14 CFR Part 97

[Docket No. 30298; Amdt. No. 2096]

Standard Instrument Approach Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: An effective date for each SIAP is specified in the amendatory provisions.

Incorporation by reference-approved by the Director of the Federal Register on December 31, 1980, and reapproved as of January 1, 1982.

ADDRESSES: Availability of matter incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;
2. The FAA Regional Office of the region in which affected airport is located; or

3. The Flight Inspection Area Office which originated the SIAP.

*For Purchase—*Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or
2. The FAA Regional Office of the region in which the affected airport is located.

*By Subscription—*Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, US Government Printing Office, Washington, DC 20402.

Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082 Oklahoma City, OK 73125) telephone: (405) 954–4164.

SUPPLEMENTARY INFORMATION: This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs). The complete regulatory description on each SIAP is contained in the appropriate FAA Form 8260 and the National Flight Data Center (FDC)/Permanent (P) Notices to Airmen (NOTAM) which are incorporated by reference in the amendment under 5 U.S.C. 552(a), 14 CFR part 51, and § 97.20 of the Federal Aviation's Regulations (FAR). Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction of charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR (and FAR) sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes SIAPs. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained in the content of the following FDC/P NOTAMs for each SIAP. The SIAP information in some previously designated FDC/Temporary (FDC/T) NOTAMs is of such duration as to be permanent. With conversion to FDC/P NOTAMs, the respective FDC/T NOTAMs have been canceled.

The FDC/P NOTAMs for the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these chart changes to SIAPs by FDC/P NOTAMs, the TERPS criteria were

applied to only these specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a National Flight Data Center (FDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for all these SIAP amendments requires making them effective in less than 30 days.

Further, the SIAPs contained in this amendment are based on the criteria contained in the TERPS. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making these SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are

necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

DEPARTMENT OF STATE

22 CFR Part 41

[Public Notice: 3938]

Documentation of Nonimmigrants Under the Immigration and Nationality Act, as Amended: Automatic Visa Revalidation; Interim Rule

AGENCY: Department of State.

ACTION: Interim rule; request for comments.

SUMMARY: Due to the need for greater security screening of visa applicants, the Department is amending the provision for automatic revalidation of expired visas for nonimmigrant aliens returning from short visits to other North American countries or adjacent islands to exclude from its benefits aliens who apply for new visas during such visits and aliens who are nationals of countries identified as state sponsors of terrorism.

DATES: This interim rule is effective on April 1, 2002. Written comments must be received on or before May 6, 2002.

ADDRESSES: Written comments may be submitted, in duplicate, to the Legislation and Regulations Division, Visa Services, Department of State, Washington, DC 20520-0106, or by e-mail to visaregs@state.gov.

FOR FURTHER INFORMATION CONTACT: Elizabeth J. Harper, Legislation and Regulations Division, Visa Services, Department of State, Washington, DC 20520-0106, (202) 663-1221, e-mail (harperbj@state.gov) or fax at (202) 663-3898.

SUPPLEMENTARY INFORMATION:

What Is the Background for This Action?

Section 42.112(d) of 22 CFR provides for the automatic revalidation of nonimmigrant visas of aliens who have been out of the United States for less than 30 days in contiguous territory and have an Arrival-Departure Record showing INS approval of an unexpired period of admission. Such aliens may be applying for readmission in the same classification or in a new classification authorized by the INS prior to their

departure. In the latter case, the revalidation includes a conversion to the new classification. In the case of a qualified student or exchange visitor who has a remaining period of authorized stay, the not-more-than-30 day absence may have been in either contiguous territory or adjacent islands other than Cuba.

Why Is This Action Being Taken With Respect to Applicants for New Visas?

In some cases, persons who are abroad during an absence of 30 days or less in contiguous territory opt to apply for a new visa during that absence in lieu of relying on an automatic revalidation. Due to the need for greater security screening of visa applicants, which in some cases may mean delays in the issuance of new visas, the Department of State believes it is prudent to restrict the ability of such persons to return to the United States prior to the completion of all such checks and the issuance of a new visa.

Why Is it Being Taken With Regard to Visa Applicants From Countries That Sponsor Terrorism?

In light of recent terrorist actions undertaken by aliens, some or all of
