Temporary Housing Assistance**

CFR Correction

In Title 44 of the Code of Federal
Regulations, revised as of October 1,

paragraph (e)(1) is revised to read as
follows:

(e) * * *

(1) *Application period.* The standard
FEMA application period is the 60 days
following the date the President
declares an incident a major disaster or
an emergency. The Regional Director
may, however, extend the application
period, when we anticipate that we
need more time to collect applications
from the affected population or to
establish the same application deadline
for contiguous Counties or States. After
the application period has ended, FEMA
will accept and process applications for
an additional 60 days only from persons
who can provide an acceptable
explanation (and documentation to
substantiate their explanation) for why
they were not able to contact FEMA
before the application period ended.
