BILLING CODE 6730-01-P

FEDERAL RESERVE SYSTEM**Formations of, Acquisitions by, and Mergers of Bank Holding Companies**

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained from the National Information Center website at www.ffiec.gov/nic/.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than April 12, 2002.

A. Federal Reserve Bank of San Francisco (Maria Villanueva, Consumer Regulation Group) 101 Market Street, San Francisco, California 94105-1579:

1. *Plumas Bancorp*, Quincy, California; to become a bank holding

company by acquiring 100 percent of the voting shares of Plumas Bank, Quincy, California.

Board of Governors of the Federal Reserve System, March 14, 2002.

Robert deV. Frierson,

Deputy Secretary of the Board.

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 487-1210.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Send comments to Seleda Perryman, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Project: The CDC/ATSDR Educational Loan Repayment Program

(ELRP)—New—Office of the Director, Human Resources Management Office, Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry (CDC/ATSDR).

The Centers for Disease Control and Prevention (CDC) intends to implement an Educational Loan Repayment Program (ELRP) authorized under 42 U.S.C. Sect. 247b-7 as a recruitment and retention incentive for highly qualified health professionals in hard-to-fill positions. The ELRP will be implemented on a pilot basis with up to fifteen (15) loans.

Under the ELRP, a maximum of \$35,000 a year (plus 39 per cent of total loan repayment for tax credit as loan repayment benefits represent taxable income) may be repaid toward a participant's outstanding eligible educational debt. The participant is responsible for a loan repayment equal to a total of 10 percent of his/her annual CDC base salary, while the ELRP will repay at a rate of one-third (1/3) of the remaining repayable debt (up to the maximum allowable) for each of the three (3) years. The participant must sign a contract agreeing to remain employed by CDC for a period of not less than three years. Failure to complete the minimum three-year service agreement period will be considered a breach of contract and will subject the ELRP participant to assessment of monetary penalties and damages. Actual loan repayment amounts are based on the proportion of a participant's qualifying debt relative to his/her beginning CDC base salary.

Overall ELRP eligibility requirements:

- Be a citizen of the United States;
- Hold a relevant Doctoral degree or equivalent;
- Have been selected for a vacant position or is currently assigned to a covered hard-to-fill health professional occupational series at CDC/ATSDR; and,
- Have a qualifying educational debt in excess of 20 percent of their annual CDC base salary.

There are no costs to respondents.

Respondents	Number of respondents	Responses/ respondent	Avg. burden per response (in hrs)	Total burden (in hrs)
Supervisor	15	1	15/60	4
Applicant	15	1	15/60	4
Lender	45	1	30/60	23
Total				31

Dated: March 14, 2002.

National Vaccine Advisory Committee/ Vaccine Supply Conference Call

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC) announces the following Federal Advisory Committee meeting.

Name: National Vaccine Advisory Committee (NVAC) Vaccine Supply Conference Call.

Time and Date: 11 a.m.-1 p.m., April 1, 2002.

Place: Audio Conference Call.

Status: This meeting is open to the public, telephone lines are limited. The public can join the meeting by Audio Conference Call by calling (888) 398-1687 and providing the following information:

Pass code: Peter.

Leaders Name: Dr. Georges Peter.

Purpose: This committee advises and makes recommendations to the Director of the National Vaccine Program on matters related to the Program responsibilities.

Matters To Be Discussed: To discuss recommendations from the NVAC Workshop on Strengthening the Vaccine Supply.

Agenda items are subject to change as priorities dictate.

Public comments will be permitted at the end of the NVAC meeting on April 1, 2002.

Contact Person for More Information:

Gloria Sagar, Committee Management Specialist, NVPO, CDC, 4770 Buford Highway, M/S K-77, Atlanta, Georgia 30341, telephone (770)488-2040.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Proposed Criteria for Selecting New Environmental Chemicals or Categories of Chemicals for Analytic Development and for Inclusion in Future Releases of the National Report on Human Exposure to Environmental Chemicals

AGENCY: Centers for Disease Control and Prevention (CDC), Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: Requests public comment on CDC's proposed criteria for selecting new environmental chemicals or categories of chemicals for analytical method development and for selecting additional environmental chemicals or categories of chemicals to appear in future releases of the "National Report on Human Exposure to Environmental Chemicals" (the "Report"). The proposed criteria for choosing new environmental chemicals or categories of chemicals for analytic development and for including chemicals or categories of chemicals in future editions of the "Report" are as follows: (1) Independent scientific data which suggest that the potential for exposure of the U.S. population to a particular chemical is changing or persisting; (2) seriousness of health effects known or suspected to result from exposure to the chemical (for example, cancer and birth defects); (3) the proportion of the U.S. population likely to be exposed to levels of chemicals of known or potential health significance; (4) the need to assess the efficacy of public health actions to reduce exposure to a chemical in the U.S. population or a large component of the U.S. population (for

example, in children); (5) the existence of an analytic method that can measure the chemical or its metabolite in blood or urine with adequate accuracy, precision, sensitivity, specificity, and speed; and (6) the incremental analytical cost (in dollars and personnel) to perform the analyses (preference is given to chemicals that can be added readily to existing analytical methods). After reviewing and incorporating public comments from this announcement, CDC will publish the criteria in their final form in the **Federal Register** along with a general notice requesting public nominations of new chemicals that satisfy the new criteria. The criteria will be used by experts to prioritize the nominated chemicals for analytical method development and for eventual inclusion in the "Report."

DATES: Submit comments on or before April 19, 2002.

ADDRESSES: Address all comments concerning this notice to Dorothy Sussman, Centers for Disease Control and Prevention, National Center for Environmental Health, Division of Laboratory Sciences, Mail Stop F-20, 4770 Buford Highway, Atlanta, Georgia 30341.

FOR FURTHER INFORMATION CONTACT: Technical Information: Dr. Richard Wang, Telephone 770-488-7950

SUPPLEMENTARY INFORMATION: The "Report" provides an ongoing assessment of the exposure of the U.S. population to environmental chemicals using biomonitoring. (The "Report" is published by CDC under the authorities 42 U.S.C. 241 and 42 U.S.C. 242k). For the "Report," an environmental chemical means a chemical compound or chemical element present in air, water, soil, dust, food, or other environmental media. Biomonitoring is the assessment of human exposure to chemicals by measuring the chemicals or their breakdown products in human specimens, such as blood or urine. The "Report" provides this exposure information about participants in an ongoing national survey known as the National Health and Nutrition Examination Survey (NHANES). This
