### Notice of Lodging of Partial Consent Decree Under the Clean Water Act

Under 28 CFR 50.7, notice is hereby given that on February 15, 2002, a proposed Partial Consent Decree ("decree") in *United States and State of Ohio v. Board of County Commissioners of Hamilton County and the City of Cincinnati*, Civil Action Nos. C-1-02-107 and C-1-02-108, was lodged with the United States District Court for the Southern District of Ohio.

In this action the United States sought injunctive relief from defendants for unauthorized discharges from their sanitary sewer system, located in Hamilton County, Ohio. These unauthorized discharges are also known as sanitary sewer overflows, or SSOs, and are violations of the Clean Water Act. The decree requires the defendants

to implement an interim and then permanent remedy for SSO 700 and to implement certain other specified capital improvement projects, which are expected to eliminate other "highly active" SSOs. In addition, defendants are required to perform comprehensive modeling and analysis of their sanitary sewer system and to propose a comprehensive plan to address the rest of their SSOs and to provide adequate future system capacity. The decree specifically reserves claims of the United States for penalties related to these unauthorized discharges, as well as claims for penalties and injunctive relief concerning other sewer system violations, including among others, violations concerning defendants' wastewater treatment plants and combined sewer system.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, PO Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States and State of Ohio v. **Privacy Act of 1974; System of Records**

Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a) notice is given that the Federal Bureau of Prisons (Bureau) proposes to modify its System of Records "Office of Internal Affairs (OIA) Investigative Records, JUSTICE/BOP-012." This system, which was last published on August 29, 1995, (60 FR 44901), is now being modified and will become effective sixty (60) days from the date of publication.

Information in this system relates to matters for which the OIA has responsibility pursuant to the Inspector General Act of 1978, 5 U.S.C. App. 3, as

amended by the Inspector General Act Amendments of 1988. Responsibilities include auditing, inspecting, and investigating BOP programs and operations with an objective to promote economy, efficiency, and effectiveness in the administration of such programs and operations and to prevent and detect fraud, waste, and abuse in such programs and operations. The system covers records relating to BOP investigations of appropriate individuals and entities, including staff misconduct.

Appropriate sections have been revised to reflect technological advances and new agency practices regarding the storage, retrieval, access, retention and disposal of records in the system. For example, digital recordings and Compact Discs (CDs) have been added to the sections describing Categories of Records and Storage. System locations and description of records have been updated. One routine use has been revised and two routine uses have been added: Routine Use (d) has been revised to permit the BOP to initiate disclosure of staff misconduct information to other government and private correctional entities, as well as responding to inquiries by them, as currently permitted. Routine Use (i) has been added to allow disclosure to contractors. Routine Use (j) has been added to allow disclosure to former employees. All other sections remain the same, including the exemptions from certain provisions of the Privacy Act, as previously promulgated.

Title 5 U.S.C. 552a(e)(4) and (11) provide that the public be provided a thirty (30) day period in which to comment. The Office of Management and Budget (OMB), which has oversight responsibilities under the Privacy Act, requires that it be given a forty (40) day period in which to review the system. Therefore, please submit any comments by April 1, 2002. The public, OMB, and the Congress are invited to send written comments to Mary Cahill, Management and Planning Staff, Justice Management Division, Department of Justice, Washington, DC 20530 (1400 National Place Building).

In accordance with 5 U.S.C. 552a(r), the Department has provided a report to OMB and the Congress on the proposed modification.
