Standard Paragraph

E. Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's rules of practice and procedure (18 CFR 385.211 and 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

Kern River Gas Transmission Company; Notice of Availability/Completion of the Draft Environmental Impact Statement/Report for the Proposed Kern River 2003 Expansion Project

February 21, 2002.

The staffs of the Federal Energy Regulatory Commission (FERC or Commission) and the California State Lands Commission (CSLC) have prepared a draft environmental impact statement/report (EIS/EIR) to address natural gas pipeline facilities proposed by Kern River Gas Transmission Company (KRGT).

The draft EIS/EIR was prepared as required by the National Environmental Policy Act and the California Environmental Quality Act. Its purpose is to inform the public and the permitting agencies about the potential adverse and beneficial environmental impacts of the proposed project and its alternatives, and recommend mitigation measures that would reduce any significant adverse impacts to the maximum extent possible and, where feasible, to a less than significant level. The FERC and the CSLC staffs conclude that approval of the proposed project, with appropriate mitigation measures as recommended, would have limited adverse environmental impact.

The Bureau of Land Management (BLM) is participating as a cooperating agency in the preparation of the EIS/EIR because the project would cross Federal land under the jurisdiction of seven field offices in Wyoming, Utah, and Nevada, and one district office and three field offices in California. The U.S. Department of Agriculture, Forest Service (FS) is also a cooperating agency in the preparation of the document because the Dixie National Forest and the Humboldt-Toiyabe National Forest/Spring Mountains National Recreation Area would be crossed by the project. The EIS/EIR will be used by the BLM to consider issuance of a right-of-way grant for the portion of the project on Federal lands.

The draft EIS/EIR addresses the potential environmental effects of the construction and operation of the following facilities in Wyoming, Utah, Nevada, and California:

- 634.5 miles of 36-inch-diameter pipeline adjacent to KRGT's existing pipeline in Wyoming (Lincoln and Uinta Counties), Utah (Summit, Morgan, Salt Lake, Utah, Juab, Millard, Beaver, Iron, and Washington Counties), Nevada (Lincoln and Clark Counties), and California (San Bernardino County);
- 82.2 miles of 42-inch-diameter pipeline adjacent to the portion of KRGT's existing pipeline that it jointly owns with Mojave Pipeline Company in California (San Bernardino and Kern Counties);
- 0.8 mile of 12-inch-diameter pipeline in Uinta County, Wyoming;
- three new compressor stations, one each in Wyoming (Uinta County), Utah (Salt Lake County), and Nevada (Clark County) for a total of 60,000 horsepower (hp) of compression;
- modifications to six existing compressor stations, one in Wyoming (Lincoln County), three in Utah (Utah, Millard, and Washington Counties), one in Nevada (Clark County), and one in California (San Bernardino County) for a total of 103,700 hp of compression;
- modifications to one existing meter station in Wyoming (Lincoln County) and four existing meter stations in California (two each in San Bernardino and Kern Counties); and
- various mainline block valves, internal inspection tool launcher/receiver facilities, and other appurtenances.

Comment Procedures and Public Meetings

Any person wishing to comment on the draft EIS/EIR may do so. However, to ensure inclusion in the environmental analysis it is imperative that your comments are received by the date specified below. Please carefully follow these instructions so that your comments are properly recorded:

- Send an original and two copies of your comments to: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission 888 First Street, N.E., Room 1A, Washington, DC 20426;
- Reference Docket No. CP01-422-000;
- Label one copy of your comments for the attention of the Gas Branch 1;
- Send an additional copy of your letter to the following individual: Cy Oggins, California State Lands Commission, 100 Howe Avenue, Suite 100 South, Sacramento, CA 95825; and
- Mail your comments so that they will be received in Washington, DC and Sacramento, CA on or before April 15, 2002.

Please note that we are continuing to experience delays in mail deliveries from the U.S. Postal Service. Because

only those comments received on or before April 15, 2002 will be considered in the final EIS/EIR, the Commission encourages electronic filing or use of private mail delivery services to submit comments on the draft EIS/EIR. See Title 18 Code of Federal Regulations (CFR) Part 385.2001(a)(1)(iii) and the instructions on the Commission's website at <http://www.ferc.gov> under the "e-Filing" link and the link to the User's Guide. Before you can file comments you will need to create an account by clicking on "Login to File" and then "New User Account."

In addition to or in lieu of sending written comments, the FERC and the CSLC invite you to attend the public meetings the staffs will conduct in the project area to receive comments on the draft EIS/EIR. All meetings will begin at 7:00 p.m., and are scheduled as follows:

Date	Location
Monday, April 1, 2002	Ramada Inn, 1511 E. Main Street, Barstow, California 92311, (760) 256-5673.
Tuesday, April 2, 2002.	Clark County Government Center, ETD Room 3, 500 South Grand Central Parkway, Las Vegas, Nevada 89106, (702) 455-3121.
Wednesday, April 3, 2002.	Holiday Inn, 1575 West 200 North, Cedar City, Utah 84720, (435) 586-8888.
Thursday, April 4, 2002.	Fairfield Inn, 230 North Admiral Byrd Drive, Salt Lake City, Utah 84116, (801) 355-3331.
Friday, April 5, 2002	Days Inn, 339 Wasatch Road, Evanston, Wyoming 82930, (307) 789-2220.

Interested groups and individuals are encouraged to attend and present oral comments on the draft EIS/EIR. Transcripts of the meetings will be prepared.

After the comments are reviewed, any significant new issues are investigated, and necessary modifications are made to the draft EIS/EIR, a final EIS/EIR will be published and distributed. The final EIS/EIR will contain the FERC and the CSLC staffs' responses to timely comments received on the draft EIS/EIR.

Comments will be considered by the FERC and the CSLC but will not serve to make the commenter a party to the proceeding. Any person seeking to become a party to the proceeding must

file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedure (Title 18 CFR part 385.214). Anyone may intervene in this proceeding based on the draft EIS/EIR. You must file your request to intervene as specified above.¹ You do not need intervenor status to have your comments considered.

Federal, state, and local agencies; elected officials; Native American groups; newspapers; public libraries; intervenors to the FERC's proceeding; and other interested parties who provided scoping comments or written or oral comments on the draft EIS/EIR, as well as those who previously asked to remain on the mailing list will receive a copy of the final EIS/EIR. If you are not described by one of these categories but wish to receive a copy of the final EIS/EIR, you must write to the Secretary of the FERC indicating this request.

The draft EIS/EIR has been placed in the public files of the FERC and the CSLC and is available for public inspection at:

Federal Energy Regulatory Commission, Public Reference and Files Maintenance Branch, 888 First Street, N.E., Room 2A, Washington, DC 20426, (202) 208-1371
and
California State Lands Commission, 100 Howe Avenue, Suite 100 South, Sacramento, CA 95825, (916) 574-1889

A limited number of copies of the draft EIS/EIR are available from the FERC's Public Reference and Files Maintenance Branch identified above. Copies may also be obtained from Cy Oggins, CSLC, at the address above.
