

By becoming a commentor, your concerns will be addressed in the EA and considered by the Commission. You should focus on the potential environmental effects of the proposal, alternatives to the proposal (including alternative routes), and measures to avoid or lessen environmental impact. The more specific your comments, the more useful they will be. Please carefully follow these instructions to ensure that your comments are received in time and properly recorded:

- Send an original and two copies of your letter to: Linwood A. Watson, Jr., Acting Secretary, Federal Energy Regulatory Commission, 888 First St., NE., Room 1A, Washington, DC 20426.
- Label one copy of the comments for the attention of the Gas 1, PJ-11.1.
- Reference Docket No. CP02-57-000.
- Mail your comments so that they will be received in Washington, DC on or before February 25, 2002.

Comments may also be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link and the link to the User's Guide. Before you can file comments you will need to create an account which can be created by clicking on "Login to File" and then "New User Account." Due to current events, we cannot guarantee that we will receive mail on a timely basis from the U.S. Postal Service, and we do not know how long this situation will continue. However, we continue to receive filings from private mail delivery services, including messenger services, in a reliable manner. The Commission encourages electronic filing of any comments or interventions or protests to this proceeding. We will include all comments that we receive within a reasonable time frame in our environmental analysis of this project.

If you do not want to send comments at this time but still want to remain on our mailing list, please return the Information Request (appendix 3). If you do not return the Information Request, you will be taken off the mailing list.

Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an official party to the proceeding known as an "intervenor". Intervenor status play a more formal role in the process. Among other things, intervenors have the right to receive copies of case-related Commission documents and filings by other intervenors. Likewise, each intervenor must provide 14 copies of its filings to

the Secretary of the Commission and must send a copy of its filings to all other parties on the Commission's service list for this proceeding. If you want to become an intervenor you must file a motion to intervene according to rule 214 of the Commission's rules of practice and procedure (18 CFR 385.214) (see appendix 2).⁴ Only intervenors have the right to seek rehearing of the Commission's decision.

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your environmental comments considered.

Additional information about the proposed project is available from the Commission's Office of External Affairs at (202) 208-1088 or on the FERC Web site (www.ferc.gov) using the "RIMS" link to information in this docket number. Click on the "RIMS" link, select "Docket #" from the RIMS Menu, and follow the instructions. For assistance with access to RIMS, the RIMS helpline can be reached at (202) 208-2222.

Similarly, the "CIPS" link on the FERC Internet Web site provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings. From the FERC Internet Web site, click on the "CIPS" link, select "Docket #" from the CIPS menu, and follow the instructions. For assistance with access to CIPS, the CIPS helpline can be reached at (202) 208-2474.

Linwood A. Watson, Jr.,
Acting Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Notice of Application for Amendment of License and Soliciting Comments, Motions To Intervene, and Protests

January 23, 2002.

Take notice that the following application has been filed with the Commission and is available for public inspection:

a. *Application Type:* Amendment of License to delete license article 404.

⁴ Interventions may also be filed electronically via the Internet in lieu of paper. See the previous discussion on filing comments electronically.

- b. *Project No:* 6939-107.
- c. *Date Filed:* December 3, 2001.
- d. *Applicant:* City of Jackson, Ohio and certain Ohio Municipalities.
- e. *Name of Project:* Belleville Hydroelectric Project.
- f. *Location:* The project is located on the Ohio River in Wood County, West Virginia.
- g. *Filed Pursuant to:* Federal Power Act, 16 USC 791 (a) 825(r) and 799 and 801.
- h. *Applicant Contact:* Marc S. Gerken, President, American Municipal Power-Ohio, Inc., 2600 Airport Drive, Columbus, Ohio 43219, (614) 337-6222.
- i. *FERC Contact:* Any questions on this notice should be addressed to Mr. Thomas LoVullo at (202) 219-1168, or e-mail address: thomas.lovullo@ferc.gov.
- j. *Deadline for filing comments, motions to intervene and protest:* February 24, 2002.

All documents (an original and eight copies) should be filed with: Linwood A. Watson, Jr., Acting Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. Please include the project number (P-6939-107) on any comments or motions filed.

k. *Description of Request:* The City of Jackson requests that the remaining prospective requirements of license article 404, in particular the performance of a fish mortality study and the possible provision of compensatory mitigation, be deleted from the license. The City of Jackson stated that it submitted its request due to significantly changed circumstances including the non-construction of numerous projects in the Upper Ohio River Basin, and a substantial change in the Federal Energy Regulatory Commission's policy regarding fish studies and compensation since the license was issued in 1989.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE, Room 2A, Washington, DC 20426, or by calling (202) 208-1371. This filing may also be viewed on the Web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). A copy is also available for inspection and reproduction at the address in item (h) above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene*—Anyone may submit comments, a protest, or a motion to

intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS", "RECOMMENDATIONS FOR TERMS AND CONDITIONS", "PROTEST", OR "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

p. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

q. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7135-2]

Agency Information Collection Activities: Proposed Collection; Comment Request; Nonconformance Penalties for Heavy-Duty Engines and Heavy-Duty Vehicles, Including Light-Duty Trucks

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C.

3501 *et seq.*), this document announces that EPA is planning to submit the following proposed Information Collection Request (ICR) to the Office of Management and Budget (OMB): Nonconformance Penalties for Heavy-Duty Engines and Heavy-Duty Vehicles, Including Light-Duty Trucks, ICR 1285.05, OMB Control Number 2060-0132, expired 5/31/1997, reinstatement. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before April 1, 2002.

ADDRESSES: Office of Transportation and Air Quality, Certification and Compliance Division, Engine Programs Group, 1200 Pennsylvania Avenue, NW., Mail Code 6403J, Washington, DC 20460. Interested persons may request a copy of the ICR without charge from the contact person below.

FOR FURTHER INFORMATION CONTACT: Anthony Erb, tel.: (202) 564-9259; fax: (202) 565-2057; or e-mail: erb.anthony@epa.gov.

SUPPLEMENTARY INFORMATION:

Affected entities: Entities potentially affected by this action are those which manufacture heavy-duty engines and vehicles including light-duty trucks.

Title: Nonconformance Penalties for Heavy-Duty Engines and Heavy-Duty Vehicles, Including Light-Duty Trucks; OMB Control No. 2060-0132; EPA ICR No. 1285.05, expired 5/31/1997, reinstatement.

Abstract: Section 206(g) of the Act as amended in 1990 contains the nonconformance penalty (NCP) provisions. It requires tests of production engines and vehicles to determine the extent of their nonconformity. Nonconformance penalties allow a manufacturer to introduce into commerce heavy-duty engines or vehicles including light-duty trucks, which fail to conform with certain emission standards upon payment of a monetary penalty. A manufacturer that elects to pay a nonconformance penalty must perform a Production Compliance Audit (PCA). The collection activities of the nonconformance penalty program include periodic reports and other information (including the results of emission testing conducted during the PCA) which the manufacturer will create and submit to the Certification and Compliance Division (CCD), Office of Transportation and Air Quality (OTAQ), Office of Air and Radiation (OAR). CCD will use this information to ensure that manufacturers are

complying with the regulations and that appropriate nonconformance penalties are being paid. Responses to this collection are voluntary based on the fact that participation in the nonconformance penalty program is an option that is available to manufacturers. Once a manufacturer opts to participate, specific regulatory requirements must be fulfilled in order to obtain a benefit under the NCP. Confidentiality of proprietary information is granted in accordance with the Freedom of Information Act, EPA regulations at 40 CFR part 2, and class determinations issued by EPA's Office of General Counsel. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden Statement:

Respondents/Affected Entities: Engine manufacturers.

Estimated Number of Respondents: 6.

Frequency of Response: 49.

Estimated Total Annual Hour Burden: 920 hours.

Estimated Total Annualized Capital, O&M Cost Burden: \$2400. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the
