

communities' efforts to build better systems of care.

The NHSC needs to collect data on its programs to ensure compliance with legislative mandates and to report to Congress and policymakers on program accomplishments. To meet these

objectives, the NHSC requires a core set of information collected annually that is appropriate for monitoring and evaluating performance and reporting on annual trends. The following information will be collected from each

site: services offered and delivery method; users by various characteristics; staffing and utilization; charges and collections; receivables, income, and expenses; and managed care.

The estimated burden is as follows:

Type of report	Number of respondents	Responses per respondents	Hours per response	Total burden hours
Universal report	900	1	27	24,300

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: John Morrall, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: February 4, 2002.

Jane M. Harrison,
Director, Division of Policy Review and Coordination.

BILLING CODE 4165-15-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Privacy Act of 1974; Altered System of Records

AGENCY: National Institutes of Health (NIH), HHS.

ACTION: Notification of altered system of records.

SUMMARY: In accordance with the requirements of the Privacy Act, the National Institutes of Health is publishing a notice of a proposal to alter the system of records 09-25-0165, "National Institutes of Health Office of Loan Repayment and Scholarship (OLRS) Records System, HHS/NIH/OD." The main purposes of the major alteration include: (1) Addition of three new programs, (2) addition of the National Center on Minority Health and Health Disparities to "System Location," (3) addition of grant numbers to "Categories of Records in the System," and (4) two modified routine uses and one new routine use.

DATES: The NIH invites interested parties to submit comments on the proposed uses on or before March 11, 2002. The NIH will send a Report of the Altered System to the Congress and to the Office of Management and Budget (OMB). The alteration of this system of

records will be effective 40 days from the date submitted to the OMB, unless NIH receives comments that would result in a contrary determination.

ADDRESSES: Please address comments to: NIH Privacy Act Officer, 6011 Executive Boulevard, Room 601, MSC 7669, Rockville, Maryland 20892, (301) 496-2832 (This is not a toll-free number).

Comments received will be available for inspection at this same address from 9 a.m. to 3 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT:

Marc S. Horowitz, J.D., Director, Office of Loan Repayment and Scholarship, National Institutes of Health, 2 Center Drive, Room 2E30, Bethesda, Maryland 20892-0230, (800) 528-7689 (toll-free number).

For the loan repayment program administered by the National Center on Minority Health and Health Disparities (NCMHD), the contact is: John Ruffin, Ph.D., Director, National Center on Minority Health and Health Disparities, 6707 Democracy Boulevard, Suite 800, Bethesda, Maryland 20892-5465, (301) 402-1366.

SUPPLEMENTARY INFORMATION: Sections 487A-C, E and F of the Public Health Service (PHS) Act (42 U.S.C. 288-1, 2, 3, 5, 5a, and 6), Section 103 of the Minority Health and Health Disparities Research and Education Act (Pub. L. 106-525) as amended, and section 223 of Public Law 106-554 (114 Stat. 2763A-30) authorizes the Secretary or the Director, National Center on Minority Health and Health Disparities to implement and establish programs of entering into agreements with appropriately qualified health professionals under which such health professionals agree to conduct research, as employees or extramural grantees of the NIH or to conduct research with respect to contraception or infertility as employees or affiliates of the National Institute of Child Health and Human Development (NICHD) Intramural Laboratories and NICHD Extramural

sites, in consideration of the Federal Government agreeing to repay, for each year of service, not more than \$35,000 of the principal and interest of the educational loans of such health professionals. These programs include the following: (1) The NIH AIDS Research Loan Repayment Program, (2) the NIH General Research Loan Repayment Program, (3) the NIH Clinical Research Loan Repayment Program for Individuals from Disadvantaged Backgrounds, (4) the NIH Contraceptive and Infertility Research Loan Repayment Program, (5) the NIH Loan Repayment Program Regarding Clinical Researchers, (6) the NIH Pediatric Research Loan Repayment Program, and (7) the NIH Loan Repayment Program for Minority Health Disparities Research.

Section 487D of the PHS Act (42 U.S.C 288-4) authorizes a scholarship program for individuals who agree to pursue, as undergraduates, academic programs appropriate for careers in professions needed by the NIH and who agree to serve as NIH employees in exchange for receipt of the scholarship. This program is known as the NIH Undergraduate Scholarship Program (UGSP) for Individuals from Disadvantaged Backgrounds.

The NIH is recommending this proposed major alteration to expand system coverage for three new programs: (1) The Loan Repayment Program Regarding Clinical Researchers, (2) the Pediatric Research Loan Repayment Program, and (3) the Loan Repayment Program for Minority Health Disparities Research.

NIH is proposing to include grant numbers in the "Categories of Records in the System." In addition, two modified routine uses and one new routine use are proposed: (a) Modified Routine Use No. 4—the disclosure of records to HHS contractors and subcontractors for the purposes of collecting, compiling, aggregating, analyzing, or refining records in the system, and for the purposes of evaluating NIH programs; Modified

Routine Use No. 6—the disclosure of information from this system of records to consumer reporting agencies to obtain an applicant or participant's commercial credit report, and the disclosure of information from this system of records to the National Student Clearinghouse using the Loan Locator Internet System or similar system to assist in the verification of loan data submitted by LRP applicants. New Routine Use No. 16—the disclosure of identifying information to officials or representatives of the grantee institutions in connection with the review of LRP applications or the administration of LRP contracts. Only authorized users will have access to the records contained in the system. Authorized users include the following: system managers and their staffs, financial, fiscal and records management personnel, legal personnel, computer personnel, and NIH contractors and subcontractors, all of whom are responsible for administering or monitoring the LRSPs. Access is limited to those individuals trained in accordance with Privacy Act procedures. Contractors will be required to maintain, and will also be required to ensure that subcontractors maintain confidentiality safeguards with respect to the records covered by this system.

The 09–25–0165 system notice was last published in the **Federal Register** on January 25, 2000. We are republishing the system notice in its entirety below to incorporate the proposed changes.

The following notice is written in the present tense, rather than the future tense, in order to avoid the unnecessary expenditure of public funds to republish the notice after the system has become effective.

Dated: January 24, 2002.

Charles E. Leasure, Jr.,

Deputy Director for Management, National Institutes of Health.

09–25–0165

SYSTEM NAME:

National Institutes of Health (NIH) Office of Loan Repayment and Scholarship (OLRS) Records System, HHS/NIH/OD.

SECURITY CLASSIFICATION:

None.

SYSTEM LOCATION:

Office of Loan Repayment and Scholarship (OLRS), National Institutes of Health, 2 Center Drive, 2E30, Bethesda, Maryland 20892–0230.

Office of Loan Repayment and Scholarship (OLRS), National Institutes

of Health, 6011 Executive Boulevard, Suite 206, Rockville, Maryland 20892.

National Center on Minority Health and Health Disparities, National Institutes of Health, 6707 Democracy Boulevard, Suite 800, Bethesda, Maryland 20892–5465.

See Appendix I for a listing of NIH offices responsible for administration of the NIH LRSPs. Write to the System Manager at the address below for the address of any Federal Records Center where records from this system may be stored.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Individuals who have applied for, who have been approved to receive, who are receiving, or who have received funds under the NIH LRSPs; and individuals who are interested in participation in the NIH LRSPs.

CATEGORIES OF RECORDS IN THE SYSTEM:

Name, address, Social Security number (SSN), grant number, program application and associated forms, service pay-back obligations, employment data, professional performance and credentialing history of licensed health professionals; personal, professional, and demographic background information; academic and research progress reports (which include related data, correspondence, and professional performance information consisting of continuing education, performance awards, and adverse or disciplinary actions); standard school budgets; financial data including loan balances, deferment, forbearance, and repayment/delinquent/default status information; commercial credit reports; educational data including tuition and other related educational expenses; educational data including academic program and status; employment status verification (which includes certifications and verifications of continuing participation in qualified research); Federal, State and county tax related information, including copies of tax returns.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Sections 487A–F (42 U.S.C. 288–1, 288–2, 288–3, 288–4, 288–5, 288–5a, 288–6) of the PHS Act, as amended; Section 103 of the Minority Health and Health Disparities Research Education Act (Pub. L. 106–525), as amended; and section 223 of Pub. L. 106–554 (114 Stat. 2763A–30) authorize the NIH to establish and implement (a) multiple programs of educational loan repayment for qualified health professionals who agree to conduct research, subject to each program's specific statutory

requirements; and (b) a scholarship program for undergraduates who agree to pursue academic programs appropriate for careers in professions needed by the NIH and who agree to serve as NIH employees. The provisions of subpart III of part D of title III of the PHS Act (42 U.S.C. 2541 *et seq.*), as amended, governing the National Health Service Corps (NHSC) loan repayment and scholarship programs, are incorporated in these authorities, except as inconsistent with sections 487A–F, sections 103 of Pub. L. 106–525, and section 223 of Pub. L. 106–554. The Internal Revenue Code at 26 U.S.C. 6109 requires the provision of the SSN for the receipt of loan repayment and scholarship funds under the NIH LRSPs. The Federal Debt Collection Procedures Act of 1990, Public Law 101–647 (28 U.S.C. 3201) requires that an individual who has a judgement lien against his/her property for a debt to the United States shall not be eligible to receive funds directly from the Federal Government in any program, except funds to which the debtor is entitled as a beneficiary, until the judgement is paid in full or otherwise satisfied. Thus, individuals applying to the LRSPs are required to disclose in their applications whether they have a judgement lien against them arising from a debt to the United States.

PURPOSE(S):

These records are used to: (1) Identify and select applicants for the NIH LRSPs; (2) monitor loan repayment and scholarship activities, such as payment tracking, academic status and performance, research and related services, deferment of service obligation, and default; and (3) assist NIH officials in the collection of overdue debts owed under the NIH LRSPs. Records may be transferred to System No. 09–15–0045, "Health Resources and Services Administration Loan Repayment/Debt Management Records System, HHS/HRSA/OA," for debt collection purposes when NIH officials are unable to collect overdue debts owed under the NIH LRSPs.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USE:

1. Disclosure may be made to a Member of Congress or to a Congressional staff member in response to an inquiry of the Congressional office made at the written request of the constituent about whom the record is maintained.

2. The Department of Health and Human Services (HHS) may disclose information from this system of records

to the Department of Justice, or to a court or other tribunal when: (a) HHS or any component thereof; or (b) any HHS employee in his or her official capacity; or (c) any HHS employee in his or her individual capacity where the Department of Justice (or HHS, where it is authorized to do so) has agreed to represent the employee; or (d) the United States Government, is a party to litigation or has an interest in such litigation, and by careful review, HHS determines that the records are both relevant and necessary to the litigation and the use of such records by the Department of Justice is therefore deemed by HHS to be for a purpose that is compatible with the purpose for which the records were collected.

3. When a record on its face, or in conjunction with other records, indicates a violation or potential violation of law, whether civil, criminal or regulatory in nature, and whether arising by general statute or particular program statute, or by regulation, rule, or order issued pursuant thereto, disclosure may be made to the appropriate agency, whether Federal, foreign, State, local, or tribal, or other public authority responsible for enforcing, investigating or prosecuting such violation or charged with enforcing or implementing the statute, or rule, regulation, or order issued pursuant thereto, if the information disclosed is relevant to any enforcement, regulatory, investigative or prosecutive responsibility of the receiving entity.

4. The NIH may disclose records to HHS contractors and subcontractors for the purpose of collecting, compiling, aggregating, analyzing, or refining records in the system, and/or for the purpose of evaluating the programs covered by the system. Contractors maintain, and are also required to ensure that subcontractors maintain, Privacy Act safeguards with respect to such records.

5. The NIH may disclose information from this system of records to private parties such as present and former employers, references listed on applications and associated forms, other references and educational institutions. The purpose of such disclosures is to evaluate an individual's professional and or academic accomplishments and plans, performance, credentials, and educational background, and to determine if an applicant is suitable for participation in the NIH LRSPs.

6. The NIH will disclose information from this system of records to a consumer reporting agency (credit bureau) to obtain an applicant or participant's commercial credit report for the following purposes: (1) To

establish his/her creditworthiness; (2) To assess and verify his/her ability to repay debts owed to the Federal Government; and (3) To determine and verify the eligibility of loans submitted for repayment. The NIH will also disclose information from this system of records to the National Student Clearinghouse using the Loan Locator Internet System or similar system to assist in the verification of loan data submitted by LRP applicants. Disclosures are limited to the individual's name, address, Social Security number and other information necessary to identify him/her; locate all student loans and verify payment addresses; identify the funding being sought or amount and status of the debt; and the program under which the applicant or claim is being processed.

7. The NIH may disclose from this system of records a delinquent debtor's or a defaulting participant's name, address, Social Security number, and other information necessary to identify him/her; the amount, status, and history of the claim, and the agency or program under which the claim arose, as follows:

a. To another Federal agency so that agency can effect a salary offset for debts owed by Federal employees; if the claim arose under the Social Security Act, the employee must have agreed in writing to the salary offset.

b. To another Federal agency so that agency can effect an authorized administrative offset; *i.e.*, withhold money, other than Federal salaries, payable to or held on behalf of the individual.

c. To the Treasury Department, Internal Revenue Service (IRS), to request an individual's current mailing address to locate him/her for purposes of either collecting or compromising a debt, or to have a commercial credit report prepared.

8. The NIH may disclose information from this system of records to another agency that has asked the HHS to effect a salary or administrative offset to help collect a debt owed to the United States. Disclosure is limited to the individual's name, address, Social Security number, and other information necessary to identify the individual, information about the money payable to or held for the individual, and other information concerning the offset.

9. The NIH may disclose to the IRS information about an individual applying for any NIH loan repayment or scholarship program authorized by the Public Health Service Act to find out whether the applicant has a delinquent tax account. This disclosure is for the sole purpose of determining the applicant's creditworthiness and is

limited to the individual's name, address, Social Security number, other information necessary to identify him/her, and the program for which the information is being obtained.

10. The NIH may report to the IRS, as taxable income, the written-off amount of a debt owed by an individual to the Federal Government when a debt becomes partly or wholly uncollectible, either because the time period for collection under statute or regulations has expired, or because the Government agrees with the individual to forgive or compromise the debt.

11. The NIH may disclose to debt collection agents, other Federal agencies, and other third parties who are authorized to collect a Federal debt, information necessary to identify a delinquent debtor or a defaulting participant. Disclosure will be limited to the individual's name, address, Social Security number, and other information necessary to identify him/her; the amount, status, and history of the claim, and the agency or program under which the claim arose.

12. The NIH may disclose information from this system of records to any third party that may have information about a delinquent debtor's or a defaulting participant's current address, such as a U.S. post office, a State motor vehicle administration, a university's office of the registrar or dean's office, a professional organization, an alumni association, etc., for the purpose of obtaining the individual's current address. This disclosure will be strictly limited to information necessary to identify the individual, without any reference to the reason for the agency's need for obtaining the current address.

13. The NIH may disclose information from this system of records to other Federal agencies that also provide loan repayment or scholarship at the request of these Federal agencies in conjunction with a matching program conducted by these Federal agencies to detect or curtail fraud and abuse in Federal loan repayment or scholarship programs, and to collect delinquent loans or benefit payments owed to the Federal Government.

14. The NIH will disclose from this system of records to the Department of Treasury, IRS: (1) A delinquent debtor's or a defaulting participant's name, address, Social Security number, and other information necessary to identify the individual; (2) the amount of the debt; and (3) the program under which the debt arose, so that the IRS can offset against the debt any income tax refunds which may be due to the individual.

15. The NIH may disclose information provided by a lender or educational

institution to other Federal agencies, debt collection agents, and other third parties who are authorized to collect a Federal debt. The purpose of this disclosure is to identify an individual who is delinquent in loan or benefit payments owed to the Federal Government and the nature of the debt.

16. The NIH may disclose information from this system of records to officials or representatives of grantee institutions in connection with the review of an LRP application or performance or administration under the terms and conditions of the LRP award, or in connection with problems that might arise in performance or administration of the LRP contract.

17. The NIH will disclose records consisting of names, disciplines, current mailing addresses, and dates of scholarship support and dates of graduation of scholarship recipients to: (a) Designated coordinators at each school participating in the scholarship program for the purpose of determining educational expenses and resulting levels of scholarship support, and for the purpose of guiding and informing these recipients about the nature of their service obligations to the NIH; and (b) undergraduate, graduate and medical schools, attended by UGSP scholars who have elected to defer their service obligation, for the purpose of determining their academic status and verifying the validity of the NIH UGSP service deferment.

18. The NIH may disclose records to HHS contractors and subcontractors for the purpose of recruiting, screening, and matching health professionals for NIH employment in qualified research positions under the NIH LRSPs. In addition, HHS contractors and subcontractors: (1) May disclose biographic data and information supplied by potential applicants (a) to references listed on application and associated forms for the purpose of evaluating the applicant's professional qualifications, experience, and suitability, and (b) to a State or local government medical licensing board and/or to the Federation of State Medical Boards or a similar nongovernment entity for the purpose of verifying that all claimed background and employment data are valid and all claimed credentials are current and in good standing; (2) may disclose biographic data and information supplied by references listed on application and associated forms to other references for the purpose of inquiring into the applicant's professional qualifications and suitability; and (3) may disclose professional suitability evaluation

information to NIH officials for the purpose of appraising the applicant's professional qualifications and suitability for participation in the NIH LRSPs. Contractors maintain, and are also required to ensure that subcontractors maintain, Privacy Act safeguards with respect to such records.

DISCLOSURE TO CONSUMER REPORTING AGENCIES:

Disclosures pursuant to 5 USC 552a(b)(12): Disclosures may be made from this system to "consumer reporting agencies" as defined in the Federal Claims Collection Act of 1966, as amended (31 USC 3701(a)(3)). The purposes of these disclosures are: (1) To provide an incentive for debtors to repay delinquent debts to the Federal Government by making these debts part of their credit records, and (2) to enable NIH to improve the quality of loan repayment and scholarship decisions by taking into account the financial reliability of applicants, including obtaining a commercial credit report to assess and verify the ability of an individual to repay debts owed to the Federal Government. Disclosure of records will be limited to the individual's name, Social Security number, and other information necessary to establish the identity of the individual, the amount, status, and history of the claim, and the agency or program under which the claim arose.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Records are maintained in file folders, file cards, microfiche and electronic media, including computer tape, discs, servers connected to local area networks, and Internet servers.

RETRIEVABILITY:

Records are retrieved by name, NIH Institutes and Centers, grantee institutions, Social Security number, grant number, or other identifying numbers or characteristics.

SAFEGUARDS:

1. *Authorized Users:* Access to information is limited to authorized personnel in the performance of their duties. Authorized personnel include system managers and their staffs, financial, fiscal and records management personnel, legal personnel, computer personnel, and NIH contractors and subcontractors—all of whom are responsible for administering the NIH LRSPs.

2. *Physical Safeguards:* Rooms where records are stored are locked when not

in use. During regular business hours rooms are unlocked but are controlled by on-site personnel. Security guards perform random checks on the physical security of the storage locations after duty hours, including weekends and holidays.

3. *Procedural and Technical Safeguards:* A password is required to access the terminal and a data set name controls the release of data to only authorized users. All users of personal information in connection with the performance of their jobs (see Authorized Users, above) protect information from public view and from unauthorized personnel entering an unsupervised office. Data on local area network computer files is accessed by keyword known only to authorized personnel. Codes by which automated files may be accessed are changed periodically. This procedure also includes deletion of access codes when employees or contractors leave. New employees and contractors are briefed and the security department is notified of all staff members and contractors authorized to be in secured areas during working and nonworking hours. This list is revised as necessary. Individuals remotely accessing the secured areas of the OLRs Internet sites have separate accounts and passwords. Passwords are assigned by project staff and may include both alphabetic and non-alphabetic characters. These practices are in compliance with the standards of Chapter 45-13 of the HHS General Administration Manual, "Safeguarding Records Contained in Systems of Records," supplementary Chapter PHS hf: 45-13, and the Department's Automated Information System Security Handbook.

RETENTION AND DISPOSAL:

Records are retained and disposed of under the authority of the NIH Records Control Schedule contained in NIH Manual Chapter 1743, Appendix 1—"Keeping and Destroying Records" (HHS Records Management Manual, Appendix B-361), item 2300-537-1. Participant case files are transferred to a Federal Records Center one year after closeout and destroyed five years later. Closeout is the process by which it is determined that all applicable administrative actions and disbursements of benefits have been completed by the OLRs and service obligations have been completed by the participant. Applicant case files are destroyed three years after disapproval or withdrawal of their application. Appeal and litigation case files are destroyed six years after the calendar year in which the case is closed. Other

copies of these files are destroyed two years after the calendar year in which the case is closed.

SYSTEM MANAGER(S) AND ADDRESS:

Director, Office of Loan Repayment and Scholarship, National Institutes of Health, 2 Center Drive, Suite 2E30, Bethesda, Maryland 20892-0230.

Director, Office of Loan Repayment and Scholarship, National Institutes of Health, 6011 Executive Boulevard, Suite 206, Rockville, Maryland 20892.

Director, National Center on Minority Health and Health Disparities, National Institutes of Health, 6707 Democracy Boulevard, Suite 800, Bethesda, Maryland 20892-5465.

Director, Contraceptive and Infertility Research Loan Repayment Program, National Institute of Child Health and Human Development, National Institutes of Health, 6100 Executive Boulevard, Room 8B01A, Rockville, Maryland 20892.

NOTIFICATION PROCEDURES:

To determine if a record exists, write to the appropriate System Manager listed above. A written request must contain the name and address of the requester, Social Security number, and his/her signature which is either notarized to verify his/her identity or includes a written certification that the requester is the person he/she claims to be and that he/she understands that the knowing and willful request or acquisition of records pertaining to an individual under false pretenses is a criminal offense subject to a \$5,000 fine. In addition, the following information is needed: dates of enrollment in the NIH LRSPs and current enrollment status, such as pending application approval or approved for participation.

An individual who appears in person at a specific location seeking access to or disclosure of records relating to him/her shall provide his/her name, current address, Social Security number, dates of enrollment in an NIH loan repayment or scholarship program, and at least one piece of tangible identification, such as driver's license, passport, or voter registration card. Identification papers with current photographs are preferred but not required. If an individual has no identification papers but is personally known to an agency employee, such employees shall make a written record verifying the individual's identity. Where the individual has no identification papers, the responsible agency official shall require that the individual certify in writing that he/she is the individual who he/she claims to be and that he/she understands that the knowing and willful request or

acquisition of a record concerning an individual under false pretenses is a criminal offense subject to a \$5,000 fine. Since positive identification of the caller or sender cannot be established, telephone and electronic mail requests are not honored.

RECORD ACCESS PROCEDURES:

Write to the appropriate System Manager specified above to attain access to records and provide the same information as is required under the Notification Procedures. Requesters should also reasonably specify the record contents being sought. Individuals may also request an accounting of disclosures of their records, if any.

CONTESTING RECORD PROCEDURES:

Contact the appropriate System Manager specified above and reasonably identify the record, specify the information to be contested, the corrective action sought, and your reasons for requesting the correction, along with supporting information to show how the record is inaccurate, incomplete, untimely or irrelevant. The right to contest records is limited to information that is incomplete, irrelevant, incorrect, or untimely (obsolete).

RECORD SOURCE CATEGORIES:

Subject individual; participating lending and loan servicing institutions; educational and grantee institutions; other Federal agencies; consumer reporting agencies/credit bureaus; National Student Clearinghouse; and third parties that provide references concerning the subject individual.

SYSTEMS EXEMPTED FROM CERTAIN PROVISIONS OF THE ACT:

None.

ACTION: Notice of modification.

SUMMARY: The Office of Refugee Resettlement Standing Announcement "ORR Standing Announcement for Services to Recently Arrived Refugees" (66 FR 23705), issued May 9, 2001 in the **Federal Register** is hereby modified to reflect a revision to Category 3 "Services for Arriving Refugees with Special Conditions or Victims of Trafficking." Category 3 is now revised to pertain exclusively to "Services for Arriving Refugees with Special Conditions." All references to "Services for Victims of Trafficking" in this Category 3 are no longer applicable. All other information in Category 3 (i.e. closing dates, grant application requirements, etc.) remains unchanged.

A new Standing Announcement for Victims of a Severe Form of Trafficking will be forthcoming from ORR at a future date. Organizations seeking discretionary grant funding for victims of a severe form of trafficking will have the opportunity at that time to submit new applications.

These changes are effective February 8, 2002.

For further information, please contact Neil Kromash, Office of Refugee Resettlement, telephone: 202-401-5702 or Jay Womack, Office of Refugee Resettlement, telephone: 202-401-5525.

Dated: February 1, 2002.

Nguyen Van Hanh,

Director, Office of Refugee Resettlement.
