¹ Minutes.

Estimated Cost: All projects approved under the State disaster assistance grants will be subject to the cost sharing provisions established in the FEMA State Agreement and the Stafford Act. The cost to respondents for this information collection is estimated to be \$2,617,790.

Comments: Written comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Comments should be received within 60 days of the date of this notice.

ADDRESSES: Interested persons should submit written comments to Muriel B. Anderson, Chief, Records Management Section, Program Services and Systems Branch, Facilities Management and Services Division, Administration and Resource Planning Directorate, Federal Emergency Management Agency, 500 C Street, SW., Room 316, Washington, DC 20472.

FOR FURTHER INFORMATION CONTACT: James Walke, Branch Chief, Public Assistance Branch, Recovery Division, (202) 646-2751 for additional information. You may contact Ms. Anderson for copies of the proposed collection of information at telephone number (202) 646-2625 or facsimile number (202) 646-3347 or e:mail muriel.anderson@fema.gov.

Dated: March 18, 2002.

Reginald Trujillo,
Branch Chief, Program Services and Systems Branch, Facilities Management and Services Division, Administration and Resource Planning Directorate.

FEDERAL EMERGENCY MANAGEMENT AGENCY

Agency Information Collection Activities: Proposed Collection; Comment Request

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed [new, revised, or continuing—select one] information collections. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments concerning the end-of-course evaluation form used for National Fire

Academy field (off-campus) and State Weekend Program courses.

SUPPLEMENTARY INFORMATION: The National Fire Academy (NFA) is mandated under the Fire Prevention and Control Act of 1974, Public Law 93-498, to provide training and education to the Nation's fire and emergency response personnel. The programs offered by the Academy serve as models of excellence. To maintain the quality of these programs, it is necessary to evaluate them on an on-going basis. This National Fire Academy Course Evaluation Form is a key component for the measurement of quality assurance for NFA field (off-campus) and State Weekend Program courses. This form is used for courses delivered both on-campus and throughout the Nation.

Collection of Information

Title: National Fire Academy Course Evaluation Form.

Type of Information Collection: Extension of existing approved collection.

OMB Number: 3067-0233.

Form Numbers: FEMA Form 95-45.

Abstract: This National Fire Academy Course Evaluation Form is used in all field two-day (off-campus) and State Weekend Program courses. The form is primarily used to assess the effectiveness of the course materials and instructor delivery. The demographic information is used in developing needs assessments for future course development/revision efforts.

Affected Public: Individuals.

Estimated Total Annual Burden Hours: 6250.

FEMA forms	Number of respondents (A)	Frequency of response (B)	Hours per response (C)	Annual burden hours (A × B × C)
95-45	25,000	1	.25	6,250
Total	25,000	1	.25	6,250

Estimated Cost: \$104,000 per year.

Comments: Written comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Comments should be received within 60 days of the date of this notice.

ADDRESSES: Interested persons should submit written comments to Muriel B. Anderson, Chief, Records Management Section, Program Services and Systems Branch, Facilities and Services Management Division, Administration and Resource Planning Directorate, Federal Emergency Management Agency, 500 C Street, SW., Room 316, Washington, DC 20472.

FOR FURTHER INFORMATION CONTACT: Ms. Terry Gladhill, Program Analyst, National Fire Academy, (301) 447-1239 for additional information. You may contact Ms. Anderson for copies of the proposed collection of information at telephone number (202) 646-2625 or facsimile number (202) 646-3347 or e-mail muriel.Anderson@fema.gov.

Virginia A. Akers,

Acting Branch Chief, Program Services and Systems Branch, Facilities and Services Management Division, Administration and Resource Planning Directorate.

BILLING CODE 6718-01-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

Agency Information Collection Activities: Proposed Collection; Comment Request

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed continuing information collections. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments concerning the renewal of the Standard Flood Hazard Determination form.

SUPPLEMENTARY INFORMATION: FEMA is seeking to extend the use of the Standard Flood Hazard Determination form, which is required by Title V of the National Flood Insurance Reform Act of 1994. No changes in the information collected will be made. Changes to the form's instructions, to include the purpose of the form, have been made.

Collection of Information

Title: Standard Flood Hazard Determination form.

Type of Information Collection: Extension.

OMB Number: 3067-0264.

Form Numbers: FEMA 81-93 Standard Flood Hazard Determination form.

Abstract: On September 23, 1994, the President signed the Riegle Community Development and Regulatory Improvement Act of 1994. Title V of this Act is the National Flood Insurance Reform Act (NFIRA). Section 528 of the NFIRA requires that FEMA develop a standard hazard determination form for recording the determination of whether a structure is located within an identified Special Flood Hazard Area and whether flood insurance is available. Section 528 of the NFIRA also requires the use of this form by regulated lending institutions, federal agency lenders, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, and the

Government National Mortgage Association for any loan made, increased, extended, renewed or purchased by these entities. The form developed to comply with the above requirements is the Standard Flood Hazard Determination form (FEMA form 81-93, dated October 1998). This form will be completed by federally regulated lending institutions when making, increasing, extending, renewing or purchasing each loan for the purpose of documenting the factors considered as to whether flood insurance is required and available. An estimated 20,000,000 such uses are made each year. This number is entirely driven by the volume of mortgage transactions, of which fluctuations in interest rates is a principal factor.

Affected Public: Business or other for-profit, Federal Government.

Estimated Total Annual Burden Hours: Completing the Standard Flood Hazard Determination form is estimated to average approximately 20 minutes per form. An estimated 20,000,000 forms per year, multiplied by 0.33 hours per form, results in an estimated burden of approximately 6,600,000 hours.

Estimated Cost: An estimated 0.33 hour per form multiplied, by 20 million forms per year, multiplied by \$29 per hour results in an estimated annualized cost of \$191,400,000.

Comments: Written comments are solicited to: (a) Evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Comments should be received within 60 days of the date of this notice.
