

### Analysis of Comments Received

No parties submitted comments on the preliminary results of review. Accordingly, there is no concurrent issues and decision memorandum or analysis memorandum issued with these final results of review.

### Changes Since the Preliminary Results

We have made no changes in programming since the preliminary results of review.

### Final Results of Review

We determine that the following percentage weighted-average margin exists for the period February 11, 2000 through November 30, 2000:

#### STRUCTURAL STEEL BEAMS

Producer/manufacturer/exporter	Weighted-average margin (percent)
Yamato Kogyo Co., Ltd .....	0.00

### Assessment

The Department shall determine, and U.S. Customs shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b), we have calculated exporter/importer-specific assessment rates. We calculated importer-specific duty assessment rates on a unit value per metric ton basis by summing the dumping margins on U.S. sales, and then dividing this sum by the total metric tons of all U.S. sales examined. Based on our determination in this review, we will instruct Customs not to assess antidumping duties on the merchandise subject to review.

### Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of new shipper review for all shipments of structural steel beams from Japan entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) For the reviewed company listed above, no cash deposit rate will be required; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less than fair value ("LTFV") investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit

rate for all other manufacturers or exporters will continue to be the "all others" rate of 31.98 percent established in the LTFV investigation. See *Notice of Final Determination of Sales at Less Than Fair Value: Structural Steel Beams from Japan*, 65 FR 24182 (April 25, 2000); *Structural Steel Beams from Japan: Notice of Antidumping Duty Order*, 65 FR 37960 (June 19, 2000).

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing these results and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: February 14, 2002.
