### Federal Energy Regulatory Commission

[Docket No. RP01-245-007]

#### Transcontinental Gas Pipe Line Corporation; Notice of Compliance Filing

January 28, 2002.

Take notice that on January 18, 2002 Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, certain revised tariff sheets which are enumerated in Appendix A attached to the filing, to be effective December 1, 2001.

Transco states that the purpose of the limited Section 4 filing is to submit revised tariff sheets and supporting workpapers in compliance with Ordering Paragraph (B) of the Commission's Order on Rehearing issued December 19, 2001 in Docket No. RP01-245, et.al. The December 19th order directed Transco to file within 30 days its issuance revised tariff sheets to be effective December 1, 2001, containing rates which have been revised to reflect the removal of the cost of the North Padre Island facilities which were abandoned and transferred by Transco pursuant to the authorizations granted in Docket Nos. CP01-34-000, et.al. Specifically, the rates and workpapers reflect a decrease in the Operation and Maintenance Expenses, overall Cost of Service, and Rate Base; and changes in the gross and net plant allocation percentages and Dt-miles used in the calculation of the rates.

Transco states that included in Appendix B attached to the filing are the workpapers supporting the cost of the North Padre Island facilities being removed from Transco's rates. Appendix C contains workpapers supporting the Dt Miles used in the

design and Appendix D contains workpapers supporting the overall cost allocation and rate design underlying the proposed rates.

Transco states that copies of the filing are being mailed to affected customers and interested State Commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with section 385.211 of the Commission's rules and regulations. All such protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

### Federal Energy Regulatory Commission

[Docket Nos. CP02-70-000, CP02-71-000 and CP02-72-000]

#### Williams Field Services—Matagorda Offshore Company, LLC; Notice of Application

January 28, 2002.

Take notice that on January 18, 2002, Williams Field Services—Matagorda Offshore Company, LLC (WFS-MOC), One Williams Center, Tulsa, Oklahoma 74172, filed in Docket Nos. CP02-70-000, CP02-71-000 and CP02-72-000, an application pursuant to section 7(c) of the Natural Gas Act (NGA) and part 157 of the Commission's Rules and Regulations for a certificate of public convenience and necessity authorizing the acquisition and operation of the jurisdictional portion of the facilities known as the Matagorda Offshore Pipeline System (MOPS) located in, and offshore of, Texas, which consist of approximately 56 miles of pipeline and

related facilities and owned by Northern Natural Gas Company. WFS-MOC also requests approval of its pro forma FERC Gas Tariff (Tariff) and its proposed initial transportation rates for firm and interruptible open-access transportation services. Additionally, WFS-MOC requests a blanket certificate of public convenience and necessity under subpart G of part 284 authorizing WFS-MOC to provide open-access transportation services under the Tariff; and a blanket certificate of public convenience and necessity under subpart F of part 157 authorizing WFS-MOC to perform certain routine construction, operation and abandonment activities, all as more fully set forth in the application which is on file with the Commission and open to public inspection. Copies of this filing are on file with the Commission and are available for public inspection. This filing may be viewed on the Web at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions (please call (202) 208-2222 for assistance).

Any questions regarding the application should be directed to Richard N. Stapler, Jr., Williams Field Services—Matagorda Offshore Company, LLC, 295 Chipeta Way, Salt Lake City, Utah 84108 at (801) 584-7068 or fax (801) 584-7862.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before February 19, 2002, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will

consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project. This preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important either to file comments or to intervene as early in the process as possible.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. *See*, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a

final Commission order approving or denying a certificate will be issued.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. RP02-79-001]

#### Williston Basin Interstate Pipeline Company; Notice of Compliance Filing

January 28, 2002.

Take notice that on January 18, 2002, Williston Basin Interstate Pipeline Company (Williston Basin), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following revised tariff sheets, with an effective date of December 26, 2001:

Tenth Revised Sheet No. 5  
Eighth Revised Sheet No. 6  
Eighth Revised Sheet No. 6A  
Fifth Revised Sheet No. 7  
Eighth Revised Sheet No. 8  
Ninth Revised Sheet No. 9  
Seventh Revised Sheet No. 10

Williston states that the filing is being made in response to the Commission's Order issued December 26, 2001 in Docket No. RP02-79-000. Williston Basin is submitting revised tariff sheets to reflect the Commission-approved confidentiality of its system maps.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with section 385.211 of the Commission's rules and regulations. All such protests must be filed in accordance with section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection. ### Federal Energy Regulatory Commission

[Docket No. RP97-28-009]

#### Wyoming Interstate Company, Ltd.; Notice of Negotiated Rate

January 28, 2002.

Take notice that on January 22, 2002, Wyoming Interstate Company, Ltd (WIC) tendered for filing a compliance filing pursuant to the Commission's order issued January 9, 2002 in this proceeding.

WIC states that the filing contains clarification and detailed explanation regarding the provisions of the negotiated rate transactions related to the Medicine Bow facilities.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with section 385.211 of the Commission's rules and regulations. All such protests must be filed in accordance with section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection.
