

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (02-027)]

Aerospace Safety Advisory Panel; Meeting

AGENCY: National Aeronautics and Space Administration, (NASA).

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, Public Law 92-463, as amended, the National Aeronautics and Space Administration announces a forthcoming meeting of the Aerospace Safety Advisory Panel (ASAP).

DATES: Friday, March 1, 2002, 12:00 p.m. to 1:00 p.m. Eastern Standard Time.

ADDRESSES: National Aeronautics and Space Administration Headquarters, 300 E Street, SW, Room 5W63, Washington, DC 20546.

FOR FURTHER INFORMATION CONTACT: Mr. David M. Lengyel, Aerospace Safety Advisory Panel Executive Director, Code Q-1, National Aeronautics and Space Administration, Washington, DC 20546, 202/358-0391.

SUPPLEMENTARY INFORMATION: This meeting will be conducted via telecon with Panel members and consultants and NASA's Acting Associate Administrator for Safety and Mission Assurance. It will be open to the public up to the seating capacity of the room (12). The agenda for the meeting is as follows: On July 16, 2001, the Aerospace Safety Advisory Panel was tasked by NASA's Associate Administrator for Safety and Mission Assurance to review the Agency's organizations responsible for research and development of aerospace technology due to an unusually high incidence of costly mishaps. As a result, the ASAP's Aerospace Technology Team visited NASA's aerospace technology Centers including Ames Research Center, Dryden Flight Research Center, Glenn Research Center, and Langley Research Center. Their findings and recommendations will be presented at this telecon.

It is imperative that the meeting be held on this date to accommodate the scheduling priorities of the key participants. Visitors will be requested to sign a visitor's register. Members of the public should contact Ms. Vickie Smith on 202/358-1650 if you plan to attend. Pursuant to standard security procedures, you will be required to sign-in with Security upon arrival where you will be issued a temporary visitor's

badge. While you are in the building, you must be escorted by a NASA employee at all times.

Sylvia K. Kraemer,

*Advisory Committee Management Officer,
National Aeronautics and Space Administration.*

BILLING CODE 7510-01-P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before April 5, 2002. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

ADDRESSES: To request a copy of any records schedule identified in this notice, write to the Life Cycle Management Division (NWML), National Archives and Records Administration (NARA), 8601 Adelphi Road, College Park, MD 20740-6001. Requests also may be transmitted by FAX to (301) 713-6852 or by e-mail to

records.mgt@nara.gov. Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

FOR FURTHER INFORMATION CONTACT:

Marie Allen, Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: (301) 713-7110. E-mail: records.mgt@nara.gov.

SUPPLEMENTARY INFORMATION: Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit
