2. *Sponsor:* Federal Energy Regulatory Commission.

3. *Control No.:* OMB No. 1902-0021. The Commission is now requesting that OMB approve a three-year extension of the current expiration date, with proposed changes to the existing collection. Under the FPA the Commission may prescribe a system of accounts for jurisdictional companies, and after notice and hearing, may determine the accounts in which particular outlays and receipts will be entered, charged or credited. The FERC Form 1 is designed to collect financial information from privately owned electric utilities and licensees who have generation, transmission, distribution and sales of electric energy, however produced throughout the United States and its possessions, subject to the Commission's jurisdiction.
