

by Radlinski & Associates, NHTSA Temporary Exemption No. 2000-1 was granted in order to allow the sale of mass transit vehicles that serve the public interest. It is our understanding that ABI no longer produces the MSV with the tag axles.

In consideration of the foregoing, NHTSA has decided that the burden of persuasion has been met and that the noncompliance is inconsequential to motor vehicle safety. Accordingly, the application from ABI is granted and the applicant is exempted from providing the notification of the noncompliance that would be required by 49 U.S.C. 30118, and from remedying the noncompliance, as would be required by 49 U.S.C. 30120.

## DEPARTMENT OF TRANSPORTATION

### National Highway Traffic Safety Administration

[Docket No. NHTSA-2002-11443; Notice 01]

RIN 2127-A173

#### Preliminary Theft Data; Motor Vehicle Theft Prevention Standard

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

**ACTION:** Publication of preliminary theft data; request for comments.

**SUMMARY:** This document requests comments on data about passenger motor vehicle thefts that occurred in calendar year (CY) 2000, including theft rates for existing passenger motor vehicle lines manufactured in model year (MY) 2000. The theft data preliminarily indicate that the vehicle theft rate for CY/MY 2000 vehicles (2.89 thefts per thousand vehicles) did not change from the theft rate for CY/MY 1999 vehicles (2.89 thefts per thousand vehicles).

Publication of these data fulfills NHTSA's statutory obligation to periodically obtain accurate and timely theft data, and publish the information for review and comment.

**DATES:** Comments must be submitted on or before May 13, 2002.

**ADDRESSES:** All comments should refer to the docket number and notice

number cited in the heading of this document and be submitted, preferably with two copies to: U.S. Department of Transportation, Dockets, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. Docket hours are from 10 a.m. to 5 p.m., Monday through Friday.

**FOR FURTHER INFORMATION CONTACT:** Ms. Rosalind Proctor, Office of Planning and Consumer Programs, NHTSA, 400 Seventh Street, SW., Washington, DC 20590. Ms. Proctor's telephone number is (202) 366-0846. Her fax number is (202) 493-2290.

**SUPPLEMENTARY INFORMATION:** NHTSA administers a program for reducing motor vehicle theft. The central feature of this program is the Federal Motor Vehicle Theft Prevention Standard, 49 CFR part 541. The standard specifies performance requirements for inscribing or affixing vehicle identification numbers (VINs) onto certain major original equipment and replacement parts of high-theft lines of passenger motor vehicles.

The agency is required by 49 U.S.C. 33104(b)(4) to periodically obtain, from the most reliable source, accurate and timely theft data, and publish the data for review and comment. To fulfill the section 33104(b)(4) mandate, this document reports the preliminary theft data for CY 2000, the most recent calendar year for which data are available.

In calculating the 2000 theft rates, NHTSA followed the same procedures it used in calculating the MY 1999 theft rates. (For 1999 theft data calculations, see 66 FR 39554, July 31, 2001). As in all previous reports, NHTSA's data were based on information provided to the agency by the National Crime Information Center (NCIC) of the Federal Bureau of Investigation. The NCIC is a governmental system that receives vehicle theft information from nearly 23,000 criminal justice agencies and other law enforcement authorities throughout the United States. The NCIC data also include reported thefts of self-insured and uninsured vehicles, not all of which are reported to other data sources.

The 2000 theft rate for each vehicle line was calculated by dividing the number of reported thefts of MY 2000 vehicles of that line stolen during calendar year 2000, by the total number of vehicles in that line manufactured for MY 2000, as reported by manufacturers to the Environmental Protection Agency.

The preliminary 2000 theft data show no change in the vehicle theft rate when compared to the theft rate experienced in CY/MY 1999. The preliminary theft

rate for MY 2000 passenger vehicles stolen in calendar year 2000 of 2.89 thefts per thousand vehicles produced, did not change from the rate of 2.89 thefts per thousand vehicles experienced by MY 1999 vehicles in CY 1999. For MY 2000 vehicles, out of a total of 206 vehicle lines, 51 lines had a theft rate higher than 3.5826 per thousand vehicles, the established median theft rate for MYs 1990/1991. (See 59 FR 12400, March 16, 1994). Of the 51 vehicle lines with a theft rate higher than 3.5826, 45 are passenger car lines, six are multipurpose passenger vehicle lines, and none are light-duty truck lines.

In Table I, NHTSA has tentatively ranked each of the MY 2000 vehicle lines in descending order of theft rate. Public comment is sought on the accuracy of the data, including the data for the production volumes of individual vehicle lines.

Comments must not exceed 15 pages in length (49 CFR 553.21). Attachments may be appended to these submissions without regard to the 15 page limit. This limitation is intended to encourage commenters to detail their primary arguments in a concise fashion.

If a commenter wishes to submit certain information under a claim of confidentiality, three copies of the complete submission, including purportedly confidential business information, should be submitted to the Chief Counsel, NHTSA, at the street address given above, and two copies from which the purportedly confidential information has been deleted should be submitted to Dockets. A request for confidentiality should be accompanied by a cover letter setting forth the information specified in the agency's confidential business information regulation. 49 CFR part 512.

All comments received before the close of business on the comment closing date indicated above for this document will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Comments on this document will be available for inspection in the docket. NHTSA will continue to file relevant information as it becomes available for inspection in the docket after the closing date, and it is recommended that interested persons continue to examine the docket for new material.

Those persons desiring to be notified upon receipt of their comments in the rules docket should enclose a self-addressed, stamped postcard in the envelope with their comments. Upon

receiving the comments, the docket

supervisor will return the postcard by

## DEPARTMENT OF THE TREASURY

### Departmental Offices; Proposed Collections; Comment Requests

**ACTION:** Notice and request for comments.

**SUMMARY:** The Department of the Treasury, as part of its continuing effort to reduce paperwork burdens, invites the general public and other Federal agencies to comment on an information collection that is due for renewed approval by the Office of Management and Budget. The Office of International Financial Analysis within the Department of the Treasury is soliciting comments concerning Treasury International Capital Forms CQ-1 and CQ-2, Financial and Commercial Liabilities to, and Claims on, Unaffiliated Foreigners.

**DATES:** Written comments should be received on or before May 13, 2002 to be assured of consideration.

**ADDRESSES:** Direct all written comments to Dwight Wolkow, International Portfolio Investment Data Systems, Department of the Treasury, Room 5457 MT, 1500 Pennsylvania Avenue, NW., Washington, DC 20220. Because of slower mail, please also e-mail or FAX or phone directly to Dwight Wolkow at the contact points listed in the next paragraph.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the forms and instructions should be directed to Dwight Wolkow, International Portfolio Investment Data Systems, Department of the Treasury, Room 5457 MT, 1500 Pennsylvania Avenue, NW., Washington, DC 20220. Phone: (202) 622-1276. Fax: (202) 622-7448. E-mail: [dwight.wolkow@do.treas.gov](mailto:dwight.wolkow@do.treas.gov).

### SUPPLEMENTARY INFORMATION: OMB Number: 1505-0024.

**Abstract:** Forms CQ-1 and CQ-2 are part of the Treasury International Capital (TIC) reporting system, which is required by law (22 USC 286f; 22 USC 3103; EO 10033; 31 CFR 128), and is designed to collect timely information on international portfolio capital movements: Forms CQ-1 and CQ-2 are quarterly reports filed by nonbanking enterprises in the U.S. to report their international portfolio transactions with unaffiliated foreigners. This information is necessary for compiling the U.S. balance of payments accounts, for calculating the U.S. international investment position, and for use in formulating U.S. international financial and monetary policies.

**Current Actions:** No changes to reporting requirements for the forms are proposed at this time.

**Type of Review:** Extension.

**Affected Public:** Business or other for-profit organizations.

**Forms:** CQ-1 and CQ-2 (1505-0024).

**Estimated Number of Respondents:** 500.

**Estimated Average Time per Respondent:** 4 hours per respondent per filing.

**Estimated Total Annual Burden Hours:** 8,000 hours, based on 4 reporting periods per year.

**Request for Comments:** Comments submitted in response to this notice will be summarized and/or included in the requests for OMB approval. All comments will become a matter of public record. The public is invited to submit written comments concerning: whether Forms CQ-1 and CQ-2 are necessary for the proper performance of the functions of the Office, including whether the information collected has practical uses; the accuracy of the above burden estimates; ways to enhance the quality, usefulness, and clarity of the information to be collected; ways to minimize the reporting and/or recordkeeping burdens on respondents, including the use of information technologies to automate the collection of the data; and estimates of capital or

start-up costs of operation, maintenance, and purchases of services to provide information.
