Dimethoate Products Cancellation Order and Label Amendment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's cancellation order for the product and use cancellations as requested by companies (hereafter collectively referred to as the "EUP Registrants") that hold the registrations of pesticide End-Use Products (EUPs) containing the active ingredient dimethoate and accepted by EPA, pursuant to section 6(f) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This order follows up a January 10, 2002 notice of receipt from the EUP Registrants, of requests for cancellations and or amendments of their dimethoate product registrations to terminate all indoor uses, certain agricultural uses and certain outdoor non-agricultural uses. In the January 10, 2002 notice, EPA indicated that it would issue an order granting the voluntary product and use registration cancellations unless the Agency received any substantive comment within the comment period that would merit its further review of these requests. The Agency did not receive any comments. Accordingly, EPA

hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is only permitted in accordance with the terms of the existing stocks provisions of this cancellation order.

DATES: The cancellations are effective on March 13, 2002.

FOR FURTHER INFORMATION CONTACT: Patrick Dobak, Special Review and Reregistration Division (7508C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460, telephone number: (703) 308-6249; fax number: (703) 308-7042; e-mail address: dobak.pat@epa.gov.
