

Order No. 533 issued May 8, 1991, 56 FR 23108, May 20, 1991) that all comments, recommendations, terms and conditions and prescriptions concerning the application be filed with the Commission within 60 days from the issuance date of this notice. All reply comments must be filed with the Commission within 105 days from the date of this notice.

Anyone may obtain an extension of time for these deadlines from the Commission only upon a showing of good cause or extraordinary circumstances in accordance with 18 CFR 385.2008.

All filings must (1) bear in all capital letters the title "COMMENTS," "REPLY COMMENTS," "RECOMMENDATIONS," "TERMS AND CONDITIONS," or "PRESCRIPTIONS;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person submitting the filing; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. Any of these documents must be filed by providing the original and the number of copies required by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. An additional copy must be sent to Director, Division of Environmental and Engineering Review, Office of Energy Projects, Federal Energy Regulatory Commission, at the above address. Each filing must be accompanied by proof of service on all persons listed on the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

**C.B. Spencer,**

*Acting Secretary.*

[Docket Nos. RM01-12-000 EX01-3-000]

#### Electricity Market Design & Structure; Notice of Meetings and Conferences on Electric Market Matters

January 11, 2002.

As announced in a recent Commission Meeting, the Federal Energy Regulatory Commission (FERC) is planning a series of discussions on various electric market design issues.

Our Commissioners are especially interested in the views of state Commissioners and in discussing some of these issues with them. The National Association of Regulatory Utility Commissioners (NARUC) has scheduled its winter meetings for February 10th—13th, 2002. NARUC is allowing FERC to have time during its winter meetings to hold two sessions on issues of mutual concern. NARUC is holding its meetings at the Hyatt Regency Washington Hotel, 400 New Jersey Avenue, NW., Washington DC 20001.

The following two sessions on FERC-related issues are in the Hyatt's Regency A Room:

Date: Sunday, February 10, 2002.

Time: 10 a.m.—12 p.m.

Topic: Whether all wholesale and retail transmission services should be under the same rates, terms and conditions.

Date: Monday, February 11, 2002.

Time: 4 p.m.—5:45 p.m.

Topic: Whether the Federal Energy Regulatory Commission should require RTOs to administer a regional, long-term generation capacity obligation, and if so, the form and mechanism for that obligation.

These two sessions are open to everyone. There will be no charge for those attending these two sessions only.

The Commission is also co-sponsoring a conference with the U.S. Department of Energy (DOE) to raise awareness about the potential role of demand response programs in the evolution of efficient electric market operations. A series of panel discussions will address related topics. Some conference details are as follows:

Date: Thursday, February 14, 2002.

Time: 7:30 a.m. to 8:30 a.m.—

Registration; Adjournment at 5:00 p.m.

Location: Washington DC Convention Center, 900 Ninth Street NW., Washington, DC 20001.

This conference is open to everyone, but registration and a fee (\$75 until January 31st, and \$125 thereafter) are required.

More information on the topics and presenters may be issued in a later notice.

The three sessions will be transcribed. The transcripts will be included as part of the record for the referenced proceedings and will be posted in the Commission's Records and Information Management System (RIMS) within 10 days of the events. More prompt copies of transcripts can be obtained sooner for a fee from the court reporter designated to handle the three sessions.

More information on the first two events, and procedures to register for the entire NARUC winter meetings (including information on registration, fees, and lodging) is at the following Web site: [www.naruc.org/Meetings/winter/2002/naruc\\_winter.pdf](http://www.naruc.org/Meetings/winter/2002/naruc_winter.pdf).

Registration and lodging information on the Demand Response Conference is at the following Web site: [www.ferc.gov/Electric/RTO/Mrkt-Strct-comments/rm01-12-comments.htm](http://www.ferc.gov/Electric/RTO/Mrkt-Strct-comments/rm01-12-comments.htm).

Additional questions about the program, not answered by information at these Web sites, should be directed to: Norma McOmber, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, 202-208-1015, [norma.mcomber@ferc.fed.us](mailto:norma.mcomber@ferc.fed.us).

#### Request for Comments on Potential Changes to the Upland Erosion Control, Revegetation and Maintenance Plan and the Wetland and Waterbody Construction and Mitigation Procedures

January 11, 2002.

The Office of Energy Projects (OEP) staff is in the process of reviewing the Upland Erosion Control, Revegetation and Maintenance Plan and the Wetland and Waterbody Construction and Mitigation Procedures referred to at 18 CFR 157.206(b)(3)(iv) of the Commission's regulations to see if there are appropriate modifications to be made at this time. As promised in Order 609, the staff is asking for public input on potential modifications.

This process of obtaining public input began at the Post-Certificate Environmental Compliance Seminar conducted in Houston on December 12 and 13, 2001. Additional input will be
