BILLING CODE 6718-04-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-D-7522]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, FEMA.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed base (1% annual chance) flood elevations and proposed base flood elevation modifications for the communities listed below. The base flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards

Study Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (email) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA or Agency) proposes to make determinations of base flood elevations and modified base flood elevations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act

This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Acting Executive Associate Director, Mitigation Directorate, certifies that this proposed rule is exempt from the requirements of the Regulatory

Flexibility Act because proposed or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. As a result, a regulatory flexibility analysis has not been prepared.

Regulatory Classification

This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, flood insurance, reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 et seq.; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location	# Depth in feet above ground. *Elevation in feet (NGVD)	
				Existing	Modified
Maine	Orrington (Town), Penobscot County.	Sedgeunkedunk Steam	A point approximately 100 feet downstream of Orrington corporate limits..	None	*42
			A point approximately 420 feet upstream of Fields Pond Road bridge.	None	*102
		Penobscot River	At downstream corporate limits	None	*11
			At upstream corporate limits	None	*16
Brewer Lake	Entire shoreline within community	None	*112		

Maps available for inspection at the Orrington Town Hall, 29 Center Drive, Orrington, Maine.

Send comments to Mr. Dexter Johnson, Manager of the Town of Orrington, P.O. Box 159, Orrington, Maine 04474.

New Jersey	Ocean (Township), Monmouth County.	Poplar Brook	Upstream side of Norwood Avenue	*15	*18
			At a point approximately 0.47 mile upstream of Willow Drive.	*53	*51
		Hog Swamp Brook	At a point approximately 130 feet downstream of Monmouth Road.	*12	*11
			At a point approximately 0.26 mile upstream of Route 18.	*64	65

Maps available for inspection at the Ocean Township Office, 399 Monmouth Road, Oakhurst, New Jersey.

Send comments to Mr. David Kochel, Ocean Township Manager, 399 Monmouth Road, Oakhurst, New Jersey 07755.

Tennessee	Gallatin (City), Sumner County.	Cumberland River	Approximately 1 mile downstream of the Gallatin Stream Plant gage.	*452	*453
			Approximately 3.0 miles upstream of the Gallatin Stream Plant gage.	*452	*453
		Albright Creek	Approximately 50 feet downstream of Willmore Road.	*452	*454
			Just downstream of Willmore Road	*452	454

Maps available for inspection at the Gallatin City Hall, 132 West Main Street, Gallatin, Tennessee.

Send comments to The Honorable Don Wright, Mayor of the City of Gallatin, 132 West Main Street, Gallatin, Tennessee 37066.

Tennessee	Hendersonville (City), Sumner County.	Drakes Creek	Approximately 0.4 mile upstream of U.S. Route 31E.	*451	*452
			Approximately 1,200 feet upstream of Long Hollow Pike.	None	*518
		Unnamed Tributary 5	Approximately 50 feet upstream of Buchanan Circle.	*506	*507
			Approximately 0.4 mile upstream of Buchanan Circle.	None	*523
		Station Camp Creek	Approximately 1,430 feet upstream of Station Camp Creek Road.	None	*456
			Approximately 1,060 feet upstream of Long Hollow Pike.	None	*490
		Cumberland River	At the downstream county boundary	*430	*432
			At the downstream side of Old Hickory Dam.	430	*432
		Center Point Branch	At the confluence with Mansker Creek	*430	*432
			Approximately 1,750 feet upstream of Hickory Lane.	None	*437
Madison Creek	At the confluence with Mansker Creek	*430	*432		
	Approximately 250 feet downstream of Long Hollow Pike.	444	*443		
Mansker Creek	At the confluence with Cumberland River	*430	*432		
	At the confluence of Madison Creek	*430	*432		

Maps available for inspection at the Hendersonville City Hall, One Executive Park Drive, Hendersonville, Tennessee.

Send comments to The Honorable Jim Fuqua, Mayor of the City of Hendersonville, One Executive Park Drive, Hendersonville, Tennessee 37075.

Tennessee	Millersville (City), Sumner County.	Slaters Creek	Just upstream of Long Drive	*470	*471
			Approximately 1,140 feet upstream of the most upstream crossing of Interstate 65.	None	*562
		East Fork Slaters Creek ...	At the confluence with Slaters Creek	*503	*506
Approximately 0.81 mile upstream of Pole Hill Road.	*564		563		

State	City/town/county	Source of flooding	Location	# Depth in feet above ground. *Elevation in feet (NGVD)	
				Existing	Modified
		Mansker Creek	Approximately 1,450 feet upstream of the most upstream crossing of U.S. Route 41.	*486	*485
			Approximately 1.1 miles upstream of Old Shiloh Road.	None	*584

Maps available for inspection at the Millersville City Hall, 1246 Louisville Highway, Millersville, Tennessee.

Send comments to The Honorable Robert Mobley, Mayor of the City of Millersville, 1246 Louisville Highway, Millersville, Tennessee 37072.

Tennessee	Metropolitan Government of Nashville and Davidson County.	Mansker Creek	Upstream side of U.S. Route 41	*455	*452
			At a point approximately 1.14 miles upstream of Old Shiloh Road.	None	*584

BILLING CODE 6718-04-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-P-7603]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT:

Matthew B. Miller, P.E., Chief, Hazards Study Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street, SW., Washington, DC 20472, (202) 646-3461 or (e-mail) *matt.miller@fema.gov*.

SUPPLEMENTARY INFORMATION: FEMA

proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act

This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Acting Administrator for Federal Insurance and Mitigation Administration certifies that this proposed rule is exempt from the

requirements of the Regulatory Flexibility Act because proposed or modified BFEs are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, flood insurance, reporting and record keeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 et seq.; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location	# Depth in feet above ground. *Elevation in feet. (NGVD) (NAVD)	
				Existing	Modified
KS	Winfield, City of Cowley County.	Walnut River	At 0.9 mile downstream of 14th Avenue	1129	1126
