

number of days outstanding for an interest rate payment. Second, respondent argues that the Department made a ministerial error when it used won-denominated fixed-rate benchmarks to calculate benefits on won-denominated variable-rate loans outstanding during the POR. The petitioner has not commented on these ministerial error allegations.

We find that both alleged errors fulfill the criteria for being a ministerial error. We agree with Inchon that the Department inadvertently miscalculated the benefit attributed to an interest payment for a won-denominated variable rate loan outstanding during the POR. We have addressed this error for the amended final results by correcting the number of days outstanding used in the benefit calculation. We find that it does fulfill the criteria for being a ministerial error. Therefore, we made the appropriate corrections to the loan calculations. See February 14, 2002 "Memorandum to Bernard Carreau, Deputy Assistant Secretary for AD/CVD Enforcement II from Melissa G. Skinner, Director, Office Director, AD/CVD Enforcement VI, RE: Ministerial Error Allegation filed by Respondent, Final Results of Countervailing Duty Administrative Review: Stainless Steel Sheet and Strip from the Republic of Korea."

As a result, the net subsidy rate for the GOK's Direction of Credit program should have been 0.07 percent *ad valorem*.

Amended Final Results of Review

Pursuant to the Department's regulations at 19 CFR 351.224(e), Inchon's amended rate is 2.45 percent *ad valorem*.

The Department will instruct the Customs Service ("Customs") to assess countervailing duties on all appropriate entries on or after November 17, 1998, and on or before December 31, 1999. The Department will issue liquidation instructions directly to Customs. The amended cash deposit requirements are effective for all shipments from Inchon of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice and shall remain in effect until publication of the final results of the next administrative review.

This amendment to the final results of the countervailing duty administrative review is in accordance with section 751(a)(1) of the Tariff Act, as amended, (19 U.S.C. 1675(a)(1)), 19 CFR 351.213, and 19 CFR 351.221(b)(5)).
