k. *Description of Amendment:* The license, issued February 28, 1986, authorizes a transmission line route whereby the as yet unconstructed transmission line would interconnect with Arkansas Power and Light (now Entergy). The City of Batesville now intends to interconnect with a Southwestern Power Administration (SWPA) transmission line. The City thus proposes to (1) change the route for the unconstructed transmission line and (2) build a substation on an existing Southwestern Power Administration (SWPA) right-of-way.

The proposed 25 kV transmission line would extend along the north side of the White River westward 9.6 miles from Lock and Dam No. 1 to the proposed substation. Underground transmission line is proposed for the first 3000 ft from Lock and Dam No. 1, while the remaining line would use single pole structures.

The proposed substation would be located approximately two miles east of White River Lock and Dam No. 2 (Project No. 4660), on the north side of the White River. The 100 ft by 150 ft substation would step-up the voltage from 25 kV to 161 kV, and have a transformer rating of 17.5 kV.

SWPA is a cooperating agency in the processing of the license amendment.

1. A copy of the application is on file with the Commission and is available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link—select "Docket #" and follow the instructions (call 202-208-2222 for assistance).
