Update of Existing and Addition of New Filing and Service Fees

AGENCY: Federal Maritime Commission.

ACTION: Proposed rule.

SUMMARY: The Federal Maritime Commission (“Commission”) proposes to revise its existing fees for filing petitions and complaints; various public information services, such as record searches, document copying, and

admissions to practice; filing ocean transportation intermediary applications; applications for special permission; service contracts; agreements; and passenger vessel performance and casualty certificate applications. These revised fees reflect current costs to the Commission. In addition, the Commission adds a new fee for the provision of a database report on effective carrier agreements, makes nomenclature changes in certain CFR units with respect to Commission bureau designations, and makes section reference changes in certain CFR units to reflect numbering changes made in a previous rulemaking. The Commission also is republishing a fee requirement that was previously inadvertently omitted.

DATES: Submit an original and 15 copies of comments (paper), or e-mail comments as an attachment in WordPerfect 8, Microsoft Word 97, or earlier versions of these applications, no later than April 22, 2002.

ADDRESSES: Address comments to: Bryant L. VanBrakle, Secretary, Federal Maritime Commission, 800 North Capitol Street, N.W., Washington, D.C. 20573–0001, *E-mail:* secretary@fmc.gov.

SUPPLEMENTARY INFORMATION: The Commission is authorized under the Independent Offices Appropriation Act (“IOAA”), 31 U.S.C. 9701 (1983), to establish fees for services and benefits that it provides to specific recipients. The IOAA provides that each service or thing of value provided by an agency to a person be self-sustaining to the extent possible, and that each charge shall be fair and based on the costs to the Government, the value of the service or thing to the recipient, policy or interest served, and other relevant facts. 31 U.S.C. 9701.

The primary guidance for implementation of IOAA is Office of Management and Budget (“OMB”) Circular A–25, as revised July 8, 1993. OMB Circular A–25 requires that a reasonable charge be made to each recipient for a measurable unit or amount of Government service from which the recipient derives a benefit, in order that the Government recover the full cost of rendering that service.

OMB Circular A–25 further provides that costs be determined or estimated from the best available records in the agency, and that cost computations shall

cover the direct and indirect costs to the Government of carrying out the activity, including but not limited to:

(A) Direct and indirect personnel costs, including salaries and fringe benefits such as medical insurance and retirement.

(B) Physical overhead, consulting, and other indirect costs including material and supply costs, utilities, insurance, travel and rent.

(C) The management and supervisory costs.

(D) The costs of enforcement, collection, research, establishment of standards and regulations, including any required environmental impact statements.

OMB Circular A–25, paragraphs 6.d.1.(a), (b), (c) and (d).

OMB Circular A–25 also calls for a periodic reassessment of costs, with related adjustment of fees, if necessary, and the establishment of new fees where none exist.

The Commission's current filing and service fees have been in effect since 1998, and are no longer representative of the Commission's actual costs for providing such services. Accordingly, the Commission proposes to revise its fees so as to reflect costs attendant to providing the involved services. Fee increases primarily reflect increases in salary and indirect (overhead) costs. For some services, the increase in processing or review time accounts in part for the increase in the level of proposed fees. For other services, proposed fees are lower than current fees due to overall reduced costs to provide those services.

The Commission is instituting a new user fee for provision of a database report on effective carrier agreements. Also, in promulgating new rules governing the filing of service contracts to implement the Ocean Shipping Reform Act of 1998, Public Law 105–158, 112 Stat. 1902, in Docket No. 99–12, *Termination of Dial-Up Service Contract Filing System*, 64 FR 41041 (July 29, 1999), we inadvertently failed to carry over § 514.7 into part 530. That section was a permission process to correct clerical or administrative errors in the essential terms of a filed service contract, and included an attendant user fee. We are therefore republishing it.

The Commission has reviewed its current fees and developed data on the time and cost involved in providing particular services to arrive at the updated direct labor costs for those services. The direct labor costs include clerical, professional, supervisory, and executive time expended on an activity, plus a check processing cost of \$1.70. The indirect costs include Government

overhead costs, which are fringe benefits and other wage-related Government contributions contained in OMB Circular A-76;¹ Commission general and administrative expenses;² and office general and administrative overhead expenses.³ The sum of these indirect cost components gives an indirect cost factor that is added to the direct labor costs of an activity to arrive at the fully distributed cost.

A detailed summary of the data used to arrive at the proposed fees is available from the Secretary of the Commission upon written or e-mail request.

The Commission intends to update its fees biennially in keeping with OMB guidance. In updating its fees, the Commission will incorporate changes in the salaries of its employees into direct labor costs associated with its services, and recalculate its indirect costs (overhead) based on current level of costs.

The Chairman of the Federal Maritime Commission hereby certifies that these proposed fees will not have a significant economic impact on a substantial number of small entities. The Commission recognizes that these proposed revisions may have some impact on the shipping industry. Fees collected from the general public for Commission information recover the cost to the Commission for providing specific services. Commission regulations provide for waiver of fees for those entities that can make the required showing of undue hardship (46 CFR 503.41).

This Rule also makes nomenclature changes in certain CFR units to reflect a change in a relevant Commission bureau name since these CFR units were last revised. Additionally, this Rule makes section reference changes in certain CFR units to reflect numbering changes made in a previous rulemaking.

This Rule does not contain any collection of information requirements as defined by the Paperwork Reduction Act of 1980, as amended. Therefore, OMB review is not required.

¹ These include leave and holidays, retirement, worker's compensation, awards, health and life insurance, and Medicare. These are expressed as a percentage of basic pay.

² These costs include all salaries and overhead, such as rent, utilities, supplies, and equipment, allocated to the Offices of the Commissioners, Executive Director (including administrative offices) and General Counsel. The percentage of these costs to the total agency budget is allocated across all Commission programs.

³ These expenses are limited to the overhead expenses allocated to those bureaus and offices involved in the fee-generating activities, and is derived from dividing allocated overhead expenses by the total funding for these fee-generated offices.
