

SUMMARY: EPA has granted experimental use permits (EUPs) to the following pesticide applicants. An EUP permits use of a pesticide for experimental or research purposes only in accordance with the limitations in the permit.

FOR FURTHER INFORMATION CONTACT: By mail: Biopesticides and Pollution Prevention Division (7511C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460.

In person or by telephone: Contact the designated person at the following address at the office location, telephone number, or e-mail address cited in each EUP: 1921 Jefferson Davis Hwy., Arlington, VA.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. Although this action may be of particular interest to those persons who conduct or sponsor research on pesticides, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the information in this action, consult the designated contact person listed for the individual EUP.

B. How Can I Get Additional Information, Including Copies of this Document and Other Related Documents?

You may obtain electronic copies of this document from the EPA Internet Home Page at <http://www.epa.gov>. On the Home Page select "Laws and Regulations," "Regulations and Proposed Rules," and then look up the entry for this document under the "Federal Register—Environmental Documents." You can also go directly to the Federal Register listings at <http://www.epa.gov/fedrgstr/>.

II. EUPs

EPA has issued the following EUPs: 68467-EUP-3, 68467-EUP-5, 29964-EUP-1, and 29964-EUP-3. Issuance. Mycogen Seeds c/o Dow AgroSciences LLC, 9330 Zionsville Road, Indianapolis, IN 46268 and Pioneer Hi-Bred International, Inc., 7250 NW 62nd Avenue, Johnston, IA 50131. The issuance of these EUPs allow the use of the plant-incorporated protectants *Bacillus thuringiensis* 149B1 protein and the genetic material necessary for its production (from the insert of plasmid PHP 14352) in corn and *Bacillus thuringiensis* 149B1 protein and the genetic material necessary for its production (from the insert of

plasmid PHP 12560) in corn. Notice of the receipt of application of these EUPs were published in the **Federal Register** on March 7, 2001 (66 FR 13735) (FRL-6770-4). On October 12, 2001, the EUPs were issued. EUPs issued to Mycogen Seeds c/o Dow AgroSciences allowed the planting of 19 acres each of field corn to evaluate the control of Western and Northern corn rootworm; and to do breeding and observation. The Mycogen Seeds' programs are authorized only in the States of Hawaii and the Commonwealth of Puerto Rico. EUPs issued to Pioneer Hi-Bred allowed the planting of 16 acres each of field corn to evaluate the control of Western and Northern corn rootworm; to do breeding and observation, and to do hybrid production for research or regulatory studies. The Pioneer Hi-Bred programs are authorized only in the States of Hawaii and the Commonwealth of Puerto Rico. These EUPs are effective from October 12, 2001 to March 31, 2002. The permits have been issued with the limitation that all treated crops will be genetically contained and destroyed or used for research purposes only. Two comments were received in reply to the **Federal Register** notice announcing receipt of this application. One comment was from a private citizen regarding concerns over organic farming and the viability of Bt sprayables. The other comment was from the National Grain and Feed Association and raised pollen flow, neighboring farm notification, chain of custody, and contracting and disposal issues. These EUPs are of low acreage and given the containment provisions, the chance for pollen transfer to non-149B1 corn is extremely minimal to non-existent. More detailed information, including EPA evaluations and the experimental programs, are available in the public docket for these EUPs, docket control number OPP-50880. (Mike Mendelsohn; Rm. 910W16, Crystal Mall #2; telephone number: (703) 308-8715; e-mail address: mendelsohn.mike@epa.gov).

Persons wishing to review these EUPs are referred to the designated contact person. Inquiries concerning these permits should be directed to the persons cited above. It is suggested that interested persons call before visiting the EPA office, so that the appropriate file may be made available for inspection purposes from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays.

Authority: 7 U.S.C. 136.

List of Subjects

Environmental protection, Experimental use permits.

Dated: February 8, 2002.

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collections Approved by Office of Management and Budget

February 11, 2002.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collections pursuant to the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number. For further information contact Shoko B. Hair, Federal Communications Commission, (202) 418-1379.

Federal Communications Commission

OMB Control No.: 3060-0973.

Expiration Date: 11/30/2004.

Title: Section 64.11210(e)—Sale or Transfer of Subscriber Base to Another Carrier (CC Dockets 00-257 and 94-129).

Form No.: N/A.

Respondents: Business or other for-profit.

Estimated Annual Burden: 75 respondents; 6 hour per response (avg.); 450 total annual burden hours.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: On occasion; third party disclosure.

Description: In the First Report and Order in CC Docket No. 00-257 and the Fourth Report and Order in CC Docket No. 94-129 (Fourth Report and Order), the Commission amended section 64.1120 of its rules, as part of its biennial regulatory review effort, to establish a streamlined self-certification process for the carrier-to-carrier sale or transfer of subscriber bases, thereby eliminating the need to obtain a waiver of Commission rules prior to closing a transaction. This process is designed to ensure that the affected subscribers have adequate information about the carrier change in advance, that they are not financially harmed by the change, and that they will experience a seamless transition of service from their original carrier to the acquiring carrier. This

process also will provide the Commission with information it needs to fulfill its consumer protection obligations. Pursuant to 64.1120(e), a telecommunications carrier may acquire, through a sale or transfer, either part or all of another telecommunications carrier's subscriber base without obtaining each subscriber's authorization and verification in accordance with Section 64.1120(c), provided that the acquiring carrier complies with the streamlined procedures set forth in Section 64.1120(e)(1) through (3). a. Section 64.1120(e)(1)–(2), Notification and Certification to the Commission. Pursuant to 47 CFR 64.1120(e)(1)–(3), no later than 30 days before the planned transfer of the affected subscribers from the selling or transferring carrier to the acquiring carrier, the acquiring carrier shall file with the Commission's Office of the Secretary a letter notification in CC Docket No. 00-257 providing the names of the parties to the transaction, the types of telecommunications services to be provided to the affected subscribers, and the date of the transfer of the subscriber base to the acquiring carrier. The acquiring carrier also shall certify compliance with the requirement to provide advance subscriber notice in accordance with 47 CFR 64.1120(e)(3). In addition, the acquiring carrier shall attach a copy of the notice sent to the affected subscribers. If, subsequent to the filing of the letter notification with the Commission, any material changes to the required information should develop, the acquiring carrier shall file written notification of these changes with the Commission no more than 10 days after the transfer date announced in the prior notification. See 47 CFR 64.1120(e)(1)–(2). (Number of respondents: 75; hours per response: 1 hour; total annual burden: 75 hours). b. Section 64.1120(e)(3), Pre-Transfer Subscriber Notification and Certification to the Commission. Not later than 30 days before the transfer of the affected subscribers from the selling or transferring carrier to the acquiring carrier, the acquiring carrier shall provide written notice to each affected subscriber of the information specified in 47 CFR 64.1120(e)(3). (Number of respondents: 75; hours per response: 5 hours; total annual burden: 75 hours). The information will be used to implement Section 258 of the Communications Act of 1934, as amended. The information will expedite procedures for handling the sale or transfer of subscribers, while adequately protecting consumers. Obligation to

respond: Required to obtain or retain benefits.

OMB Control No.: 3060-0298.
Expiration Date: 02/28/2005.
Title: Tariffs (Other Than Tariff Review Plan)—Part 61.
Form No.: N/A.
Respondents: Business or other for-profit.
Estimated Annual Burden: 3000 respondents; 45 hours per response (avg.); 135,000 total annual burden hours (for all collections approved under this control number).
Estimated Annual Reporting and Recordkeeping Cost Burden: \$2,161,000.
Frequency of Response: On occasion; Annually, Biennially, Third Party Disclosure.
Description: Sections 201, 202, 203, 204 and 205 of the Communications Act of 1934, as amended, 47 U.S.C. 201, 202, 203, 204 and 205, require that common carriers establish just and reasonable charges, practices and regulations for the services they provide. The schedules containing these charges, practices and regulations must be filed with the Commission, which is required to determine whether such schedules are just, reasonable and not unduly discriminatory. Part 61 of the Commission's Rules establishes the procedures for filing tariffs which contain the charges, practices and regulations of the common carriers, supporting economic data and other related documents. The supporting data must also conform to other parts of the Rules such as Parts 36 and 69. Part 61 prescribes the framework for the initial establishment of and subsequent revisions to tariffs. Tariffs that do not conform to Part 61 requirements may be rejected. In addition to tariffs filed with the Commission, carriers may be required to post their schedules or rates and regulations. See 47 CFR 61.72. On April 27, 2001, the Commission released the Seventh Report and Order (i.e., the CLEC Access Order) in CC Docket No. 96-262, which limited the application of the Commission's tariff rules to interstate access services provided by nondominant local exchange carriers (i.e., competitive local exchange carriers (CLECs)). Pursuant to the CLEC Access Order, CLEC access rates that are at or below a benchmark set by the Commission will be presumed to be just and reasonable and may be imposed by tariff. Above the benchmark, CLEC access services will be mandatorily detariffed. The practical effect of the CLEC Access Order is that some CLECs will need to revise their existing tariffs to bring their rates into line with the benchmark. CLECs will need to follow

similar procedures on an annual basis for the next three years, as the benchmark declines pursuant to a schedule adopted by the Commission. The information collected through a carrier's tariff is used by the Commission to determine whether the services offered are just and reasonable as the Act requires. The tariffs and any supporting documentation are examined in order to determine if the services are offered in a just and reasonable manner. Obligation to respond: Mandatory.

OMB Control No.: 3060-0989.
Expiration Date: 11/30/2004.
Title: Procedures for Applicants Requiring Section 214 Authorization for Domestic Interstate Transmission Lines Acquired through Corporate Control.

Form No.: N/A.
Respondents: Business or other for-profit.

Estimated Annual Burden: 25 respondents; 65 hour per response (avg.); 1625 total annual burden hours.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$20,375.

Frequency of Response: On occasion.

Description: In a Public Notice (DA 01-1654), released 7/20/01, the Commission announced procedures for common carriers requiring authorization under section 214 of the Communications Act of 1934, as amended to acquire domestic interstate transmission lines through an acquisition of control. Under section 214, carriers must obtain Commission approval before constructing, acquiring, or operating an interstate transmission line. 47 CFR 63.01 confers blanket authority under section 214 for common carriers to construct, acquire, and operate domestic transmission lines without prior Commission approval. This blanket authority, however, expressly does not apply when there is a transfer of interstate lines resulting from an acquisition of corporate control.

Pursuant to the Public Notice, domestic section 214 applications involving acquisitions of corporate control, at a minimum, should specify: (1) A description of the transaction and the parties involved; (2) the type of services the parties provide and the locations where those services are provided; (3) any applications pending or to be filed with the FCC that relate to the same transaction; (4) a copy of the relevant merger agreement, if any; and (5) a statement as to how granting the application will serve the public convenience and necessity, taking into account any adverse effect on competition in any relevant market. In all instances, applications for domestic section 214 authority involving

acquisitions of corporate control should identify the application as one for "domestic" service in the cover letter of the first page of the applications. All domestic section 214 applications involving acquisitions of corporate control must be accompanied by the relevant filing fee, and a certification pursuant to FCC Rules 1.2001 through 1.2003 that no party to the application is subject to a denial of Federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988 (21 U.S.C. Sec. 853(a)). See 47 CFR 1.1105 (fee schedule); 1.2001–2003 (Anti-Drug Abuse certification). After an applicant files an application, interested third parties may file comments on or before a due date set forth by the FCC or Common Carrier Bureau (Bureau) in a Public Notice. The information will be used to ensure that applicants comply with the requirements of 47 U.S.C. 214.

Obligation to respond: Required to obtain or retain a benefit.

OMB Control No.: 3060–0391.

Expiration Date: 2/28/2005.

Title: Program to Monitor the Impacts of the Universal Service Support Mechanisms, CC Docket Nos. 98–202, 96–45.

Form No.: N/A.

Respondents: Business or other for-profit.

Estimated Annual Burden: 1439 respondents; 40 minutes to 1.5 hours per response (avg.); 1716 total annual burden hours.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: Annually.

Description: Both now and prior to the Telecommunications Act of 1996, the Commission has taken steps to promote universal access to telephone service. In 1987, the Commission, acting on the recommendation of the Separations Joint Board, adopted a monitoring program to address universal service and separations issues raised in CC Docket No. 80–286.

Because that monitoring program (and the Monitoring Reports derived from the program) integrated information from all fifty states, Commission and state staff worked closely to prepare accurate and useful analyses. The Monitoring Reports have been and continue to be widely used by the public, state commissions, and industry because they provide valuable information on universal service support in all states. Currently the monitoring program consists of one item. Information on network usage and growth: This information is generally maintained by all companies that settle their accounts with the National Exchange Carriers Association (NECA) on a cost basis. This information is

collected by NECA. The data collected are: local dial equipment minutes, intrastate toll dial equipment minutes, interstate toll dial equipment minutes, total dial equipment minutes, interstate dial equipment minute factors, and interstate access minutes. The monitoring program is necessary for the Commission, the Joint Board, Congress, and the general public to assess the impact of the new universal service support mechanisms. Failure to implement the program would make it impossible to determine the impact of these mechanisms and to assure that the implementation of section 254 fulfills the intent of Congress and furthers the public interest. Obligation to respond: Mandatory.

Public reporting burden for the collections of information are as noted above. Send comments regarding the burden estimates or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, DC 20554.

Federal Communications Commission.

William Caton,

Acting Secretary.

FEDERAL MARITIME COMMISSION

Ocean Transportation Intermediary License; Applicants

Notice is hereby given that the following applicants have filed with the Federal Maritime Commission an application for license as Non-Vessel Operating Common Carrier and Ocean Freight Forwarder—Ocean Transportation Intermediary pursuant to section 19 of the Shipping Act of 1984 as amended (46 U.S.C. app. 1718 and 46 CFR part 515).

Persons knowing of any reason why the following applicants should not receive a license are requested to contact the Office of Transportation Intermediaries, Federal Maritime Commission, Washington, DC 20573.

Non-Vessel Operating Common Carrier Ocean Transportation Intermediary Applicants:

Future Maritime Group Inc., 26–15 Parsons Blvd., Unit F, Flushing, NY 11354, *Officers:* Hong Li Han, Vice President, (Qualifying Individual), Shen Yong Zhen, Director.

Spartan Shipping, Inc., 1890 NW 82 Avenue, Suite 110, Miami, FL 33126, *Officer:* Dennis J. Bauman, President, (Qualifying Individual).

Fleischer Freight Services, Inc., 930 W. Hyde Park Blvd., Inglewood, CA 90302, *Officers:* Richard G. Fleischer, Jr., President, (Qualifying Individual), Jacqueline Ann Fleischer, Secretary.

Cala Distribution, L.C., 2279 NW 102 Place, Miami, FL 33172–2523, *Officer:* Ana J. Martinez, Asst. Manager, (Qualifying Individual).

ITLC Corporation, 17337 Ventura Blvd., Suite 200, Encino, CA 91316, *Officer:* Iouri Zdjanski, President, (Qualifying Individual).

Nick International Shipping Inc., dba Olimpia Sandoval, 1841 Carter Avenue, Bronx, NY 10457, *Officers:* Olimpia Sandoval, President, (Qualifying Individual), Nicholas Sandoval, Vice President.

Inter-Cargo, Inc., 1990 NW 95th Avenue, Miami, FL 33172, *Officers:* Flora B. Bofill, President, (Qualifying Individual), Ariana M. Kumpis, Vice President.

Olympiad Line, LLC., PO Box 52, 173 Route 526, Imlaystown, NJ 08526, *Officers:* Wally Kopec, President, (Qualifying Individual), Anthony Marco, Secretary.

FEDERAL MARITIME COMMISSION

Notice of Agreement(s) Filed

The Commission hereby gives notice of the filing of the following agreement(s) under the Shipping Act of 1984. Interested parties can review or obtain copies of agreements at the Washington, DC offices of the Commission, 800 North Capitol Street, NW., Room 962. Interested parties may submit comments on an agreement to the Secretary, Federal Maritime Commission, Washington, DC 20573, within 10 days of the date this notice appears in the **Federal Register**.

Agreement No.: 011677–004.

Title: United States Australasia Agreement.

Parties: Australia-New Zealand Direct Line, CMA CGM, S.A., Contship Containerlines, Hamburg-Sud, P&O Nedlloyd Limited, Wallenius Wilhelmsen Lines AS.

Synopsis: The proposed agreement modification would extend for two months the parties' existing trade participation program.

By Order of the Federal Maritime Commission.
