To request more information on the project or to obtain a copy of the information collection plans and instruments, call the OS Reports Clearance Office at (202) 619–2118 or e-mail Geerie.Jones@HHS.gov.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project 1

Financial Summary of Obligation and Expenditure of Block Grant Funds (45 CFR 96.30)–0990–0236–Public Law 101–510 amended 31 U.S.C. Chapter 15 to provide that, by the end of the fifth fiscal year after the fiscal year in which the Federal government obligated the

funds, the account will be canceled. If valid charges to a canceled account are presented after cancellation, they may be honored only by charging them to a current appropriation account, not to exceed an amount equal to 1 percent of the total appropriations of that account. Because of the need to determine the status of grant accounts to comply with this statutory provision, we have determined that it is appropriate to require an annual report on obligations and/or expenditures from all grantees under the block grant programs.

Administration on Aging

Agency Information Collection Activities: Proposed Submission to the Office of Management and Budget (OMB) for Clearance: Comment Request; Revision of Information Collection

AGENCY: Administration on Aging, HHS. The Administration of Aging (AoA), Department of Health and Human Services, is submitting the following proposal for the collection of information in compliance with the Paperwork Reduction Act (Pub. L. 96-511): State Annual Long-Term Care Ombudsman Report and Instructions for Older Americans Act Title VII.

Type of Request: Revision of a currently approved collection.

Use: To continue an existing information collection, State Annual Long-Term Care Ombudsman Report (and Instructions), from Older Americans Act Title VII grantees. Under section 712(c), section 712(h)(1) and section 712(h)(2)(B) of the Older Americans Act, as amended, states are required to provide information on ombudsman activities to AoA, which AoA is then required to present to Congress. The information on complaints and conditions in long-term care facilities and the ombudsman program is also used by the states, other federal agencies, researchers and consumer groups for a variety of purposes.

Frequency: Annually.

Respondent: State Long-Term Care Ombudsman Programs.

Estimated number of responses: 53.

Estimated Burden Hours:

Approximately 3 hours per state program.

Additional Information or Comments: The reporting system, the National Ombudsman Reporting System (NORS), was developed in response to needs identified and directives in the Older Americans Act and approved by the Office of Management and Budget for use in FY 1995-96. It was twice extended, with slight modifications, for use through August 2004. Although the NORS is approved through August 2004, we are planning to revise the form and instructions for use by the states in FY 2003 (beginning October 2002), with the first report using the revised form due to AoA in January 2004.

The proposed revisions, provided in the attached table, were developed by state and local ombudsmen and have been reviewed by all state ombudsmen. The revised NORS form, with instructions, and a proposed expenditure certification form are posted on the AoA Web site, www.aoa.gov/notices/2002/LTCO-01.html.

Written comments and recommendations for the proposed information collection should be sent by Internet or postal mail to the following address within 60 days of the publication of this notice, via e-mail to sue.wheaton@aoa.gov or regular mail at the following address: Administration on Aging, ATTN: Sue Wheaton, Cohen Building, Room 4737, Washington, DC 20101.

Josefina G. Carbonell,
Assistant Secretary for Aging.

PROPOSED CHANGES IN NATIONAL OMBUDSMAN REPORTING SYSTEM (NORS)

Current	Proposed change
Cases, complainants and complaints by type of facility; action taken on the complaints; a summary of long-term care issues; a detailed profile of the program and its activities, including the number and type of facilities licensed and operating in the state (and the number beds this represents); a description of geographic program coverage, by type of facility; the staffing and funding of local programs; and an overview of other ombudsman activities (including: training, technical assistance, resident visitation, community education, and all other items in Part III F of the current form).	No change.
The current NORS instructions provide general guidance but no specific direction on how to code specific complaints.	Direction on which codes to use for which types of problems is provided in an attachment to the NORS instructions.
The current form has nine categories for types of complainants (cases) and 133 categories for types of problems (complaints). The specific complaint categories are organized by major types of complaints (Residents Rights, Resident Care, etc.) and the specific categories are listed alphabetically within each major group.	Retain the same number of case and complaint fields currently in use and the alphabetical order within the major groups, but adjust the wording on some of the categories to capture problems not specified in the current complaint codes (see italicized words in this column below). (If they wish, states may add additional categories in their own systems and "fold" these back into the NORS categories for the report to AoA.).
