

Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project. The preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important either to file comments or to intervene as early in the process as possible.

Comments, protests, and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

Magalie R. Salas,

Secretary.

[Docket No. ER01-316-005]

ISO New England, Inc.; Notice of Filing

February 6, 2002.

Take notice that on January 25, 2002, ISO New England Inc. (the ISO) hereby submits its "Index of Customers" for the fourth quarter of 2001. Under the ISO's FERC Tariff for Transmission Dispatch and Power Administration Services the index of Customers lists all entities, both participants in the New England Power Pool (NEPOOL) and Non-Participant customers under the NEPOOL Open Access Transmission Tariff.

Any person desiring to intervene or to protest this filing should file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. All such motions or protests should be filed on or before the comment date, and, to the extent applicable, must be served on the applicant and on any other person designated on the official service list. This filing is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions (call 202-208-2222 for assistance). Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

Comment Date: February 15, 2002.

Linwood A. Watson, Jr.,

Deputy Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP01-4-001]

Maritimes & Northeast Pipeline, L.L.C.; Notice of Amendment

February 6, 2002.

Take notice that on January 23, 2002, Maritimes & Northeast Pipeline, L.L.C. (Maritimes), 1284 Soldiers Field Road, Boston, Massachusetts 02135, filed in Docket No. CP01-4-001, an application pursuant to Section 7(c) of the Natural Gas Act to amend the certificate of public convenience and necessity issued to Maritimes on December 21, 2001, in Docket Nos. CP01-4-000 (the Phase III Project), all as more fully set forth in the application which is on file with the Commission and open to public inspection. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Web at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions (call 202-208-2222 for assistance).

Specifically, Maritimes proposes to increase the diameter of a one-mile segment of pipeline at the Beverly, Massachusetts terminus of its Phase III Project from a 24-inch diameter pipe to a 30-inch diameter pipe. Maritimes will also perform minor modifications at its Salem Metering Station to reflect a single 30-inch diameter pipeline for the entire Phase III Project, including the elimination of a 24-inch pig launcher and a 30-inch receiver that will no longer be necessary. Maritimes estimates that the cost of modifying the one mile of Phase III Project pipeline will increase the cost of the project by approximately \$3.5 million. Maritimes acknowledges that it will have the burden of proof in any future rate case if it seeks to roll these additional costs into its system-wide rates. Maritimes asserts that the need for the amended authorization is dependent upon Algonquin Gas Transmission Company's related filing in Docket No. CP01-5-002 to increase its HubLine Project pipeline to 30-inch diameter line.

Any questions regarding the application should be directed to Joseph F. McHugh, Director, Regulatory Affairs, M&N Management Company, 1284 Soldiers Field Road, Boston, Massachusetts 02135 at 617-560-1518.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party
