

these goals in their program contents, to the full extent deemed feasible.

Review Process

The Bureau will acknowledge receipt of all proposals and will review them for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office, as well as by the Public Diplomacy Sections overseas, where appropriate. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final funding decisions are at the discretion of the Department of State's Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance awards (grants or cooperative agreements) resides with the Bureau's Grants Officer.

Review Criteria

Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. *Program Development and Management:* The proposal should exhibit originality, substance, precision, innovation, and relevance to the Bureau's mission. Objectives should be reasonable, feasible and flexible. The proposal should clearly demonstrate how the grantee organization will meet the program's objectives. A detailed agenda and relevant work plan should demonstrate substantive undertakings and logistical capacity. The agenda should adhere to the program overview and guidelines described above.

2. *Multiplier Effect/Impact:* The JFDP should strengthen long-term mutual understanding, including maximum sharing of information and establishment of long-term institutional and individual linkages. The proposal should include creative ways to involve program participants in U.S. communities.

3. *Support of Diversity:* The proposal should demonstrate the grantee organization's commitment to promoting the awareness and understanding of diversity through participant recruitment efforts, and through its selection of host universities.

4. *Institution's Record/Ability:* The proposal should demonstrate an institutional record of successful

exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau/USIA grants as determined by the Bureau's Grants Division. Proposed personnel and institutional resources should be adequate and appropriate to achieve the program's goals.

5. *Follow-on and Alumni Activities:* The proposal should provide a plan for continued follow-on activity that insures that Bureau-supported programs are not isolated events, but have meaning and scope beyond the time the actual exchange took place.

6. *Project Evaluation:* The proposal should include a plan to evaluate the success of the JFDP, both during and after the program. The Bureau recommends that the proposal include a draft survey questionnaire or other technique, plus a description of methodologies that can be used to link outcomes to original project objectives. The grantee organization will be expected to submit intermediate reports after each project component is concluded or quarterly, whichever is less frequent.

7. *Cost-effectiveness and Cost Sharing:* The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. The proposal should maximize cost sharing through other private sector support as well as institutional direct funding contributions.

Authority

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided in part through the Support for East European Democracy (SEED) Act.
