inform the public and the permitting agencies about the potential adverse and beneficial environmental impacts of the proposed project and its alternatives, and recommend mitigation measures that would reduce any significant adverse impacts to the maximum extent possible and, where feasible, to a less than significant level. The FERC, the CSLC, and the BLM staffs conclude that if the project is constructed as modified and in accordance with NBP's proposed mitigation and our recommendations it would be an environmentally acceptable action.

The BLM is participating as a cooperating agency in the preparation of the final EIS/EIR and proposed plan amendment because the project would cross Federal land under the jurisdiction of the Palm Springs, El Centro, and Yuma Field Offices. The Bureau of Reclamation (BOR) is also a cooperating agency in the preparation of the document because lands administered by the BOR would be crossed by the project. The final EIS/EIR and proposed plan amendment will be used by the BLM to consider issuance of a right-of-way grant for the portion of the project on lands managed by the BLM and the BOR. The document will also be used by the BLM to consider amending the California Desert Conservation Area (CDCA) Plan (as amended), which would be necessary for pipeline construction outside of designated utility corridors, as well as amending the Yuma District Resource Management Plan (Yuma District Plan), which would be necessary for pipeline construction across the Milpitas Wash Special Management Area. The BLM proposes to adopt the final EIS/EIR and proposed plan amendment per Title 40 Code of Federal Regulations (CFR) part 1506.3 to meet its responsibilities under NEPA and its planning regulations per Title 43 CFR part 1610. The BLM Arizona and California State Directors have approved the proposed plan amendments for their respective planning areas. The BLM will present separate Records of Decision for the right-of-way grant and the plan amendment for the North Baja Pipeline Project after the issuance of the final EIS/EIR and proposed plan amendment.

The final EIS/EIR and proposed plan amendment addresses the potential environmental effects of the construction and operation of the following facilities in Arizona and California:
