

National Environmental Policy Act

In accordance with section 6.01 of NOAA Administrative Order 216-6 (Environmental Review Procedures for Implementing the National Environmental Policy Act, May 20, 1999), NMFS has analyzed both the context and intensity of this action, as laid out in AEC's application, and has preliminarily determined that the issuance of an IHA to AEC will not individually or cumulatively result in a significant impact on the quality of the human environment as defined in 40 CFR 1508.27 and is therefore categorically excluded from further NEPA analysis. In addition to the required NEPA analysis for categorical exclusion, NMFS' rulemaking for the issuance of IHAs (61 FR 15884; April 10, 1996) stated that for issuance of an IHA, NMFS must first determine that the taking (by harassment) would not result in any serious injury or death to a marine mammal, would have no more than a negligible impact on marine mammals and their habitat, and would not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses. Therefore, NMFS' decision-making process for IHA issuance or denial independently and separately analyzes factors similar to those suggested under section 6.01 of NOAA Administrative Order 216-6 for determining the significance of agency actions for the purposes of NEPA.

Preliminary Conclusions

NMFS has preliminarily determined that the short-term impact of SDC mobilization from Port Clarence, AK through the Bering Strait and Chukchi Sea to the Beaufort Sea and exploratory drilling and associated activities at the McCovey Prospect in the Beaufort Sea will result, at worst, in a temporary modification in behavior by certain species of whales, porpoise, and pinnipeds. While behavioral modifications may be made by these species to avoid the resultant noise or visual cues, this behavioral change is expected to have a negligible impact on the survival and recruitment of stocks.

While the number of potential incidental harassment takes will depend on the year-to-year distribution and abundance of marine mammals in the area of operations, due to the distribution and abundance of marine mammals during the projected period of activity and the location of the proposed activity, the number of potential harassment takings is estimated to be small. In addition, no take by injury and/or death is anticipated, and there is no potential for temporary or permanent

hearing impairment as a result of the activities. During SDC mobilization, operations will pass through beluga whale summering grounds in the Kotzebue Sound and Kasegaluk Lagoon and gray whale feeding grounds in the Chukchi Sea. The potential for harassment throughout the Chukchi region will be greatly reduced through constant visual monitoring in these areas. No rookeries, mating grounds, areas of concentrated feeding, or other areas of special significance for marine mammals occur within or near the McCovey Prospect during re-supply, re-fueling and exploratory drilling operations.

Appropriate mitigation measures to avoid an unmitigable adverse impact on the availability of bowhead whales for subsistence needs will be the subject of consultation between AEC and subsistence users and may include additional mitigation measures.

Proposed Authorization

NMFS proposes to issue an IHA for the harassment of marine mammals incidental to movement of a SDC from Port Clarence, AK to the Beaufort Sea and planned exploratory drilling and associated activities at the McCovey Exploration Prospect in the western Beaufort Sea. This IHA proposal is contingent upon incorporation of the previously mentioned mitigation, monitoring, and reporting requirements. NMFS has preliminarily determined that the proposed activity would result in the harassment of only small numbers of bowhead whales, beluga whales, gray whales, killer whales, harbor porpoise, ringed seals, bearded seals and spotted seals; would have no more than a negligible impact on these marine mammal stocks; and would not have an unmitigable adverse impact on the availability of marine mammal stocks for subsistence uses once the Plan of Cooperation and CAA is finalized.

SUPPLEMENTARY INFORMATION:

I. Application Forms and Requirements

Funding for the PEACESAT Program is provided pursuant to Public Law 107-77, the "Departments of Commerce, Justice, and State, the Judiciary and Related Agencies Appropriations Act, 2002" and Public Law 106-113, "The Consolidated Appropriations Act, Fiscal Year 2000." Public Law 106-113 provides "That, hereafter, notwithstanding any other provision of law, the Pan-Pacific Education and Communications Experiments by Satellite (PEACESAT) Program is eligible to compete for Public Broadcasting Facilities, Planning and Construction funds." The PEACESAT Program was authorized under Pub. L. 100-584 (102 Stat. 2970) and also Pub. L. 101-555 (104 Stat. 2758) to acquire satellite communications services to provide educational, medical, and cultural needs of Pacific Basin communities. The PEACESAT Program has been operational since 1971 and has received funding from NTIA for support of the project since 1988.

Public Law 107-77 appropriated \$43.5 million for this account to be awarded for Public Telecommunications Facilities Program (PTFP) grants and for PEACESAT Program grants. The solicitation notice for the PTFP Program was published in the **Federal Register** on November 20, 2001 (66 FR 58302). Applications submitted in response to this solicitation for PEACESAT applications are not subject to the requirements of the November 20, 2001 Notice and are exempt from the PTFP regulations at 15 CFR part 2301. NTIA anticipates making a single award for approximately \$475,000 for the PEACESAT Program in FY2002.

NTIA requests that each applicant for a PEACESAT Program grant supply one (1) original signed application and five (5) copies, unless doing so would present a financial hardship, in which case the applicant may submit one(1) original and two (2) copies of the application. The application form consists of the Standard Form 424, *Application for Federal Assistance*; Standard Form 424A, *Budget*

Information-Non-Construction Programs; Standard Form 424 B, *Assurances*; Standard Form CD-511, *Certification*; and Standard Form LLL, *Disclosure of Lobbying Activities* (if applicable). These requirements are subject to the Paperwork Reduction Act and have been approved by the Office of Management and Budget under control numbers 0348-0043, 0348-0044, 0348-0040 and 0348-0046.

Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act (PRA), unless that collection displays a currently valid Office of Management and Budget control number.

Eligible applicants will include any for-profit or non-profit organization, public or private entity, other than an agency or division of the Federal government. Individuals are not eligible to apply for the PEACESAT Program funds.

Grant recipients under this program will not be required to provide matching funds toward the total project cost.

The costs allowable under this Notice are not subject to the limitation on costs contained in the November 20, 2001 Notice regarding the PTFP Program.

II. Administrative Requirements; Scope of Project and Eligible Costs; Evaluation and Selection Process.

Public Law Number 107-77 was enacted November 28, 2001. Public Law 107-77 appropriated funds to the Public Broadcasting, Facilities, Planning and Construction Funds account. Pursuant to Public Law 106-113 the Pan-Pacific Education and Communications Experiments by Satellite (PEACESAT) Program can compete for funds from the Public Broadcasting, Facilities, Planning and Construction Funds account. Funds appropriated to the Public Broadcasting, Facilities, Planning and Construction Funds account do not carry fiscal year limitations. A notice published on March 16, 1999 set forth the scope of the project and eligible costs, and a description of the evaluation and selection process for applications for the PEACESAT Program. Since funds for the Public Broadcasting, Facilities, Planning and Construction Funds account are available without fiscal year limitations, the administrative requirements; scope of project and eligible costs criteria; and evaluation and selection process criteria set forth in the March 16, 1999 notice apply to the 1999 PEACESAT program and to all subsequent years. A copy of the March

16,1999 Notice is available to potential applicants from NTIA at the address listed in the Address section and is also available on the Internet at www.ntia.doc.gov/otiahome/peacesat.html. If, in the future, NTIA changes the administrative requirements; the scope of project and eligible costs criteria; or the evaluation and selection process criteria, a new notice will be published containing the new criteria and requirements. Unsuccessful applications will be destroyed.

Applicants for grants for the PEACESAT Program must file their applications on or before April 11, 2002. NTIA anticipates making the grant award by September 30, 2002. NTIA shall not be liable for any proposal preparation costs.

III. Project Period

Any project awarded pursuant to this notice will be for a one-year period.

IV. Other Requirements

The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements contained in the **Federal Register** notice of October 1, 2001 (66 FR 49917), are applicable to this solicitation, unless stated otherwise in this notice. However, please note that the Department of Commerce will not implement the requirements of Executive Order 13202 (66 FR 49921), pursuant to guidance issued by the Office of Management and Budget in light of a court opinion which found that the Executive Order was not legally authorized. *See Building and Construction Trades Department v. Allbaugh*, 172 F. Supp.2d 138 (D.D.C. 2001). This decision is currently on appeal. When the case has been finally resolved, the Department will provide further information on implementation of Executive Order 13202.

V. Executive Order 12866

It has been determined that this notice is "not significant" for the purpose of Executive Order 12866.

VI. Executive Order 13132

It has been determined that this notice does not contain policies with Federalism implications as that term is defined in EO 13132.
