Size or precision grade of a bearing does not influence whether the bearing is covered by the petition. With regard to finished parts, all such parts are covered by the petition. For unfinished parts, such parts are included if (1) they have been heat-treated prior to importation, or (2) heat treatment is not required to be performed on the part. Thus, the only unfinished parts that are not covered by the petition are those that will be subject to heat treatment after importation. Unless the Department of Commerce extends the time for initiation pursuant to section 732(c)(1)(B) of the Act (19 U.S.C. 1673a(c)(1)(B)), the Commission must reach a preliminary determination in antidumping investigations in 45 days, or in this case by April 1, 2002. The Commission's views are due at Commerce within five business days thereafter, or by April 8.
