(a) *Regulated area.* All waters of the Cooper River from Cooper River Lighted Buoy 62 (LLNR 2930) in the vicinity of the entrance to Goose Creek to Cooper River Light 87 (LLNR 3135) near the entrance to Foster Creek including Goose Creek.

[Docket No. 2002-2]

#### **Registration of Claims to Copyright: Group Registration of Contributions to Periodicals**

**AGENCY:** Copyright Office, Library of Congress.

**ACTION:** Final rule.

**SUMMARY:** This amendment publishes as a final rule an existing practice which makes it easier for applicants to register a group of contributions to periodicals by expanding the number of acceptable deposits relating to registering on a single application groups of contributions to periodicals. The expanded number of acceptable deposits is both consistent with the intent of copyright law and the existing practices.

**EFFECTIVE DATE:** March 7, 2002.

**FOR FURTHER INFORMATION CONTACT:** Kent Dunlap, Principal Legal Advisor for the General Counsel, Telephone: (202) 707-8380. Fax: (202) 707-8366.

**SUPPLEMENTARY INFORMATION:** Section 408(c)(2) of title 17 authorizes the Register of Copyrights to establish a procedure permitting a single registration for groups of contributions to periodicals published by the same author within a twelve month period. Current regulations designate the deposit as "one copy of the entire issue of the periodical, or of the entire section in the case of a newspaper, in which each contribution was first published." 37 CFR 202.3(b)(7)(i)(E).

The above designated deposit proved a hardship for many applicants who did not have immediate access to either the entire issue or the entire section in which each contribution was first published. As a result over the past several years, the Examining Division has permitted a number of alternative deposits under the special relief provision of the deposit regulation. Among the alternatives were photocopies of the contribution or copies of the contribution cut or torn from the collective work. These alternative deposits permitted under special relief were broadly consistent with the wide variety of deposits see, e.g. 66 FR 37142 (July 17, 2001), the Office has accepted since 1978 in compliance with the spirit of administrative flexibility Congress indicated the Register had in order to ensure that the deposit requirement was reasonable and non-burdensome for the applicant. *See generally* H.R. Rep. No. 94-1476 150-155 (1976). Permitting deposit without the entire issue or periodical will not diminish the public record since the application form used for these works elicits specific information on the periodical in which the contribution was published.

This regulation is issued without inviting public comment for these reasons: the regulation confers a positive benefit on the public affected;

the regulation establishes an optional procedure only; and the Copyright Office prepared the regulation based on its past experience in administering the deposit provisions for this kind of works including its experience with the types of alternative deposits frequently submitted by applicants. By this **Federal Register** notice, the Copyright Office is merely incorporating these alternative deposits for group registration of contributions to periodicals into the relevant deposit regulation.
