

The Assistant Secretary for Administration, with the concurrence of the General Counsel, formally determined on November 30, 2001, pursuant to section 10 (d) of the Federal Advisory Committee Act, as amended, that the series of meetings of the Committee and of any Subcommittees thereof, dealing with the classified materials listed in 5 U.S.C., 552b(c)(1) shall be exempt from the provisions relating to public meetings found in section 10(a)(1) and (a)(3), of the Federal Advisory Committee Act. The remaining series of meetings or portions thereof will be open to the public.

A copy of the Notice of Determination to close meetings or portions of meetings of the Committee is available for public inspection and copying in the Central Reference and Records Inspection Facility, Room 6020, U.S. Department of Commerce, Washington, DC 20230. For more information, contact Lee Ann Carpenter on (202) 482-2583.

Dated: February 21, 2002.

Lee Ann Carpenter,

Committee Liaison Officer.

Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People's Republic of China; Notice of Extension of Time Limit for New Shipper Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Extension of Time Limit.

EFFECTIVE DATE: February 27, 2002.

FOR FURTHER INFORMATION CONTACT:

Jarrod Goldfeder or S. Anthony Grasso, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington DC 20230; telephone (202) 482-0189 or (202) 482-3853, respectively.

SUPPLEMENTARY INFORMATION:

Statutory Time Limits

Section 751(a)(2)(B)(iv) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary results of a new shipper review within 180 days after the date on which the new shipper review was

initiated and the final results within 90 days after the date on which the preliminary results were issued. However, if the Department concludes that the case is extraordinarily complicated, section 751(a)(2)(B)(iv) of the Act allows the Department to extend these deadlines to a maximum of 300 days and 150 days, respectively.

Background

On January 24, 2001, the Department published a notice of initiation of new shipper antidumping duty reviews of TRBs from the PRC, covering the period June 1, 2000 through November 30, 2000 (66 FR 8385) for Yantai Timken Company Limited and Peer Bearing Company - Changshan ("CPZ"). On May 9, 2001, the Department expanded CPZ's period of review to January 31, 2001. On November 29, 2001, the Department published its preliminary results. See 66 FR 59569 (November 29, 2001). In our notice of preliminary results, we stated our intention to issue the final results of these reviews by no later than 90 days from the issuance of the preliminary results.

Extension of Time Limits for Preliminary Results

Due to the complexity of certain issues, such as market-economy inputs and a request for a changed circumstances review, the Department concludes that these reviews are extraordinarily complicated. Therefore, the Department is extending the time limit for completion of these final results to not later than March 5, 2002, in accordance with section 751(a)(2)(B)(iv) of the Act.

This extension is in accordance with section 751(a)(2)(B) of the Act.

February 19, 2002.

Susan Kuhbach,

Acting Deputy Assistant Secretary for AD/CVD Enforcement.

Antidumping Duty Order: Welded Large Diameter Line Pipe from Mexico

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of antidumping duty order.

EFFECTIVE DATE: February 27, 2002

FOR FURTHER INFORMATION CONTACT: Mesbah Motamed at 202-482-1382, Import Administration, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230.

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations at 19 CFR part 351 (2001).

Background

On January 4, 2002, the Department issued its final determination in the antidumping duty investigation of welded large diameter line pipe from Mexico. See Notice of Final Determination of Sales At Less Than Fair Value: Welded Large Diameter Line Pipe, 67 FR 566 (January 4, 2002) ("Final Determination").

On February 19, 2002, the International Trade Commission ("ITC") notified the Department of its final determination pursuant to section 735(b)(1)(A)(i) of the Act that an industry in the United States is materially injured by reason of less-than-fair-value imports of subject merchandise from Mexico.

Scope of the Investigation

The product covered by this investigation is certain welded carbon and alloy line pipe, of circular cross section and with an outside diameter greater than 16 inches, but less than 64 inches, in diameter, whether or not stenciled. This product is normally produced according to American Petroleum Institute (API) specifications, including Grades A25, A, B, and X grades ranging from X42 to X80, but can also be produced to other specifications.

Specifically not included within the scope of this investigation is American Water Works Association (AWWA) specification water and sewage pipe, and the following size/grade combinations of line pipe:

- Having an outside diameter greater than or equal to 18 inches and less than or equal to 22 inches, with a wall thickness measuring 0.750 inch or greater, regardless of grade.

- Having an outside diameter greater than or equal to 24 inches and less than 30 inches, with wall thickness measuring greater than 0.875 inches in grades A, B, and X42, with wall thickness measuring greater than 0.750
