**SUPPLEMENTARY INFORMATION:** Section 320 of the 2001 Interior and Related Agencies Appropriations Act (Pub L. 106–291) created the Forest Counties Payments Committee to make recommendations to Congress on a long-term solution for making Federal payments to eligible States and counties in which Federal lands are situated. The Committee will consider the impact on eligible States and counties of revenues from the historic multiple use of Federal lands; evaluate the economic, environmental, and social benefits which accrue to counties containing Federal lands; evaluate the expenditures by counties on activities occurring on Federal lands which are Federal responsibilities; and monitor payments and implementation of Pub L. 106–393, “Secure Rural Schools and Community Self-Determination Act of 2000.”

The Committee asks that respondents provide information in response to the following questions:

6. What actions has your State or county taken to mitigate any impacts associated with declining economic

conditions, or revenue-sharing payments?

7. What effects, both positive and negative, have taken place with education and highway programs that are attributable to the management of public lands within your State or county?

8. What relationship, if any, should exist between federal revenue-sharing programs, and management activities on public lands?

9. What alternatives exist to provide equitable revenue-sharing to States and counties and to promote “sustainable forestry?”

10. What has been your experience regarding implementation of Pub L. 106–393, The Secure Rural Schools and Community Self-Determination Act?

11. What changes in law, policies and procedures, and the management of public land have contributed to changes in revenue derived from the multiple-use management of these lands?
