

Tagil in that determination, pursuant to 19 CFR 351.224(e). See Tagil's Amended Preliminary Calculation Memorandum dated January 28, 2002.

**Amended Preliminary Determination**

As a result of our correction of the ministerial error, we have determined that the following dumping margin apply. In accordance with section 733(d)(2) of the Act, we are directing the Customs Service to suspend liquidation of all imports of subject merchandise from the Russian Federation, that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. We will instruct the Customs Service to require a cash deposit or the posting of a bond equal to the weighted-average amount as indicated in the chart below. This suspension-of-liquidation instructions will remain in effect until further notice.

Exporter/manufacturer	Weighted-average percentage margin
Tagil .....	108.37
Russia-wide rate .....	108.37

Because Tagil is the sole respondent in this investigation and the sole Russian producer or exporter with sales or shipments of subject merchandise to the United States during the POI, the recalculated margin for Tagil also applies to the Russia-wide rate. As a result of our amendment, the Russia-wide rate has also been amended, and applies to all entries of the subject merchandise except for entries from Tagil.

**International Trade Commission Notification**

In accordance with section 733(f) of the Act, we have notified the ITC of our amended preliminary determination. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of the preliminary determination or 45 days after our final determination whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports, or sales (or the likelihood of sales) for importation, of the subject merchandise.
