

No comments or objections have been received. DEA has considered the factors in Title 21, United States Code, Section 823(a) and determined that the registration of National Center for Natural Products Research-NIDA MProject to manufacture the listed controlled substances is consistent with the public interest at this time. DEA has investigated National Center for Natural Products Research-NIDA MProject to ensure that the company's registration is consistent with the public interest. This investigation included inspection and testing of the company's physical security systems, verification of the company's compliance with state and local laws, and a review of the company's background and history. Therefore, pursuant to 21 U.S.C. 823 and 28 CFR 0.100 and 0.104, the Deputy Assistant Administrator, Office of Diversion Control, hereby orders that the application submitted by the above firm for registration as a bulk manufacturer of the basic classes of controlled substances listed above is granted.

Dated: January 16, 2002.

Laura M. Nagel,

Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration.

No comments or objections have been received. DEA has considered the factors in Title 21, United States Code, section 823(a) and determined that the registration of Sigma-Aldrich Company is consistent with the public interest and with United States obligations under international treaties, conventions, or protocols in effect on May 1, 1971, at this time. DEA has investigated Sigma-Aldrich Company on a regular basis to ensure that the company's continued registration is consistent with the public interest. These investigations have included inspection and testing of the company's physical security systems, audits of the company's records, verification of the

company's compliance with state and local laws, and a review of the company's background and history. Therefore, pursuant to section 1008(a) of the Controlled Substances Import and Export Act and in accordance with Title 21, Code of Federal Regulations, section 1311.42, the above firm is granted registration as an importer of the basic classes of controlled substances listed above.

NUCLEAR REGULATORY COMMISSION

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: U.S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of pending NRC action to submit an information collection request to OMB and solicitation of public comment.

SUMMARY: The NRC is preparing a submittal to OMB for review of continued approval of information collections under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information Pertaining to the Requirement To Be Submitted:

1. *The title of the information collection:* 10 CFR part 81, Standard Specifications for Granting of Patent Licenses.

2. *Current OMB approval number:* 3150-0121.

3. *How often the collection is required:* Applications for license are submitted once. Other reports are submitted annually or as other events require.

4. *Who is required or asked to report:* Applicants for and holder of NRC licenses to NRC inventions.

5. *The number of annual respondents:* 0.

6. *The number of hours needed annually to complete the requirement or request:* 37 hours; however, no applications are anticipated during the next three years.

7. *Abstract:* 10 CFR part 81 establishes the standard specifications for the issuance of licenses to rights in inventions covered by patents or patent applications invested in the United States, as represented by or in the custody of the Commission and other patents in which the Commission has legal rights.

Submit, by April 1, 2002, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the burden estimate accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?

A copy of the draft supporting statement may be viewed free of charge at the NRC Public Document Room, One White Flint North, 11555 Rockville Pike, Room O-1 F23, Rockville, MD 20852. NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-335 and 50-389]

Florida Power and Light Company St. Lucie Nuclear Plant, Units 1 and 2; Notice of Acceptance for Docketing of the Application and Notice of Opportunity for a Hearing Regarding Renewal of Facility Operating License Nos. DPR-67 and NPF-16 for an Additional 20-Year Period

The U.S. Nuclear Regulatory Commission (NRC or Commission) is considering an application for the renewal of Operating License Nos. DPR-67 and NPF-16, which authorize Florida Power and Light Company to operate St. Lucie Nuclear Plant, Units 1 and 2, at 2700 megawatts thermal. The renewed license would authorize the applicant to operate St. Lucie Unit 1 for an additional 20 years beyond the period specified in the current license. For St. Lucie Unit 2, the renewed license would authorize the applicant to operate for an additional 20 years beyond the period specified in the current license or forty years from the date of issuance of the new license, whichever occurs first. The current
