**Amended Final Determination**

On January 15, 2002, the Department determined that stainless steel bar from Italy is being, or is likely to be, sold in the United States at less than fair value (“LTFV”), as provided in section 735(a) of the Act. *See Notice of Final Determination of Sales at Less Than Fair Value: Stainless Steel Bar from Italy*, 67 FR 3155 (January 23, 2002) (“SSB Italy Final Determination”). On January 22, 2002, we received ministerial error allegations, timely filed pursuant to 19 CFR 351.224(c)(2), from Rodacciai S.p.A. (“Rodacciai”)

regarding the Department’s final margin calculations. Rodacciai requested that we correct the errors and publish a notice of amended final determination in the **Federal Register**, pursuant to 19 CFR 351.224(e). Rodacciai’s submission alleges that the Department inadvertently used the “date of sale” variable rather than the “date of shipment” variable when recalculating U.S. credit expenses.

The petitioners in this proceeding did not submit any comments on Rodacciai’s ministerial error allegation.

In accordance with section 735(e) of the Act, we have determined that a ministerial error in the calculation of Rodacciai’s U.S. credit expenses was

made in our final margin calculations. For a detailed discussion of the above-cited ministerial error allegation and the Department’s analysis, *see* Memorandum to Richard W. Moreland, “Allegation of Ministerial Error; Final Determination in the Antidumping Duty Investigation of Stainless Steel Bar from Italy” dated February 14, 2002, which is on file in room B-099 of the main Commerce building.

Therefore, in accordance with 19 CFR 351.224(e), we are amending the final determination of the antidumping duty investigation of stainless steel bar from Italy to correct this ministerial error. The revised final weighted-average dumping margins are as follows:

Exporter/manufacturer	Original weighted-average margin percentage	Revised weighted-average margin percentage
Acciaierie Valbruna Srl/Acciaierie Bolzano S.p.A. ....	2.50	2.50
Acciaiera Foroni SpA .....	7.07	7.07
Traffilerie Bedini, Srl .....	1.70	1.70
Rodacciai S.p.A. ....	5.89	3.83
Cogne Acciai Speciali Srl .....	33.00	33.00
All Others .....	3.81	3.81

\* Pursuant to 19 CFR 351.204(d)(3), we have excluded rates calculated for voluntary respondents (*i.e.*, Rodacciai and Traffilerie Bedini, Srl) from the calculation of the all-others rate under section 735(c)(5) of the Act.

\*\* Pursuant to section 735(c)(5)(A), we have excluded from the calculation of the all-others rate margins which are zero or *de minimis*, or determined entirely on facts available.

**Continuation of Suspension of Liquidation**

In accordance with section 735(c)(1)(B) of the Act, we are directing the U.S. Customs Service (“Customs”) to continue to suspend liquidation of all imports of stainless steel bar from Italy, except for subject merchandise produced by Bedini (which has a *de minimis* weighted-average margin). Customs shall require a cash deposit or the posting of a bond equal to the weighted-average amount by which the normal value exceeds the export price or constructed export price, as appropriate, as indicated in the chart above. These suspension of liquidation instructions will remain in effect until further notice.

**ITC Notification**

In accordance with section 735(d) of the Tariff Act, we have notified the International Trade Commission of our amended final determination.

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act.

**Stainless Steel Sheet and Strip in Coils From the Republic of Korea: Amended Final Results of Countervailing Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.  
**ACTION:** Amendment of Final Results of Countervailing Duty Administrative Review.

**SUMMARY:** On January 15, 2002, the Department of Commerce (the Department) published in the **Federal Register** its final results of the first administrative review of the countervailing duty order on stainless steel sheet and strip in coils from the Republic of Korea for the period

November 17, 1998, through December 31, 1999 (67 FR 1964). On January 15, 2002, we received a timely filed ministerial error allegation. Based on our analysis of this information, the Department has revised the net subsidy rate for Inchon Iron & Steel Co., Ltd. (Inchon).

**EFFECTIVE DATE:** February 22, 2002.  
**FOR FURTHER INFORMATION CONTACT:** Tipten Troidl at 202-482-1767 or Darla Brown at 202-482-2849, Office of AD/CVD Enforcement VI, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, Room 4012, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

**Corrections**

On January 15, 2002, the respondent, Inchon, timely filed two ministerial error allegations. First, Inchon alleges that the Department calculated a countervailable benefit on an interest payment for a won-denominated variable rate loan outstanding during the POR by using an incorrect number of days outstanding. Inchon claims that the first ministerial error is the result of a keystroke error in one of the cells of the spreadsheet used to calculate the

number of days outstanding for an interest rate payment. Second, respondent argues that the Department made a ministerial error when it used won-denominated fixed-rate benchmarks to calculate benefits on won-denominated variable-rate loans outstanding during the POR. The petitioner has not commented on these ministerial error allegations.

We find that both alleged errors fulfill the criteria for being a ministerial error. We agree with Inchon that the Department inadvertently miscalculated the benefit attributed to an interest payment for a won-denominated variable rate loan outstanding during the POR. We have addressed this error for the amended final results by correcting the number of days outstanding used in the benefit calculation. We find that it does fulfill the criteria for being a ministerial error. Therefore, we made the appropriate corrections to the loan calculations. See February 14, 2002 "Memorandum to Bernard Carreau, Deputy Assistant Secretary for AD/CVD Enforcement II from Melissa G. Skinner, Director, Office Director, AD/CVD Enforcement VI, RE: Ministerial Error Allegation filed by Respondent, Final Results of Countervailing Duty Administrative Review: Stainless Steel Sheet and Strip from the Republic of Korea."

As a result, the net subsidy rate for the GOK's Direction of Credit program should have been 0.07 percent *ad valorem*.

#### Amended Final Results of Review

Pursuant to the Department's regulations at 19 CFR 351.224(e), Inchon's amended rate is 2.45 percent *ad valorem*.

The Department will instruct the Customs Service ("Customs") to assess countervailing duties on all appropriate entries on or after November 17, 1998, and on or before December 31, 1999. The Department will issue liquidation instructions directly to Customs. The amended cash deposit requirements are effective for all shipments from Inchon of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice and shall remain in effect until publication of the final results of the next administrative review.

This amendment to the final results of the countervailing duty administrative review is in accordance with section 751(a)(1) of the Tariff Act, as amended, (19 U.S.C. 1675(a)(1)), 19 CFR 351.213, and 19 CFR 351.221(b)(5)).
