SUPPLEMENTARY INFORMATION:

Background

On March 16, 1934, Congress passed and President Roosevelt signed the Migratory Bird Hunting Stamp Act.

Popularly known as the Duck Stamp Act, it required all waterfowl hunters 16 years or older to buy a stamp annually. The revenue generated was originally earmarked for the Department of Agriculture, but 5 years later was transferred to the Department of the Interior and the U.S. Fish and Wildlife Service to buy or lease waterfowl sanctuaries.

In the years since its enactment, the Federal Duck Stamp Program has become one of the most popular and successful conservation programs ever initiated. Today, some 1.5 million stamps are sold each year, and, as of 2000, Federal Duck Stamps have generated \$511 million for the preservation of more than 5 million acres of waterfowl habitat in the Untied States. Numerous other birds, mammals, fish, reptiles and amphibians have similarly prospered because of habitat protection made possible by the program. An estimated one-third of the nation's endangered and threatened species find food or shelter in refuges preserved by Duck Stamp funds. Moreover, the protected wetlands help dissipate storms, purify water supplies, store flood water, and nourish fish hatchlings important for sport and commercial fishermen.

The Contest

The first Federal Duck Stamp was designed, at President Roosevelt's request, by Jay N. "Ding" Darling, a nationally known political cartoonist for the *Des Moines Register* and a noted hunter and wildlife conservationist. In subsequent years, noted wildlife artists were asked to submit designs. The first contest was opened in 1949 to any U.S. artist who wished to enter, and 65 artists submitted a total of 88 design entries in the only art competition of its kind sponsored by the U.S. Government. To select each year's design, a panel of noted art, waterfowl, and philatelic authorities are appointed by the Secretary of the interior. Winners received no compensation for the work, except a pane of their stamps, but winners may sell prints of their designs, which are sought by hunters, conservationists, and art collectors.

This year's contest is being held at an earlier date to provide a platform from which to kick off the National Wildlife Refuge Centennial celebration. In 2003, the refuge system will celebrate its 100th anniversary. The contest dates coincide with the 2002 National Wildlife Refuge Week.

The public may view the 2002 Federal Duck Stamp Contest entries on Tuesday, October 15, 2002, from 10 a.m. to 2 p.m. in the Department of the Interior

Auditorium ("C" Street entrance), 1849 C Street, NW., Washington, DC. This year's judging will be held Wednesday, October 16, 2002, beginning at 10:30 a.m. and continuing at 9 a.m. on Thursday, October 17, 2002.

Dated: January 22, 2002.

Minerals Management Service

Agency Information Collection Activities: Proposed Collection, Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of a revision of a currently approved information collection (OMB Control Number 1010-0121).

SUMMARY: To comply with the Paperwork Reduction Act (PRA) of 1995, we are inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) is titled "Administrative Appeal Procedures" (formerly titled "Preliminary Statement of Issues and Fee Waiver").

DATES: Submit written comments on or before April 29, 2002.

ADDRESSES: Submit written comments to Carol P. Shelby, Regulatory Specialist, Minerals Management Service, Minerals Revenue Management, P.O. Box 25165, MS 320B2, Denver, Colorado 80225. If you use an overnight courier service, MMS's courier address is Building 85, Room A-614, Denver Federal Center, Denver, Colorado 80225.

FOR FURTHER INFORMATION CONTACT: Carol P. Shelby, telephone (303) 231-3151, FAX (303) 231-3385.

SUPPLEMENTARY INFORMATION:

Title: Administrative Appeal Procedures.

OMB Control Number: 1010-0121.

Bureau Form Number: None.

Abstract: The Department of the Interior (DOI) is responsible for matters relevant to mineral resource development on Federal and Indian lands and in the Outer Continental Shelf (OCS). The Secretary of the Interior is responsible for managing the production of minerals from Federal and Indian lands and from the OCS, collecting royalties from lessees who produce

minerals, and distributing the funds collected in accordance with applicable laws. The Secretary also has an Indian trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries.

On January 12, 1999, DOI published a proposed rule in the **Federal Register** (64 FR 1930) to revise the appeals process. Proposed 43 CFR part 4, subpart J, would have established a new 1-step process for appeals of royalty orders. Among other actions, the proposed rule would have replaced the current regulations at 30 CFR part 290 and 43 CFR part 4, subpart E, as they relate to appeals of royalty orders. The MMS submitted an information collection request entitled "Preliminary Statement of Issues and Fee Waiver" to cover the information collection requirements in that proposed rule. The OMB approved that request on April 13, 1999, and assigned OMB Control Number 1010-0121.

The MMS received numerous negative comments about some of the

provisions in the proposed rule. Consequently, on May 13, 1999, MMS published a final rule in the **Federal Register** (64 FR 26240) making final only those portions of the January 1999 proposed rule that received few, if any, comments. For example, rather than finalizing the substantive procedural changes in the proposed rule, the regulations in 30 CFR part 290 were separated into two subparts—Subparts A and B—and rewritten using plain English principles. Subpart A relates to appeals for the Offshore Minerals Management program, and Subpart B relates to appeals for the Royalty Management Program (currently Minerals Revenue Management). Subpart J of 43 CFR part 4 was added to the final rule to incorporate specific time frames required in the Federal Oil and Gas Royalty Simplification and Fairness Act of 1996. However, the final rule does not contain the substantive changes required to change the appeals process from a 2-step to a 1-step process

as originally proposed in the proposed rule.

The MMS is revising this information collection to cover the reporting requirements contained in the final rule. These requirements are located in 30 CFR parts 250 and 290. Refer to the burden chart for identified reporting requirements and associated burden hours. Submission of the information in this collection is necessary for MMS to initiate and track appeals of disputed orders. Proprietary information that is submitted is protected, and there are no questions of a sensitive nature included in this information collection.

Frequency: On occasion.

Estimated Number and Description of Respondents: 180 Federal or Indian lessees.

Comments: The PRA (44 U.S.C. 3501, et seq.) provides that an agency may not conduct or sponsor, and a person is not

required to respond to, a collection of information unless it displays a currently valid OMB control number. Before submitting an ICR to OMB, PRA Section 3506(c)(2)(A) requires each agency " * * * to provide notice * * * and otherwise consult

with members of the public and affected agencies concerning each proposed collection of information * * *." Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its

duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting "non-hour cost" burden to respondents or recordkeepers resulting from the collection of information. We have not identified non-hour cost burdens for this information collection. If you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information; monitoring, sampling, testing equipment; and record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our ICR submission for OMB approval, including appropriate adjustments to the estimated burden. We will provide a copy of the ICR to you without charge upon request.

Public Comment Policy. We will make copies of the comments available for public review, including names and addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Individual respondents may request that we withhold their home address from the public record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the rulemaking record a respondent's identity, as allowable by law. If you request that we withhold your name and/or address, state this prominently at the beginning of your comment. However, we will not

consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.
