Tribal Consultation on Indian Trust Asset Management

AGENCIES: Office of the Secretary, Bureau of Indian Affairs, Office of the Special Trustee for American Indians, Office of Indian Trust Transition, Interior.

ACTION: Notice of tribal consultation meeting.

SUMMARY: The Office of the Secretary, along with the Bureau of Indian Affairs, the Office of Special Trustee for American Indians, and the Office of Indian Trust Transition, will conduct an additional meeting to discuss a proposed reorganization of the Department's trust responsibility functions to improve the management of Indian trust assets. Any tribe, band, nation or individual is encouraged to attend this meeting and to submit written comments. This meeting is in addition to those identified in a prior **Federal Register** notice of December 11, 2001 (66 FR 64054).

DATES: The date and city location of the consultation meeting is as follows:

- February 14, 2002—Portland, Oregon.

ADDRESSES: The address for the consultation meeting, which will begin promptly at 9 a.m., is as follows:

- Sheraton Hotel, 8235 NE Airport Way, Portland, Oregon 97220.

FOR FURTHER INFORMATION CONTACT:

Wayne R. Smith, Deputy Assistant Secretary—Indian Affairs, 1849 C Street, NW., MS 4140 MIB, Washington, DC 20240 (202/208-7163).

SUPPLEMENTARY INFORMATION: The purpose of this meeting is to involve affected and interested parties in the process of organizing the Department's trust asset management responsibility functions. The Department has determined that there is a need for dramatic change in the management of

Indian trust assets. This need has been made apparent in several ways. An independent consultant has analyzed important components of the Department's trust reform activities and made several recommendations, including the recommendation that the Department consolidate trust functions under a single entity. Concerns have also been raised in the *Cobell v. Norton* case, which is currently pending in the Federal District Court for the District of Columbia. Internal review has also supported reorganization. Additionally, a recent report commissioned by the Department of the Interior has supported reorganization. A new office in the Department, the Office of Indian Trust Transition, has been created to plan and support reorganization. While preliminary actions have been taken by the Department, the plan for reorganization is still in the early stages of development.

Written comments may be submitted at the meeting location or may be mailed to the address indicated under the heading **FOR FURTHER INFORMATION CONTACT**. Interested persons may examine written comments during regular business hours (7:45 a.m. to 4:15 p.m. EST) as arranged by the Assistant Secretary—Indian Affairs, Washington, DC, Monday through Friday, except for Federal holidays. Commenters who wish to remain anonymous must clearly state this preference at the beginning of their written comments. The Department will honor requests for anonymity to the extent allowable by law.

This meeting supports administrative policy on tribal consultation by encouraging maximum direct participation of representatives of tribal governments, tribal organizations and other interested persons in important Departmental processes.

Dated: January 25, 2002.

J. Steven Griles,

Deputy Secretary.

SUPPLEMENTARY INFORMATION:

Title: Request to Exceed Regulatory Allowance Limitation.

OMB Control Number: 1010-0095.

Bureau Form Number: Form MMS-4393.

Abstract: The Department of the Interior (DOI) is responsible for matters relevant to mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary of the Interior (Secretary) is responsible for managing the production of minerals from Federal and Indian lands and the OCS, collecting royalties from lessees who produce minerals, and distributing the funds collected in accordance with applicable laws. The Secretary also has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. MMS performs the royalty management functions for the Secretary.

Under certain circumstances, lessees are authorized to deduct from royalty payments the reasonable actual costs of transporting the royalty portion of produced oil and gas from the lease to a processing or sales point not in the immediate lease area. When gas is processed for the recovery of gas plant products, lessees may claim a processing allowance. Transportation and processing allowances are a part of the product valuation process that MMS

uses to determine if the lessee is reporting and paying the proper royalty amount.

Regulations at 30 CFR 206.54(b)(1), 206.109(c)(1), 206.156(c)(1), and 206.177(c)(1) establish the limit on transportation allowance deductions for oil and gas at 50 percent of the value of the oil or gas at the point of sale. Regulations at 30 CFR 206.54(b)(2), 206.109(c)(2), 206.156(c)(3), and 206.177(c)(2)-(3) provide that MMS may approve a transportation allowance in excess of 50 percent upon proper application from the royalty payor.

Similar regulations at 30 CFR 206.158(c)(2) establish 66 $\frac{2}{3}$ percent of the value of each gas plant product as the limit on the allowable gas processing deduction. Regulations at 30 CFR 206.158(c)(3) provide for the approval of a gas processing allowance in excess of 66 $\frac{2}{3}$ percent when properly requested by a Federal gas royalty payor. Effective January 2000, Indian gas regulations do not contain any provisions to exceed the 66 $\frac{2}{3}$ percent processing allowance limit.

To request permission to exceed an allowance limit, royalty payors must write a letter to MMS providing the reasons why a higher allowance limit is necessary. MMS developed Form MMS-4393 to be included with the payor's request because in previous unstructured requests some necessary information was frequently omitted.

MMS is seeking approval to revise Form MMS-4393. These revisions are necessary to make Form MMS-4393 compatible with other recently revised forms such as the Form MMS-2014, Report of Sales and Royalty Remittance (OMB control number 1010-0140). These revisions are the result of a major reengineering of MMS's financial and compliance processes and the procurement of a new computer system. For example, during the reengineering process, MMS decided to eliminate the reporting of an accounting identification (AID) number and selling arrangement number on all existing forms. In their place, MMS is requiring a combination of lease and agreement numbers and sales type codes. Since the existing Form MMS-4393 contains columns for AID and selling arrangement numbers, these columns must be removed and new columns for lease and agreement numbers must be added. The revised form requires similar types of information to be provided by the payor so we do not anticipate any changes in burden hours. The revised form will become effective and replace the existing form when our new financial and compliance system is fully operational.
