

**DEPARTMENT OF COMMERCE****Submission for OMB Review;  
Comment Request**

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.

*Title:* Special Census Program.

*Form Number(s):* SC-1, SC-1SUPP, SC-2, SC-920, SC-116, SC-351, SC-921(HU), SC-921(SP).

*Agency Approval Number:* 0607-0368.

*Type of Request:* Reinstatement, with change, of an expired collection.

*Burden:* 114,421 hours.

*Number of Respondents:* 851,525.

*Avg Hours Per Response:* 8 minutes.

*Needs and Uses:* Governmental units requiring current population statistics between decennial censuses request that the Census Bureau conduct special censuses. Many states distribute funds based on current population statistics. In addition, special census data are used by the local jurisdictions to plan new schools, transportation systems, housing programs, and water treatment facilities.

The Special Census Program will operate as a generic OMB clearance, including a library of forms and the operational procedures that will be used for the many special censuses we anticipate conducting this decade. The Census Bureau will establish a reimbursable agreement with a variety of potential special census customers that are unknown at this time. Prior to conducting any special census, the Census Bureau will submit documentation to OMB providing the details of the Special Census under consideration. We will also submit for OMB review and approval, under cover of change worksheet, any special-purpose questions requested by customers to be added to special census questionnaires.

Local jurisdictions use special census data to apply for available funds from both the state and Federal government. Many states distribute these funds based on current population statistics. This fact, along with local population shifts or annexations of territory, prompts local officials to request special censuses. In addition, special census data are used by the local jurisdictions to plan new schools, transportation systems, housing programs, water treatment facilities, etc. Some areas feel that additional data are required for proper planning and others must have the additional data to qualify for some

sources of funding. For these reasons, local officials request special purpose questions. The Census Bureau also uses special census data as part of its local population estimates calculation and to update the Bureau's Master Address File (MAF) and Topographically Integrated Geographic Encoding and Referencing (TIGER) System.

*Affected Public:* Individuals or households.

*Frequency:* On occasion.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13 U.S.C., Section 196.

*OMB Desk Officer:* Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, room 6608, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at [mclayton@doc.gov](mailto:mclayton@doc.gov)).

**SUPPLEMENTARY INFORMATION:****I. Abstract**

The Census Bureau plans to request clearance from the Office of Management and Budget (OMB) for the collection of basic demographic information on the Current Population Survey (CPS) beginning in July 2002. The current clearance expires June 30, 2002.

The CPS has been the source of official government statistics on employment and unemployment for over 50 years. The Bureau of Labor Statistics (BLS) and the Census Bureau jointly sponsor the basic monthly survey. The Census Bureau also prepares and conducts all the field work. At the OMB's request, the Census Bureau and the BLS divide the clearance request in order to reflect the joint sponsorship and funding of the CPS program. The justification that follows is in support of the demographic data.

The demographic information collected in the CPS provides a unique set of data on selected characteristics for the civilian noninstitutional population. Some of the demographic information we collect are age, marital status, gender, Armed Forces status, education, race, origin, and family income. We use these data in conjunction with other data, particularly the monthly labor force data, as well as periodic supplement data. We use these data also independently for internal analytic research and for evaluation of other surveys. In addition, we use these data as a control to produce accurate estimates of other personal characteristics.

**II. Method of Collection**

The CPS basic demographic information is collected from individual households by both personal visit and telephone interviews each month. All interviews are conducted using computer-assisted interviewing.

**III. Data**

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

Title 13, United States Code, Section  
 182, and Title 29, United States Code,  
 Sections 1–9, authorize the collection of  
 the CPS information. The Census  
 Bureau and the Bureau of Labor  
 Statistics sponsor the basic annual  
 school enrollment questions, which  
 have been collected annually in the CPS  
 for 30 years.

This survey provides information on  
 public/private elementary school,  
 secondary school, and college  
 enrollment, and on characteristics of  
 private school students and their  
 families, which is used for tracking  
 historical trends, policy planning, and  
 support. This years supplement  
 contains additional questions about  
 library use which are based on  
 questions from the National Household  
 Education Survey administered by the  
 National Center for Education Statistics  
 in 1996. Data about library staff,  
 facilities, and resources exist as reported  
 by libraries from other surveys;  
 however, the questions of how and why  
 households use these libraries are not  
 addressed by these institutional data.  
 The October 2002 Current Population  
 Survey provides the opportunities to ask  
 detailed questions about household  
 library use. The questions are asked of  
 each household and focus on how  
 households use public libraries and  
 whether public library activities are  
 accessible to people with disabilities.  
 This survey is the only source of  
 national data on the age distribution and  
 family characteristics of college students  
 and the only source of demographic  
 data on preprimary school enrollment.  
 As part of the federal government's  
 efforts to collect data and provide timely  
 information to local governments for  
 policymaking decisions, the survey  
 provides national trends in enrollment  
 and progress in school.

## II. Method of Collection

The school enrollment information  
 will be collected by both personal visit  
 and telephone interviews in conjunction  
 with the regular October CPS  
 interviewing. All interviews are  
 conducted using computer-assisted  
 interviewing.

## III. Data

*OMB Number:* 067–0464.

*Form Number:* There are no forms.  
 We conduct all interviews on  
 computers.

*Type of Review:* Regular.

*Affected Public:* Household.

*Estimated Number of Respondents:*  
 57,000.

 minutes.

*Estimated Total Annual Burden  
 Hours:* 4,275.

*Estimated Total Annual Cost:* The  
 only cost to respondents is that of their  
 time.

*Respondents Obligation:* Voluntary.

*Legal Authority:* Title 13, U.S.C.,
