

**SMALL BUSINESS ADMINISTRATION**

**[Declaration of Disaster #3390]**

**State of Texas**

Travis County and the contiguous Counties of Bastrop, Blanco, Burnet, Caldwell, Hays, and Williamson in the State of Texas constitute a disaster area as a result of damages caused by severe storms, flooding, and tornadoes that occurred November 15 through 18, 2001. Applications for loans for physical damage as a result of this disaster may be filed until the close of business on March 18, 2002, and for economic injury until the close of business on October 17, 2002, at the address listed below or other locally announced locations:

U.S. Small Business Administration,  
Disaster Area 3 Office, 4400 Amon  
Carter Blvd., Suite 102, Ft. Worth, TX  
76155.

The interest rates are:

	Percent
For Physical Damage:	
Homeowners With Credit Available Elsewhere .....	6.500
Homeowners Without Credit Available Elsewhere .....	3.250
Businesses With Credit Available Elsewhere .....	8.000
Businesses and Non-profit Organizations Without Credit Available Elsewhere .....	4.000
Others (Including Non-profit Organizations) With Credit Available Elsewhere .....	6.375
For Economic Injury: Businesses and Small Agricultural Cooperatives Without Credit Available Elsewhere ...	4.000

The numbers assigned to this disaster are 339011 for physical damage and 901500 for economic injury.

(Catalog of Federal Domestic Assistance Program Nos. 59002 and 59008).

Dated: January 17, 2002.

**BILLING CODE 8025-01-P**

**TENNESSEE VALLEY AUTHORITY**

**Environmental Assessment or Environmental Impact Statement—Proposed Commercial and Recreational Developments on the Muscle Shoals and Wilson Dam Reservations, Colbert and Lauderdale Counties, AL**

**AGENCY:** Tennessee Valley Authority (TVA).

**ACTION:** Notice of intent.

**SUMMARY:** This notice is provided in accordance with the Council on Environmental Quality's regulations (40 CFR parts 1500 to 1508), section 106 of the National Historic Preservation Act and its implementing regulations (36 CFR part 800), and TVA's procedures implementing the National Environmental Policy Act. TVA will prepare an Environmental Assessment (EA) or an Environmental Impact Statement (EIS) on alternatives for commercial and recreational development requested by local governments in the jurisdictions surrounding TVA property in the Shoals area of northwestern Alabama (Colbert County, city of Florence, Lauderdale County, city of Muscle Shoals, city of Sheffield, and city of Tusculumbia). The local governments have requested that TVA make available 263 hectares (650 acres) of federal property on the Muscle Shoals Reservation and 6 ha (15 acres) of federal property on the Wilson Dam Reservation for their use in constructing a hotel, conference center, and golf course development. The project would be funded by the Retirement System of Alabama (RSA), a state agency, and the local governments.

**DATES:** Comments on the scope of the environmental review must be received on or before February 25, 2002.

**ADDRESSES:** Written comments should be sent to Jon M. Loney, Manager, NEPA Administration, Environmental Policy and Planning, Tennessee Valley Authority, 400 West Summit Hill Drive, Knoxville, Tennessee 37902-1499.

**FOR FURTHER INFORMATION CONTACT:** Harold M. Draper, NEPA Specialist, Environmental Policy and Planning, Tennessee Valley Authority, 400 West Summit Hill Drive, WT 8C, Knoxville, Tennessee 37902-1499; telephone (865) 632-6889 or e-mail [hmdraper@tva.gov](mailto:hmdraper@tva.gov).

**SUPPLEMENTARY INFORMATION:** TVA acquired control of the Muscle Shoals and Wilson Dam reservation properties, consisting of about 1229 hectares (3036 acres), from the U.S. War Department in 1933. During the past few years, TVA has received a variety of proposals for

development and use of the two reservation properties by nonfederal entities. Local governments have been interested in promoting regional economic development and have provided TVA with several concepts for evaluation. In 1996, TVA prepared a land plan to identify portions of the two reservations that could be made available to non-federal entities for development. The land plan contemplated that TVA would reserve the majority of the property for the agency's own use, but would make available limited property for regional development. TVA subsequently made available a site for construction of a chamber of commerce headquarters for the region on the Wilson Dam Reservation, and a site for commercial development at the junction of two major streets on the Muscle Shoals Reservation.

In 2001, responding to a local government request to invest in the Shoals region, RSA proposed to partially fund construction of a first class hotel, conference center, and 36-hole golf course, as part of an Alabama tourism development effort called the Robert Trent Jones Golf Trail. The hotel, conference center, and golf course would be constructed on TVA land. In addition, an existing city park, known as Florence Veterans Park and now used for a campground and for dispersed day uses, would be converted to a zoo, water theme park, marina, and other improvements. Under the terms of the easement to the City of Florence for the Florence Veterans Park, TVA approval also would be needed for the Veterans Park improvements. Finally, a "river heritage trail" would be developed on the north side of the Tennessee River. Because TVA has received a unified request from the local governments and the request supports regional development goals, TVA has decided to evaluate the Shoals proposal in more detail. Although detailed concept plans have not yet been presented to TVA, the agency is providing early notice of the proposal to facilitate the identification of issues to be addressed and the development of alternatives to be assessed in the environmental review. The alternatives to be analyzed have not been developed at this time, but at a minimum involve no action, full or partial development of the 665 acres specifically requested by the local governments, and other potential sites. The property proposed for the golf course is now available to the public for dispersed recreational use, including foot and bicycle trails and a picnic area. The property proposed for the hotel and
