CARAT is preceded by the Tolerance Reassessment Advisory Committee (TRAC) which was established in 1998, in order for EPA and USDA to work together to ensure smooth implementation of FQPA. Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

III. Background

CARAT was established in accordance with the Federal Advisory Committee Act as a subcommittee under the auspices of the EPA National Advisory Council for Environmental Policy and Technology (NACEPT). The purpose of CARAT is to provide advice and counsel to the Administrator of EPA and the Secretary of Agriculture regarding strategic approaches for pest management planning and tolerance reassessment for pesticides as required by the Food Quality Protection Act of 1996 (FQPA). Through CARAT, EPA and USDA are working together to ensure smooth implementation of FPQA through use of sound science, consultation with stakeholders, increased transparency, and reasonable transition for agriculture. CARAT is composed of experts that include farmers, environmental/public interest groups, public health officials, pediatric experts, pesticide trade associations and manufacturers, food processors and distributors, academicians, and tribal, State and local governments.

IV. How Can I Participate in this Meeting?

CARAT meetings and workshops are open to the public under section 10(a)(2) of the Federal Advisory Committee Act, Public Law 92-463. Outside statements by observers are welcome. Oral statements will be limited to 3-5 minutes, and it is preferred that only one person per
