BILLING CODE 4310–70–P

DEPARTMENT OF THE INTERIOR**Bureau of Reclamation Fish and Wildlife Service****Imperial Irrigation District Water Conservation and Transfer Project, Draft Habitat Conservation Plan, California [INT–DES–01–44], Notice of Public Hearings**

AGENCIES: Bureau of Reclamation and Fish and Wildlife Service, Interior.

ACTION: Notice of public hearings.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, as amended (NEPA), and the Council on Environmental Quality's Regulations for Implementing the Procedural Provisions of NEPA, on January 18, 2002, the Bureau of Reclamation (Reclamation) filed a draft environmental impact report/environmental impact statement (EIR/EIS) on Imperial Irrigation District's (IID) proposed Water Conservation and Transfer Project, Draft Habitat Conservation Plan (HCP). The Fish and Wildlife Service (Service) is a cooperating agency in the preparation of this EIR/EIS (pursuant to 40 CFR 1501.6).

Under the proposed project, IID would conserve and transfer the right to use up to 300,000 acre-feet per year of Colorado River water, which IID is otherwise entitled to divert for use within IID's water service area in Imperial County, California. The conserved water would be transferred to San Diego County Water Authority, Coachella Valley Water District and/or The Metropolitan Water District. These transfers, which are to remain in effect for up to 75 years, would facilitate efforts to reduce California's diversion of Colorado River water in normal years to its annual 4.4 million acre-feet apportionment. The Secretary of the Interior is expected to approve the change in the point of delivery for the transferred water by executing an Implementation Agreement, the environmental impacts of which are disclosed in the "Implementation Agreement, Inadvertent Overrun and Payback Policy, and Related Federal Actions Draft EIS" (INT–DES–01–43) and the "Biological Assessment for Proposed Interim Surplus Criteria, Secretarial Implementation Agreements
