

Register. See Certain Cased Pencils from the People's Republic of China: Preliminary Rescission of Antidumping Duty New Shipper Review, 67 FR 3878 (January 28, 2002). In that notice, we invited interested parties to comment on the preliminary rescission within 21 days of the date of publication of the notice. Interested parties also were notified that they may request a hearing in this review within 30 days of publication of the preliminary results.

Scope of the Review

Imports covered by this review are shipments of certain cased pencils of any shape or dimension which are writing and/or drawing instruments that feature cores of graphite or other materials, encased in wood and/or man-made materials, whether or not decorated and whether or not tipped (e.g., with erasers, etc.) in any fashion, and either sharpened or unsharpened. The pencils subject to this investigation are classified under subheading 9609.10.00 of the Harmonized Tariff Schedules of the United States (HTSUS). Specifically excluded from the scope of this order are mechanical pencils, cosmetic pencils, pens, non-cased crayons (wax), pastels, charcoals, and chalks. Although the HTSUS subheading is provided for convenience and customs purposes our written description of the scope of the order is dispositive.

Changes Since the Preliminary Results

The time limits for submitting comments and requesting a hearing have passed without the Department receiving either comments or hearing requests. We have not changed our preliminary position with respect to rescission of this review. Thus, the Department is rescinding this new shipper review.

This new shipper review and this notice are issued and published in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of rescission of antidumping duty administrative review.

SUMMARY: On August 20, 2001, in response to a request made by Bethlehem Steel Corporation, LTV Steel Company Inc., National Steel Corporation, and United States Steel LLC ("Domestic Producers"), the Department of Commerce ("the Department") published in the **Federal Register** (66 FR 43570) a notice announcing the initiation of an administrative review of the agreement suspending the antidumping duty investigation on certain hot-rolled flat-rolled carbon quality steel products from Brazil. The review period is July 1, 2000 to June 30, 2001. This review has now been rescinded because Domestic Producers have withdrawn their request for review.

EFFECTIVE DATE: March 14, 2002.

FOR FURTHER INFORMATION CONTACT:

Michael Ferrier, Enforcement Group III, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Room 7866, Washington, DC 20230; telephone (202) 482-1394.

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act) are references to the

provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are references to the provisions codified at 19 CFR part 351 (2001).

Scope of the Review

The products covered are certain hot-rolled flat-rolled carbon-quality steel products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers) regardless of thickness, and in straight lengths, of a thickness less than 4.75 mm and of a width measuring at least 10 times the thickness. Universal mill plate (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm, but not exceeding 1250 mm and of a thickness of not less than 4 mm, not in coils and without patterns in relief) of a thickness not less than 4.0 mm is not included within the scope of this agreement.

Background

On July 31, 2001, Domestic Producers, as Petitioners in the suspended investigation, requested an administrative review of the agreement suspending the antidumping duty investigation on hot-rolled flat-rolled carbon quality steel from Brazil published in the *Federal Register* on July 19, 1999 (64 FR 38792). On August 20, 2001, the Department published in the *Federal Register* (66 FR 43570) a notice of "Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocations in Part" initiating the administrative review. On February 19, 2002, Domestic Producers withdrew their request for the review. The applicable regulation, 19 CFR 351.213(d)(1), states that if a party that requested an administrative review withdraws the request within 90 days of the publication of the notice of initiation of the requested review, the Secretary will rescind the review. Additionally, the Secretary may extend this time limit if the Secretary decides that it is reasonable to do so. Given that we have received no submissions opposing Domestic Producers' request for withdrawal of the administrative review and the Department terminated the suspension agreement in the first administrative review of the suspension agreement, we find it reasonable to extend the time period for filing a withdrawal request. Based upon Domestic Producers' request, therefore, we are rescinding this review of the agreement suspending the antidumping duty investigation on hot-rolled flat-rolled carbon quality steel from Brazil covering the period July 1, 2000 through June 30, 2001.

This notice is issued and published in accordance with section 777(i) of the Act and 19 CFR 351.213(d)(4).

Dated: March 6, 2002.

Porcelain-on-Steel Cookware from Mexico: Notice of Extension of Time Limit for Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, United States Department of Commerce.

EFFECTIVE DATE: March 14, 2002.

FOR FURTHER INFORMATION CONTACT: Kate Johnson or Rebecca Trainor at (202) 482-4929 or (202) 482-4007, respectively, Office of AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C., 20230.

POSTPONEMENT OF FINAL RESULTS OF ADMINISTRATIVE REVIEW:

The Department of Commerce ("the Department") published the preliminary results of the administrative review of the antidumping duty order on Porcelain-on-Steel Cookware from Mexico on November 13, 2001 (66 FR 56799). The current deadline for the final results in this review is March 13, 2002. In accordance with section 751(a)(3)(A) of the Tariff Act of 1930 ("the Act"), as amended, the Department finds that it is not practicable to complete this administrative review within the original time frame because it is conducting a changed-circumstances antidumping duty administrative review in which it is considering revoking the order on porcelain-on-steel cookware from Mexico and rescinding this administrative review. Thus, the Department is extending the time limit for completion of the final results until May 12, 2002, which is 180 days after the date on which notice of the preliminary results was published in the *Federal Register*.
