[MO 152-1152; FRL-7163-1]

Approval and Promulgation of Implementation Plans; State of Missouri

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the state of Missouri which provides for the attainment and maintenance of the sulfur dioxide (SO₂) National Ambient Air Quality Standard (NAAQS) in Springfield (Greene County), Missouri. This revision approves a Consent Agreement which requires SO₂ emission reductions from a major air emissions source in Springfield. Approval of this SIP revision will make the Consent Agreement Federally enforceable. In the final rules section of the **Federal Register**, EPA is approving the state's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct

final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Comments on this proposed action must be received in writing by April 24, 2002.

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic; Reef Fish Fishery of the Gulf of Mexico; Charter Vessel and Headboat Permit Moratorium

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS issues this proposed rule to implement Amendment 14 to the Fishery Management Plan for the Coastal Migratory Pelagic Resources of the Gulf of Mexico and South Atlantic (Amendment 14) and Amendment 20 to the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico (Amendment 20). This proposed rule would establish a 3-year moratorium on the issuance of charter vessel or headboat (for-hire) permits for the reef fish fishery and coastal

migratory pelagics fishery in the exclusive economic zone (EEZ) of the Gulf of Mexico. In addition, as a consequence of the proposed moratorium, the current charter vessel/headboat permit system for coastal migratory pelagic fish would be restructured to provide separate permits for the Gulf of Mexico and South Atlantic. The intended effect of this rule is to cap the number of for-hire vessels operating in these respective fisheries at the current level while the Gulf of Mexico Fishery Management Council (Council) evaluates the need for further management actions that may be needed to rebuild these fishery resources, and to promote attainment of optimum yield.

DATES: Comments must be received no later than 5 p.m., eastern daylight savings time, on May 9, 2002.

ADDRESSES: Written comments on the proposed rule must be sent to Phil Steele, Southeast Regional Office, NMFS, 9721 Executive Center Drive N., St. Petersburg, FL 33702. Comments also may be sent via fax to 727-570-5583. Comments will not be accepted if submitted via e-mail or Internet. Copies of the initial regulatory flexibility analysis (IRFA) prepared by NMFS for this proposed rule are available from the same address.

Comments on the collection-of-information requirements contained in this rule should be sent to Robert Sadler, Southeast Regional Office, NMFS, 9721 Executive Center Drive N., St. Petersburg, FL 33702, and to the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20503 (Attention: NOAA Desk Officer).

Copies of Amendments 14 and 20, which include an environmental assessment, and a regulatory impact review (RIR), and copies of two related minority reports opposing implementation of the proposed moratorium may be obtained from the Gulf of Mexico Fishery Management Council, Suite 1000, 3018 U.S. Highway 301 North, Tampa, FL 33619; telephone: 813-228-2815; fax: 813-225-7015; e-mail: Gulf.Council@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Phil Steele, telephone: 727-570-5305, fax: 727-570-5583, e-mail: Phil.Steele@noaa.gov.

SUPPLEMENTARY INFORMATION: The fishery for reef fish is managed under the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico (Reef Fish FMP) that was prepared by the Council.
