Astaris LLC, Pocatello, ID; Astaris LLC, Princeton, NJ; Astaris LLC, Denver, CO; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on June 18, 2001, applicable to workers of Astaris LLC, Pocatello, Idaho. The notice was published in the **Federal Register** on June 5, 2001 (66 FR 35463).

At the request of the company, the Department reviewed the certification for workers of the subject firm. The workers were engaged in the production of elemental phosphorus.

New information shows that worker separations occurred at the Princeton, New Jersey and Denver, Colorado locations of Astaris LLC when they closed in November 2001 and January 2002 respectively. These locations provided technical research and engineering support services solely to the subject firms' production facility in Pocatello, Idaho which closed in 2001.

Accordingly, the Department is amending the certification to include the workers of the Princeton, New Jersey and Denver, Colorado locations of Astaris LLC.

The intent of the Department's certification is to include all workers of Astaris LLC who were adversely affected by increased imports.

The amended notice applicable to TA-W-39,009 is hereby issued as follows:

All workers of Astaris LLC, Pocatello, Idaho (TA-W-39,009), Astaris LLC, Princeton, New Jersey (TA-W-39,009A) and Astaris LLC, Denver, Colorado (TA-W-39,009B) who became totally or partially separated from employment on or after April 2, 2000, through June 18, 2003, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC this 4th day of February, 2002.

Edward A. Tomchick,*Director, Division of Trade Adjustment Assistance.*

Bridgestone/Firestone Tire and Rubber Company, Inc. Decatur, IL; Notice of Revised Determination on Reconsideration

By application of November 20, 2001, the United Steel Workers of America, Local 713 requested administrative reconsideration regarding the Department's Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to the workers of the subject firm.

The initial investigation resulted in the negative determination, based on the finding that imports of light truck and passenger (radial) tires did not contribute importantly to worker separations at the subject plant. The denial notice was signed on September 25, 2001 and published in the **Federal Register** on October 11, 2001 (66 FR 51773).

The applicant on reconsideration indicated that shortly after their petition was filed, the company announced that they would close the subject plant down permanently. The petitioner further indicates that plant production will be replaced with imported tires.

An examination of additional documentation furnished by the petitioner and further review of existing information supplied by the company during the initial investigation reveals that the company increased their reliance on imported tires during the relevant period.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that increased imports of tires, contributed importantly to the decline in production and to the total or partial separation of workers at Bridgestone/Firestone Tire and Rubber Company, Inc., Decatur, Illinois. In accordance with the provision of the Act, I make the following revised determination:

Workers of Bridgestone/Firestone Tire and Rubber Company, Inc., Decatur, Illinois, who became totally or partially separated from employment on or after April 30, 2000 through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC this 25th day of February 2002.

Edward A. Tomchick,*Director, Division of Trade Adjustment Assistance.*
