[Release No. 34-45464; File No. SR-ISE-2002-03]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by the International Securities Exchange LLC To Amend Its Rules Relating to Ratio Orders

February 21, 2002.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 12, 2002, the International Securities Exchange LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the ISE. ISE filed the proposed rule change pursuant to section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to amend Rule 722 to permit a spread, straddle, or combination order that consists of legs that have a different number of contracts as long as the number of contracts differ by a ratio of 0.5 or greater. Below is the text of the proposed rule change. New text is in *italics*. Proposed deletions are in [brackets].

(a) Complex Orders Defined. A complex order is any order for the same account as defined below.

(6) Ratio Order. A spread, straddle or combination order may consist of *legs that have* a different number of contracts, so long as the number of contracts differs by a permissible ratio. For purposes of this paragraph, a permissible ratio of contracts is any [of

the following: one-to-one, one-to-two and two-to-three.] *ratio that is equal to or greater than .5. For example, a one-to-two ratio (which is equal to .5) and a six-to-ten ratio (which is equal to .6) are permitted, but a one-to-three ratio (which is equal to .33) is not.*

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ISE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The ISE has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

ISE Rule 722(a)(6) provides that the legs of a spread, straddle, or combination order can consist of different number of contracts, so long as the number of contracts differs by a permissible ratio. The permissible ratios are defined as one-to-one (100%), two-to-three (67%) and one-to-two (50%). Thus, the lowest percentage ratio currently permitted by Rule 722(a)(6) is 50%.

The Exchange proposes to redefine the permissible ratios as any ratio whose percentage is equal to or greater than 0.5 (*i.e.*, 50%). This proposed change would permit ratios between 100% and 50% other than the current two-to-three ratio, but would not change the minimum percentage currently permitted under the rule. For example, a one-to-two ratio (which is equal to 0.5) and a six-to-ten ratio (which is equal to 0.6) will be permitted, but a one-to-three ratio (which is equal to 0.33) will not.

Currently, there is only one ratio between 100% and 50% allowed under the Rule—two- to three (67%). However, ISE members have indicated that their trading and hedging models often produce inexact ratios, and that the rule is unnecessarily restrictive in an electronic trading environment. As the ISE trading system has the capability to accept all ratios, the Exchange believes it is arbitrary to restrict which ratios may be entered between 100% and 50%. Moreover, ISE believes that there is no regulatory reason why a two-to-

three ratio should be permitted, while a six-to-ten should not. ISE also believes that limiting complex orders to such "traditional" ratios simply does not reflect the advancement of trading and hedging strategies that are common in the market today, the migration to decimal trading, or the advancement in exchange trading systems that allow such orders to be executed with ease.

2. Statutory Basis

The basis under the Act for this proposed rule change is the requirement under Section 6(b)(5)⁵ that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has designated the foregoing rule change as effecting a change that: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms does not become operative for 30 day from the date of filing. In addition, the Exchange provided the Commission with written notice of its intent to file the proposed rule change at least five days prior to the filing date. Accordingly, the proposed rule change has become effective pursuant to section 19(b)(3)(A) of the Act⁶ and Rule 19b-4(f)(6) thereunder.⁷ At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors,

or otherwise in furtherance of the purposes of the Exchange Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the ISE. All submissions should refer to File No. ISE-2002-03 and should be submitted by March 21, 2002.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁸

J. Lynn Taylor,
Assistant Secretary.
