

collection are furnished to interested warehouse operators or used by warehouse examiners employed by CCC to secure and record information about the warehouse and its operator. The information collected is necessary to provide those charged with executing contracts for CCC a basis upon which to determine whether the warehouse and the warehouse operator meet applicable standards for a contract and to determine compliance once the contract is approved.

Estimate of Burden: Public reporting burden for this information collection is estimated to average .7 hours per response.

Respondents: Warehouse Operators.

Estimated Number of Respondents: 75.

Estimated Number of Responses per Respondent: 12.

Estimated Total Annual Burden on Respondents: 2,557 hours.

Proposed topics for comment include: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of CCC's estimate of burden including the validity of the methodology and assumptions used; (c) enhancing the quality, utility, and clarity of the information collected; and (d) minimizing the burden of the collection of the information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments should be sent to the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503, and to Shirlene Engle at the address listed above. All comments will become a matter of public record.

A comment to OMB is best assured of having its full effect if OMB receives it within 30 days of publication.

Signed at Washington, DC, on January 28, 2002.

James R. Little,

Executive Vice President, Commodity Credit Corporation.

Forest Service

Eastern Washington Cascades Provincial Advisory Committee and Yakima Provincial Advisory Committee

AGENCY: Forest Service, USDA.

ACTION: Notice of meeting.

SUMMARY: The original meeting of the Eastern Washington Cascades Provincial Advisory Committee and the Yakima Provincial Advisory Committee that had been scheduled for March 7 has been postponed and will now meet on Friday, April 5, 2002, at the Wenatchee National Forest headquarters main conference room, 215 Melody Lane, Wenatchee, Washington. The meeting will begin at 9 a.m. and continue until 4 p.m. During this meeting we will discuss the Forest Supervisor's response to committee advice on noxious weed management, and also participate in a discussion of proposed public involvement for an upcoming forest roads inventory. All Eastern Washington Cascades and Yakima Province Advisory Committee meetings are open to the public. Interested citizens are welcome to attend.

FOR FURTHER INFORMATION CONTACT:

Direct questions regarding this meeting to Paul Hart, Designated Federal Official, USDA, Wenatchee National Forest, 215 Melody Lane, Wenatchee, Washington 98801, 509-662-4335.

Dated: February 26, 2002.

Paul Hart,

Designated Federal Official, Okanogan and Wenatchee National Forests.

BILLING CODE 6335-01-M

DEPARTMENT OF COMMERCE

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Shipper's Export Declaration (SED) Program.

Form Number(s): 7525-V (paper form), Automated Export System (AES) (automated form).

Agency Approval Number: 0607-0152.

Type of Request: Revision of a currently approved collection.

Burden: 944,188 hours.

Number of Respondents: 200,000.

Avg Hours Per Response: 11 minutes (7525-V), 3 minutes (AES).

Needs and Uses: The Census Bureau requests continued OMB clearance for the paper and electronic forms it uses in the Shipper's Export Declaration (SED) Program. These are the paper Shipper's Export Declaration (SED) 7525-V and its electronic equivalent, the Automated Export System (AES). The paper SED form has recently undergone substantial revisions. However, with this submission the Census Bureau intends to further revise the paper SED form to collect the forwarding agent's Employer Identification Number (EIN) by adding block 5b for "Forwarding Agent's (IRS) or ID No.". This change to the paper form will bring it up to date with pending changes in the Census Bureau's Export Regulations contained in 15 CFR, Part 30. These changes are already reflected in the AES. The Census Bureau is revising the electronic AES to meet the requirements for the mandatory AES filing of commodities identified on the Department of Commerce's Commerce Control List (CCL) and the Department of State's U.S. Munitions List (USML). This requirement is mandated by Public Law 106-113, Title XII, "Security Assistance," Subtitle E, "Proliferation Prevention Enhancement Act of 1999."

This law requires that the export of items identified on the Department of Commerce, Bureau of Export Administration's (BXA) Commerce Control List (CCL) and the Department of State's United States Munitions List (USML) be reported via AES. The State Department has requested to have additional data items incorporated into the AES in order to accommodate the requirements of the International Traffic in Arms Regulations (ITAR). In meeting these requirements, the Census Bureau is adding the following data elements to the AES record: (1) Office of Defense Trade Controls (ODTC) Registration Number; (2) ODTC Significant Military Equipment (SME) Indicator; (3) ODTC Eligible Party Certification Indicator; (4) ODTC USML Category Code; (5) ODTC Unit of Measure; (6) ODTC Unit of Quantity; (7) ODTC Exemption Number; and (8) ODTC Export License Line Number. These additional data items requested by the State Department will not be incorporated on the paper SED since the items must be filed through AES. The incorporation of these data items into AES will allow for the elimination of the requirement for USPPIs or authorized filing agents to submit paper SEDs to the State Department. All of these revisions are referred to as a "conditional" data elements and are not required to be reported for all transactions. These revisions should not affect the average 11 minutes response time for the completion of the Commerce Form 7525-V or the average 3 minutes response time for the completion of the AES record.

The Census Bureau will allow the trade community a grace period of 90 days (September 3, 2002) to deplete their stock of the current SED forms and make revisions to the AES. However, during the grace period the Census Bureau will allow the use of both the old and revised Commerce Form 7525-V. As of September 3, 2002, only the Commerce Form 7525-V, collecting the forwarding agent's EIN will be accepted by the U.S. Customs Service and the Census Bureau. Furthermore, items identified on the CCL or USML, currently requiring a SED must be filed via AES.

The SED form and AES electronic equivalent provide the vehicles for collecting data on U.S. exports. Title 13, United States Code (U.S.C.), Chapter 9, Sections 301-307, mandates the collection of these data. The regulatory provisions for the collection of these data are contained in the Foreign Trade Statistics Regulations, Title 15, Code of Federal Regulations (CFR), Part 30. The official export statistics provide a basic

component for the compilation of the U.S. position on merchandise trade. These data are an essential component of the monthly totals on U.S. International Trade in Goods and Services, a principal economic indicator and primary component of the Gross Domestic Product (GDP). The SED/AES also provides information for export control purposes as mandated under Title 50, U.S.C.. This information is used to detect and prevent the export of high technology items or military goods to unauthorized destinations or end users.

Affected Public: Business or other for-profit.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13, United States Code (U.S.C.), chapter 9, sections 301-307; Title 15, Code of Federal Regulations (CFR), part 30.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, room 6608, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at mclayton@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: February 26, 2002.

Madeleine Clayton,

*Departmental Paperwork Clearance Officer,
Office of the Chief Information Officer.*

University of Illinois at Urbana-Champaign; Notice of Decision on Application for Duty-Free Entry of Scientific Instrument

This decision is made pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5 p.m. in Suite 4100W, U.S. Department of Commerce, Franklin Court Building, 1099 14th Street, NW., Washington, DC.

Docket Number: 01-025. *Applicant:* University of Illinois at Urbana-Champaign, Urbana, IL 61801. *Instrument:* QPix Colony Picker with Gridding and Rearranging packages. *Manufacturer:* Genetix Limited, United Kingdom. *Intended Use:* See notice at 67 FR 4393, January 30, 2002.

Comments: None received. *Decision:* Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as it is intended to be used, is being manufactured in the United States. *Reasons:* The foreign instrument provides a unique multi-tasking robotic system for picking, gridding and rearranging specific cell colonies with a rapid picking rate of 3500 colonies per hour and very high throughput useful for large scale DNA sequencing projects. The National Institutes of Health advises in its memorandum of December 3, 2001 that: (1) This capability is pertinent to the applicant's intended purpose and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign instrument for the applicant's intended use.

We know of no other instrument or apparatus of equivalent scientific value to the foreign instrument which is being manufactured in the United States.

Gerald A. Zerdy,

Program Manager, Statutory Import Programs Staff.

Application for Duty-Free Entry of Scientific Instrument

Pursuant to section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether an instrument of equivalent scientific value, for the purposes for which the instrument shown below is intended to be used, is being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5 p.m. in Suite 4100W, U.S. Department of Commerce, Franklin Court Building, 1099 14th Street, NW., Washington, DC.
