SUPPLEMENTARY INFORMATION:

Title: Standard Reinsurance Agreement Plan of Operations.

OMB Number: 0563-NEW.

Type of Request: New information collection.

Abstract: The Federal Crop Insurance Act (Act), Title 7 U.S.C. Chapter 36 Section 1508(k) authorizes the Federal Crop Insurance Corporation (FCIC) to provide reinsurance to insurers approved by FCIC that insure producers of any agricultural commodity under one or more plans acceptable to FCIC. The Act also states that the reinsurance

shall be provided on such terms and conditions as the Board may determine to be consistent with subsections (b) and (c) of this section and sound reinsurance principles.

FCIC executes the same form of reinsurance agreement, called the Standard Reinsurance Agreement (SRA), with eighteen participating insurers approved for the 2002 program. In Appendix 2 of the SRA, the Plan of Operations (Plan) sets forth the information the insurer is required to file with RMA for the initial and each subsequent reinsurance year. The Plan's information enables RMA to evaluate the insurer's financial and operational capability to deliver the crop insurance program in accordance with the Act. Estimated premiums by fund by state, and retained percentages along with current policyholders surplus are used in calculations to approve the insurer's requested maximum reinsurable premium writings for the reinsurance year per 7 CFR 400 Subpart L. This information has a direct effect upon the insurer's amount of retained premium and associated liability and is required to calculate the insurer's underwriting gain or loss.

Manual 14, Guidelines and Expectations for Delivery of the Federal Crop Insurance Program, is incorporated into the SRA by reference. Manual 14 establishes the minimum Training and quality control review procedures and performance standards required of all insurers who deliver any policy reinsured under the Act. In order to evaluate their compliance with the terms of the SRA, FCIC requires each insurer to submit, for each reinsurance year, an Annual Summary Report to Compliance containing details of the results of their completed reviews classified into four categories: Proficiency Evaluations, Compliance Crop Insurance Contract Reviews, Underwriting Reviews, and Claims Reviews.

We are asking the Office of Management and Budget (OMB) to approve this information collection activity for 3 years.
