

during normal business hours (8 to 4:30) at the U.S. Fish and Wildlife Service, Austin, Texas. Written data or comments concerning the application and EA/HCP should be submitted to the Supervisor, U.S. Fish and Wildlife Service, Austin, Texas, at the above address. Please refer to permit number TE-051538-0 when submitting comments.

FOR FURTHER INFORMATION CONTACT: Clayton Napier at the above U.S. Fish and Wildlife Service, Austin Office.

SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the "taking" of endangered species such as the Houston toad. However, the Fish and Wildlife Service (Service), under limited circumstances, may issue permits to take endangered wildlife species incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are at 50 CFR 17.22.

An Environmental Assessment/Habitat Conservation Plan (EA/HCP) for the incidental take application has been prepared. A determination of jeopardy to the species or a Finding of No Significant Impact (FONSI) will not be made until at least 30 days from the date of publication of this notice. This notice is provided pursuant to section 10(c) of the Act and National Environmental Policy Act regulations (40 CFR 1506.6).

Applicant: John Henneke plans to construct a single-family residence, within 5 years, on approximately 0.5 acres of a 77.44-acre property on Thames Lane, Bastrop County, Texas. This action will eliminate 0.5 acre or less of Houston toad habitat and result in indirect impacts within the lot. The Applicant proposes to compensate for this incidental take of the Houston toad by providing \$2,000.00 to the Houston Toad Conservation Fund at the National Fish and Wildlife Foundation for the specific purpose of land acquisition and management within Houston toad habitat.

Stuart Leon,

Acting Regional Director, Region 2.

BILLING CODE 4510-55-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Receipt of a Permit Application (Biggsby) for Incidental Take of the Houston Toad

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: Robert and Terri Biggsby (Applicants) have applied for an incidental take permit (TE-051530-0) pursuant to section 10(a) of the Endangered Species Act (Act). The requested permit would authorize the incidental take of the endangered Houston toad. The proposed take would occur as a result of the construction and occupation of two single-family residences on separate 0.5 acre homesites on a 5.7-acre property on Hoffman Road, Bastrop County, Texas.

DATES: Written comments on the application should be received on or before March 7, 2002.

ADDRESSES: Persons wishing to review the application may obtain a copy by writing to the Regional Director, U.S. Fish and Wildlife Service, P.O. Box 1306, Room 4102, Albuquerque, New Mexico 87103. Persons wishing to review the EA/HCP may obtain a copy by contacting Clayton Napier, U.S. Fish and Wildlife Service, 10711 Burnet Road, Suite 200, Austin, Texas 78758 (512/490-0057). Documents will be available for public inspection by written request, by appointment only, during normal business hours (8 to 4:30) at the U.S. Fish and Wildlife Service, Austin, Texas. Written data or comments concerning the application and EA/HCP should be submitted to the Supervisor, U.S. Fish and Wildlife Service, Austin, Texas, at the above address. Please refer to permit number TE-051530-0 when submitting comments.

FOR FURTHER INFORMATION CONTACT: Clayton Napier at the above U.S. Fish and Wildlife Service, Austin Office.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[NV-050-02-5101-ER-F323; NVN66472, NVN73726, N-66150, N-61191]

Availability for the Table Mountain Wind Generating Facility

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability to (1) announce the 60 day public review period for the Table Mountain Wind Generating Facility (WGF) Draft Environmental Impact Statement (DEIS); (2) announce the locations, dates, and times of the scheduled public meetings for formal public comments; and (3) announce locations where reading copies of the DEIS will be made available.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969, a DEIS has been prepared by the Bureau of Land Management (BLM), Las Vegas Field Office for the Table Mountain WGF. The DEIS was prepared to analyze the impacts of issuing rights-of-way for arrays of wind turbines and ancillary facilities located on public lands administered by the BLM.

DATES: The DEIS will be made available to the public on February 1, 2002. Copies of the DEIS will be mailed to individuals, agencies, or companies who previously requested copies.

Written comments on the DEIS must be postmarked or otherwise delivered by 4:30 p.m. 60 days following the date the Environmental Protection Agency (EPA) publishes the Notice of Availability and filing of the DEIS in the **Federal Register**. The EPA Notice of Availability is expected to be published on or about February 1, 2002. Written

comments on the document should be addressed to Mark Morse, Field Manager, Bureau of Land Management, Las Vegas Field Office, 4701 Torrey Pines Drive, Las Vegas, NV 89130-2301. Oral and/or written comments may also be presented at three scheduled public meetings to be held at the following locations:

- Tuesday, February 26, 2002 from 7 p.m. to 9 p.m.; Community Center, West Quartz Avenue, Sandy Valley, Nevada
- Wednesday, February 27, 2002 at 7 p.m. to 9 p.m.; Community Center, 375 West San Pedro Avenue, Goodsprings, Nevada
- Thursday, February 28, 2002 at 7 p.m. to 9 p.m.; Clark County Government Center, Room QDC #3, 500 Grand Central Parkway, Las Vegas, Nevada

ADDRESSES: Public reading copies of the DEIS will be available for reading at public libraries located at the following addresses:

- 650 West Quartz Avenue, Sandy Valley, NV
- 365 West San Pedro, Goodsprings, NV
- 4280 South Jones Blvd., Las Vegas, NV

A limited number of copies of the document will be available at the following BLM offices:

- Bureau of Land Management, Nevada State Office, 1340 Financial Blvd., Reno, NV
- Bureau of Land Management, Las Vegas Field Office, 4701 Torrey Pines Drive, Las Vegas, NV

Individual respondents may request confidentiality. If you wish to withhold your name or street address from public review or from disclosure under the Freedom of Information Act, you must state this definitively at the beginning of your written comments. Such requests will be honored to the extent allowed by law. All submissions from organizations, businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses will be available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT: Jerry Crockford, Project Manager, Bureau of Land Management, Las Vegas Field Office, 4701 Torrey Pines Drive, Las Vegas, NV 89130-2301. Bureau of Land Management, Farmington Field Office, 1235 La Plata Highway, Suite A, Farmington, NM 87401; telephone (505) 599-6333, cellular telephone (505) 486-4299, or electronic mail jcrockfo@nm.blm.gov.

SUPPLEMENTARY INFORMATION: The DEIS addresses alternatives to resolve the

following major issues (revealed to date): Air quality, increased recreation, mining claims, birds and bats, big horn sheep, threatened or endangered species, cultural resources and traditional cultural properties, transportation, visual resources, noise, and socioeconomics.

The proposed action and alternatives can be summarized as: Proposed Action—Construct arrays containing a total of 153 wind turbine generators (WTGs) consisting of a combination of the two sizes of turbines identified in Alternatives A and B, and ancillary facilities; Alternative A—Construct arrays containing a total of 187 NEG Micon Model 900/52 WTGs and ancillary facilities; Alternative B—Construct arrays containing a total of 135 NEG Micon Model 1500 C WTGs and ancillary facilities; and Alternative C—No Action.

The proposed action is to construct, operate, and maintain a WGF producing 205-megawatts (MWs) and ancillary facilities on approximately 300 acres of public land within the Table Mountain WGF study area. The fully constructed WGF would consist of arrays containing a total of 153 WTGs. The WTGs installed would be a combination of the NEG Micon Model 900/52 (each producing 800 kilowatts) and NEG Micon 1500 C (each producing 1.5 MWs) turbines. Ancillary facilities consist of access roads, underground and overhead 34.5 kilovolt (kV) distribution lines, 230 kV electric transmission lines, an electric sub-station, a control building, and various temporary use areas. The WGF would operate 24 hours per day, 365 days a year, and produce in excess of 460 million kilowatt-hours annually. The anticipated life of the facility would be longer than 20 years. The rights-of way would be granted for 20 years with the right to renew.

Alternative A would essentially be the same as the Proposed Action but would consist of arrays containing a total of 187 NEG Micon Model 900/52 WTGs and ancillary facilities. Under Alternative A, there would be 22 percent more towers, turbines, and transformers. This would cause an increase in total of land disturbance as compared to the Proposed Action.

Alternative B would essentially be the same as the Proposed Action but would consist of arrays containing a total of 135 NEG Micon Model 1500 C WTGs and ancillary facilities. Under Alternative B, there would be 12 percent fewer towers, turbines, and transformers. This would cause a reduction in total acres of land

disturbance as compared to the Proposed Action.

Under the No Action Alternative, BLM would not issue right-of-way grants for the WGF and ancillary facilities. The WTGs, access roads, underground and overhead 34.5 kV distribution lines, 230 kV electric transmission lines, electric sub-station, control building, and various temporary use areas would not be constructed/ utilized. Wind resources at Table Mountain would remain undeveloped.

Public participation is occurring throughout the processing of this project. A Notice of Intent was filed in the **Federal Register** on December 29, 2000. Two rounds of public meetings consisting of three meetings each were held. Comments presented throughout the process have been considered.

Dated: January 24, 2002.

Charles F. Delcamp,
Acting Field Manager.

BILLING CODE 4310-HC-P

INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 701-TA-267 (Review Remand) and 731-TA-304 (Review Remand)]

Top-of-the-Stove Stainless Steel Cooking Ware From Korea

Determinations of Remand

On March 17, 2000, the Commission determined that the revocation of the countervailing and antidumping duty orders on top-of-the-stove stainless steel cooking ware from Korea would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.¹ Those determinations were appealed to the U.S. Court of International Trade.

On October 1, 2001, the Court affirmed the Commission's "domestic like product" determination and remanded the Commission's decision to cumulate subject imports from Korea and Taiwan.² On remand, the Commission again determines that revocation of the countervailing and antidumping duty orders on top-of-the-stove stainless steel cooking ware from
