**DELAWARE RIVER BASIN COMMISSION****Notice of Final Rule; Amendment to the Delaware River Basin Commission's Water Code and Comprehensive Plan To Establish Water Usage Reporting Requirements and Modify Water Metering Requirements**

**SUMMARY:** At its April 19, 2001 business meeting, the Delaware River Basin Commission ("Commission") amended its *Water Code* and *Comprehensive Plan* to establish water usage reporting requirements for source water withdrawals and water service and to modify its existing water metering requirements for consistency with the new reporting provisions. Today's notice fulfills a requirement of the Delaware River Basin Compact, Pennsylvania Act No. 268 of 1961, that rules adopted by the Commission be filed in accordance with the laws of the signatory parties.

**EFFECTIVE DATE:** These amendments are effective immediately.

**FOR FURTHER INFORMATION CONTACT:** Additional information, including background on the need for water usage reporting requirements and an account of the process by which the amendments were developed, is contained in the original Notice of Proposed Rulemaking, November 29, 2000 (65 FR 71094). The text of the new reporting requirements and the complete *Water Code* as amended are available on the Commission's web site at <http://www.DRBC.net>, or upon request from the Delaware River Basin Commission, P.O. Box 7360, West Trenton, NJ 08628-0360. For further information, contact Pamela M. Bush, Commission Secretary and Assistant General Counsel, Delaware River Basin Commission, (609)-883-9500 (x203).

**SUPPLEMENTARY INFORMATION:** On October 23, 2000 the Commission published on its web site a Notice of Proposed Rulemaking to establish water

usage reporting requirements to ensure that the Commission has the source and service information needed to evaluate how and where water is being used in the basin. Notice was published in the **Federal Register** on November 29, 2000 (65 FR 71094), the *Delaware Register of Regulations* on December 1, 2000, the *New Jersey Register* on December 4, 2000, the *New York State Register* on November 22, 2000 and the *Pennsylvania Register* on November 11, 2000. A public hearing was held on January 9, 2001. The proposed amendments were substantively revised on the basis of the written and oral testimony received, and a notice of revised proposed rulemaking was published in the **Federal Register** on March 1, 2001 (66 FR 12930), the *Delaware Register of Regulations* on March 1, 2001, the *New Jersey Register* on March 5, 2001, the *New York State Register* on February 28, 2001 and the *Pennsylvania Bulletin* on March 3, 2001. An additional comment period and public hearing were provided. The final rule was approved by the Commission at the conclusion of the hearing on April 19, 2001.

The final rule amends Section 2.50.1, "Service Metering" and Section 2.50.2, "Source Metering, Recording and Reporting" of the Commission's *Water Code* and adds a new Section 2.50.3, "Reporting Requirements." The title of Section 2.50 is revised to read, "Water Metering and Reporting Requirements." Section 2.50.1 is amended to authorize, rather than require, the Executive Director to enter into administrative agreements with the implementing agencies of the signatory states, whereby the appropriate state agencies will administer and enforce the provisions of the regulation. Section 2.50.1 is further amended to provide that in the absence of such an administrative agreement, the Commission shall serve as the agency for administration and enforcement. Section 2.50.2 is amended to provide that the Commission shall administer and enforce the regulation in the New York portion of the basin. New Section 2.50.3 enumerates the types of source and service data to be reported for water supply systems serving the public and for other withdrawals subject to the requirements of Section 2.50.1, Section 2.50.2 and the Commission's Ground Water Protected Area Regulations. In order to avoid redundant reporting, Section 2.50.3 enumerates different reporting requirements for the year 2000 than for subsequent years. For the year 2000, a greater one-time effort is required to initiate reporting. For

subsequent years, a much smaller effort is required to continue reporting.

Dated: March 11, 2002.

*Commission Secretary.*

*Type of Review:* New collection.

*Title:* Application Package for LEAs under the REAP Rural and Low-Income School Program (KA)

*Abstract:* This information collection package collection will serve as the application package for LEAs under the REAP Rural and Low-Income School Program. This application package will be used by LEAs applying for benefits under this program in States where the SEA chooses not to participate in the program.

*Additional Information:* The Department is requesting an emergency clearance for the LEA Application for the Rural and Low-Income School Program by March 22, 2002 due to the unanticipated event and potentially causing public harm if awards were not made in time. This is a state-administered formula grant program under the statute. The Secretary is to award formula grants to SEAs, which in turn must award subgrants to eligible LEAs either competitively or on a formula basis. However, the statute makes provisions in the event an SEA chooses not to participate in the program. In such cases, the Secretary may use the SEA's allotment to award grants directly to eligible LEAs in that State either competitively or by formula.
