

(c) Shortage: The Secretary shall determine from time to time when insufficient mainstream water is available to satisfy annual consumptive use requirements of 7,500,000 acre-feet after consideration of all relevant factors, including, but not limited to, the following:

- (i) The requirements stated in Article III(1) of these Operating Criteria;
- (ii) Actual and forecast quantities of active storage in Lake Mead;
- (iii) Estimate of net inflow to Lake Mead for the current year;
- (iv) Historic streamflows, including the most critical period of record;
- (v) Priorities set forth in Article II(A) of the decree in *Arizona v. California*; and
- (vi) The purposes stated in Article I(2) of these Operating Criteria.

The shortage provisions of Article II(B)(3) of the decree in *Arizona v. California* shall thereupon become effective and consumptive uses from the mainstream shall be restricted to the extent determined by the Secretary to be required by Section 301(b) of Public Law 90-537.

#### *IV. Definitions*

(1) In addition to the definitions in Section 606 of Public Law 90-537, the following shall also apply:

(a) "Spills," as used in Article II(3)(c) herein, means water released from Lake Powell which cannot be utilized for project purposes, including, but not limited to, the generation of power and energy.

(b) "Surplus," as used in Article III(3)(b) herein, is water which can be used to meet consumptive use demands in the three Lower Division States in excess of 7,500,000 acre-feet annually. The term "surplus" as used in these Operating Criteria is not to be construed as applied to, being interpretive of, or in any manner having reference to the term "surplus" in the Colorado River Compact.

(c) "Net inflow to Lake Mead," as used in Article III(3)(b)(iv) and (c)(iii) herein, represents the annual inflow to Lake Mead in excess of losses from Lake Mead.

(d) "Available capability," used in Article II(4) herein, means that portion of the total capacity of the powerplant that is physically available for generation.

## INTERNATIONAL TRADE COMMISSION

### [Investigation No. 731-TA-988 (Preliminary)]

#### Pneumatic Directional Control Valves From Japan

##### Determination

On the basis of the record<sup>1</sup> developed in the subject investigation, the United States International Trade Commission determines,<sup>2</sup> pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)) (the Act), that there is no reasonable indication that an industry in the United States is materially injured or threatened with material injury, or that the establishment of an industry in the United States is materially retarded, by reason of imports from Japan of pneumatic directional control valves, provided for in subheading 8481.20.00 of the harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (LTFV).

##### Background

On January 14, 2002, a petition was filed with the Commission and the U.S. Department of Commerce by the Pneumatics Group, a trade association of pneumatic directional control valve producers and wholesalers consisting of Festo Corp., of Hauppauge, NY; IMI Norgren, Inc., of Littleton, CO; Numatics, Inc., of Highland, MI; and Parker Hannifin Corp. of Cleveland, OH, alleging that an industry in the United States is materially injured or threatened with material injury by reason of LTFV imports of pneumatic directional control valves from Japan. Accordingly, effective January 14, 2002, the Commission instituted antidumping duty investigation No. 731-TA-988 (Preliminary).

Notice of the institution of the Commission's investigation and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of January 23, 2002 (67 FR 3230). The conference was held in Washington, DC, on February 4, 2002, and all persons who requested the opportunity were permitted to appear in person or by counsel.

<sup>1</sup> The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

<sup>2</sup> Commissioner Lynn M. Bragg dissenting.

The Commission transmitted its determination in this investigation to the Secretary of Commerce on February 28, 2002. The views of the Commission are contained in USITC Publication 3491 (March 2002), entitled Pneumatic Directional Control Valves from Japan: Investigation No. 731-TA-988 (Preliminary).

By order of the Commission.

Issued: February 28, 2002.

**Marilyn R. Abbott,**

*Acting Secretary.*
