II. Background

What Action is the Agency Taking?

Under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) (7 U.S.C. 136p), at the discretion of the Administrator, a Federal or State agency may be exempted from any provision of FIFRA if the Administrator determines that emergency conditions exist which require the exemption. The Minnesota and North Dakota Departments of Agriculture have requested the Administrator to issue specific exemptions for the use of tetraconazole on sugar beets to control *Cercospora* leaf spot. Information in accordance with 40 CFR part 166 was submitted as part of these requests.

As part of these requests, the Applicants assert that emergency conditions exist because the registered alternative fungicides (benomyl and thiophanate methyl, TPTH, EBDC fungicides mancozeb, maneb, and copper hydroxide) no longer provide the level of control of *Cercospora* leafspot that they historically did, or which would avoid decreased productivity and yields. Without this use, the Applicants assert that significant economic losses will occur for the sugar beet industry in these states.

The Applicants propose to make no more than three applications of tetraconazole, formulated as a liquid with 1 pound active ingredient (a.i.) per gallon at a rate of 1.625 ounces a.i. per acre, on up to 1,660,000 acres of sugar beets in North Dakota and Minnesota. Use at this rate on the maximum

number of acres could result in application of a total of 168,594 pounds a.i., or 168,594 gallons of formulation. The proposed use season is June 15 through September 30, 2002.

This notice does not constitute a decision by EPA on the applications themselves. The regulations governing section 18 of FIFRA require publication of a notice of receipt of an application for a specific exemption proposing use of a new chemical (i.e., an active ingredient) which has not been registered by the EPA. The notice provides an opportunity for public comment on the applications.

The Agency, will review and consider all comments received during the comment period in determining whether to issue the specific exemptions requested by the Minnesota and North Dakota Departments of Agriculture.
