

2. Revise the heading of Part 70 to read as set forth above.

3. Amend §70.1 by revising the second sentence and by adding a third sentence to read as follows:

**§ 70.1 Cutoff dates and effect on enumeration and data tabulation.**

\* \* \* The Bureau of the Census enumerates respondents on the date of the decennial census as residing within the legal limits of municipalities, county subdivisions, counties, states, federal and state American Indian reservations and federal off-reservation trust land, Alaska Native Regional Corporations, Hawaiian home lands, and equivalent entities as those limits legally exist on January 1, 2000. For the tabulation and publication of data from its surveys, estimates, censuses, and other operations during the intercensal period (years 2001 through 2009), the Bureau of the Census will recognize only those boundaries legally in effect on January 1 of the survey, estimate, or census year that have been reported officially to the Bureau of the Census no later than April 1 of the same year.

4. Amend § 70.2 by revising the second sentence and by adding a third sentence to read as follows:

**§ 70.2 "Municipality and "county subdivision" defined for census purposes.**

\* \* \* A more complete description appears on pages A-13, A-14, A-18 and A-19 of Appendix A, Geographic Terms and Concepts, which appear in the Census 2000 printed reports (PHC-1, Summary Population and Housing Characteristics; PHC-2, Summary Social, Economic, and Housing Characteristics; and PHC-3, Population and Housing Unit Totals). The same text (Appendix A, Geographic Terms and Concepts) also is available online under Technical Documentation, Summary File 1, 2000 Census of Population and Housing.

5. Amend §70.3 by adding both a third and fourth sentence to read as follows:

**§ 70.3 Effect of boundary changes occurring or reported after the cutoff dates.**

\* \* \* For the tabulation and publication of data from surveys, estimates, censuses, and other operations during the intercensal period (years 2001 through 2009), the Census Bureau will not recognize changes in boundaries that become effective after January 1 of the survey, estimate, or census year. The Census Bureau will not recognize changes in boundaries occurring on or before January 1 of the survey, estimate, or census year, if reported officially to the Census Bureau after April 1 of the same year.

[Docket No. RM02-1-000]

**Standardizing Generator Interconnection Agreements and Procedures; Notice of Extension of Time**

January 16, 2002.

**AGENCY:** Federal Energy Regulatory Commission, DOE.

**ACTION:** Advance notice of proposed rulemaking; reopening of comment period.

**SUMMARY:** On October 25, 2001, the Federal Energy Regulatory Commission issued an Advance Notice of Proposed Rulemaking (ANOPR) seeking comments on a standard generator interconnection agreement and procedures that would be applicable to all public utilities that own, operate or control transmission facilities under the Federal Power Act, 66 FR 55140 (November 1, 2001). The date for filing comments is being extended at the request of various interested parties.

**DATES:** Comments on issues posed by the ANOPR published at 66 FR 55140 (November 1, 2001) shall be filed on or before February 1, 2002.

**ADDRESSES:** Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

**FOR FURTHER INFORMATION CONTACT:** Linwood A. Watson, Jr., Acting Secretary, 888 First Street, NE., Washington, DC 20426, (202) 208-0400.

**SUPPLEMENTARY INFORMATION:** On January 16, 2002, the American Public Power Association, the American Wind Energy Association, the Edison Electric Institute, the Electric Power Supply Association, the National Association of Regulatory Utility Commissioners, the National Rural Electric Cooperative Association, and the Project for Sustainable FERC Policy (collectively, Petitioners) filed a joint motion for an extension of time for the filing of comments on the issues posed by the Commission's Advance Notice of Proposed Rulemaking (ANOPR), as directed by the Notice issued by the

Commission on December 14, 2001, in the above-docketed proceeding.

In its motion, Petitioners state that due to the voluminous nature of the documents involved in this proceeding to date, additional time is needed for industry personnel to prepare and file comments. The motion also states that an extension will not unduly delay the Commission's process and will lead to more thoughtful and well-developed comments in the effort to enhance the ANOPR process.

Upon consideration, notice is hereby given that an extension of time for the filing of comments on issues posed by the ANOPR is granted to and including February 1, 2002.
